

# Grapeview School **Trail & Garden Work Party**

Come help us clean our beautiful nature trail, build benches, and prep our garden beds! Our students have been working to develop a sustainable and interpretive outdoor learning environment, and we would love help from our families and community partners.

Saturday April 26th from 10:00-12:00

Bring: boots, gardening gloves, rain gear, any trimmers or trowels you would like to use to help pull weeds, water, and a snack. We will meet in front of the middle school.
