Our School

Slate Ridge Elementary is a close-knit PBIS school that intertwines fun and adventure into our learning. We hold regular school wide Rise Assemblies to come together as a school community to celebrate student success and achievement! We provide students with the tools to build healthy relationships through a restorative practices approach with a focus on positive conflict resolution. At Slate Ridge, each student has the individual opportunity to be successful socially, emotionally, and academically.

Mission

At Slate Ridge we build strong relationships with each student so that we can personalize their learning experience academically, socially and emotionally in order to nurture the needs of the whole child.
