

District Mission

Empowering leaders who impact the NOW and innovate the FUTURE.

SCHOOL PROFILE

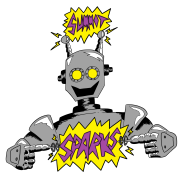

School Vision

We are diverse learners engaged in environmental S.T.E.M. striving to create a more equitable future for our global community.

Our School

Summit Road STEM Elementary is designated as a STEM school by the Ohio Department of Education and serves students in kindergarten through fifth grade. Summit is one of two state designated STEM/STEAM elementary schools within the Reynoldsburg City Schools district. The school is designed to provide students with a design-focused curriculum that is centered on solving real-world problems using twenty-first century STEM skills. Summit Road STEM Elementary embeds curriculum standards within Project-Based Learning units of design with a focus on environmental science.
