Subject: Boundary Adjustments for Hawk Feeder System Elementary Schools
Date: Wednesday, March 26, 2025 5:02:54 PM

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Families,

Following a second discussion with the School Board at its regularly scheduled meeting on March 24, the district has developed proposed attendance zone maps for the elementary schools within the Hawks feeder system. If approved by the Board on April 14, these new boundaries would go into effect for the 2025–26 school year.

Attached to this email, you will find a packet that includes both the current and proposed attendance zones for each of the four schools in the Hawks feeder system: Aurora, Deer Creek, Horace, and Legacy. Each map also includes projected enrollment data for the next five years.

Over the past several weeks, district administration has carefully evaluated options to ensure long-term viability. The primary goals of the proposed adjustments are to:

- Create continuous and logical attendance areas
- Avoid having families drive past one school to reach another
- Maintain neighborhood unity
- Balance learner enrollment across schools for as long as possible
- Maximize the use of available space in each building.

Is Your Address Affected?

If your address falls within an area impacted by these changes, we invite you to attend one of our upcoming informational meetings:

- Tuesday, April 1, 6:00 – 7:00 PM
- Tuesday, April 8, 6:00 – 7:00 PM

Both meetings will take place at Heritage Middle School. These sessions are a chance to ask questions and learn more about what the transition may look like for your family.

What this Means for You:

- If your address falls within the new boundaries, you will enroll your child(ren) at the newly assigned neighborhood school beginning in July.
- Families may apply for an in-district transfer if they wish for their child(ren) to remain at their current school. However, due to limited space in our southernmost schools, these requests will be closely reviewed and may be denied to maintain balanced enrollment. Note that families with approved transfers are responsible for their own transportation.

We understand that boundary changes can be challenging, but our priority is to make this transition as smooth as possible for our learners and families. Thank you for your continued support and partnership as we plan for the future of our growing community.

Sincerely,

Rachael Agre
Assistant Superintendent of Elementary Education
West Fargo Public Schools
