## INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Directors  
Lycée Francais De La Nouvelle-Orléans  
New Orleans, Louisiana

### Report on the Audit of the Financial Statements

#### *Opinion*

We have audited the accompanying consolidated financial statements of Lycée Francais De La Nouvelle-Orléans (a nonprofit organization), which comprise the consolidated statement of financial position as of June 30, 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the year ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Lycée Francais De La Nouvelle-Orléans as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of Lycée Francais De La Nouvelle-Orléans and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lycée Francais De La

Nouvelle-Orléans's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### ***Auditor's Responsibilities for the Audit of the Consolidated Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lycée Francais De La Nouvelle-Orléans's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lycée Francais De La Nouvelle-Orléans's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying consolidating statement of financial position on page 21, consolidating statement of activities on pages 22 to 23 and the schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* on pages 30 to 31, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating statement of financial position, consolidating statement of activities and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2025, on our consideration of Lycée Francais De La Nouvelle-Orléans's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Lycée Francais De La Nouvelle-Orléans's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lycée Francais De La Nouvelle-Orléans's internal control over financial reporting and compliance.

Notes to Financial Statements

1. Nature of Activities and Significant Accounting Policies

A. Nature of Organizations and Operations

Lycée Français De La Nouvelle-Orléans. (LFNO) was established as an educational institution organized to provide a premier academic and multicultural environment geared to inspire students to their fullest potential. LFNO began operations during the 2011-2012 school year and currently offers classes in pre-K4 through twelfth grade using a French national curriculum. LFNO was granted a Type 2 charter by the Louisiana Board of Elementary and Secondary (BESE) effective June 30, 2011 and received a six-year renewal from BESE effective June 30, 2023.

During the year ending June 30, 2018 Amis du Lycée Français (Amis) was organized as a supporting foundation to assist the school with fundraising.

During the year ending June 30, 2020, 1601 Leonidas, LLC (Leonidas) was organized, with LFNO as the single member of the LLC, to manage the rehabilitation and redevelopment of a historic site located at 1601 Leonidas Street in New Orleans, Louisiana. On July 1, 2020 LFNO transferred its membership interest in Leonidas to 1601 Leonidas Managing Member, Inc. (1601 Managing Member).

The consolidated financial statements include the accounts of LFNO, Amis and 1601 Leonidas (collectively, LFNO) due to LFNO's controlling financial interest in both Amis and 1601 Leonidas. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

B. Financial Statement Presentation

LFNO reports information regarding its consolidated financial position and activities according to two classes of net assets: Net Assets without Donor Restrictions and Net Assets with Donor Restrictions.

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

C. Revenue and Revenue Recognition

LFNO receives support primarily from the Louisiana State Department of Education Minimum Foundation program. Approximately 76% of the school's funding is received from this program. Other public support is received from the U.S. Department of Education.

Contributions of donated non-cash assets are recorded at their fair values in the period received. Donated materials are valued at current market value at the time of donation. All contributions are considered to be available for operations unless specifically restricted by the donor. Amounts received that are restricted by the

LYCÉE FRANÇAIS DE LA  
NOUVELLE-ORLÉANS  
New Orleans, Louisiana

Notes to Financial Statements

donor for specific purposes are reported as net assets with donor restrictions. Net assets with donor restrictions are reclassified to net assets without donor restrictions upon satisfaction of the donor-imposed time or purpose restriction. Contributions with donor restrictions, for which the restriction is met in the same year, are classified as net assets without donor restrictions.

Tuition and activity income include student tuition to attend the pre-K4 program, and summer camp as well as fees related to the after-school care program. Tuition and activity fees received for participation in the following academic year are recorded as deferred revenue and recognized as revenue in the subsequent academic year.

D. Contributed Services

LFNO receives services donated by parents and community members in carrying out its mission. However, these contributed services do not meet the recognition criteria as outlined by U.S. GAAP and are not included in the consolidated financial statements.

E. Net Assets

The net assets of LFNO and changes therein are classified and reported as follows:

Net Assets with Donor Restrictions – Net Assets subject to stipulations imposed by donors and grantors. Some donor restrictions may be temporary in nature. These restrictions will be satisfied by the actions of the school or by the passage of time.

Net Assets without Donor Restrictions – Net Assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the school. These net assets may be used at the discretion of the school's management and board of directors.

F. Cash and Cash Equivalents

For the purpose of the statement of cash flows, LFNO considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

G. Receivables

Grants and other receivables are stated at the amount management expects to collect in the future. Management provides for uncollectible amounts through a provision for bad debt expenses and an adjustment to a valuation allowance based on its assessment of the current collectability of individual account balances. Account balances that are still outstanding after management has made reasonable

LYCÉE FRANÇAIS DE LA  
NOUVELLE-ORLÉANS  
New Orleans, Louisiana

Notes to Financial Statements

collection efforts are written off through a charge to the valuation allowance and a credit to the receivable balance.

H. Promises to Give

LFNO records unconditional promises to give that are expected to be collected within one year at net realizable value. Unconditional promises to give expected to be collected in future years are initially recorded at fair value using the present value techniques and risk-adjusted discount rates. In subsequent years, amortization of the discount is included in contribution revenue in the statement of activities.

I. Fixed Assets

Fixed assets are recorded at historical cost. Donated fixed assets are recorded at their estimated fair value at the date of donation. It is the school's policy to capitalize fixed assets valued at \$5,000 or more. Fixed assets are being depreciated over their estimated useful lives using the straight-line method. The range of estimated useful lives is as follows:

Buildings and improvements	30 years
Furniture, fixtures and equipment	7-10 years
Leasehold improvements	5-7 years

The carrying value of fixed assets is reviewed by management whenever events or circumstances indicate that the carrying value may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When a fixed asset is considered to be impaired by management, an impairment loss is recognized to the extent that the carrying value of the fixed asset exceeds its fair value. Management has noted no indications that the Organization's fixed assets are impaired during the year ended June 30, 2024.

J. Compensated Absences

All 12-month faculty and staff earn fifteen days or one hundred twenty hours of paid time off while all 10-month faculty earn ten days or eighty hours of paid time off each year. Paid time off can be used throughout the year, with the permission of a supervisor, for time off due to illness, emergencies, and other personnel reasons. Any unapproved days off are considered unpaid leave which may result in disciplinary actions up to and including termination. At the time of separation, employees are paid for all earned unused paid time off and any unearned paid time off used is deducted from the employee's final paycheck.

LYCÉE FRANÇAIS DE LA  
NOUVELLE-ORLÉANS  
New Orleans, Louisiana

Notes to Financial Statements

K. Leases

Management applies judgement when determining whether a contract contains a lease and whether a lease is classified as operating or financing. The LFNO defines the lease term as the non-cancellable term which may include options to extend and/or terminate when it is reasonably certain management will exercise these options. The lease term is used in determining classification between operating and financing leases, calculating the lease liability, and determining the incremental borrowing rate. Management also applies judgement in allocating consideration in a contract between the lease and non-lease components and determining LFNO's incremental borrowing rate used to discount lease payments. Judgement is also used to determine the incremental borrowing rate of each lease by estimating the credit rating of LFNO at the time the lease is recognized, referencing market yields corresponding to the credit rating and weighted average life of the lease, and factoring in other lease-specific factors such as assumed collateral.

L. Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Directly identifiable expenses are charged to program services and support services.

M. Income Taxes

LFNO and Amis are organized as nonprofit organizations that are exempt from income taxes under the provisions of the Internal Revenue Service Code Section 501(c)(3) as well as Louisiana Revised Statutes. No provisions have been made in the financial statements for federal or state income taxes. 1601 Leonidas, LLC is organized as a low profit limited liability company subject to Internal Revenue Service Code Section 170(c)(2)(b) and Louisiana Act 417 of 2010.

LFNO applies the "more-likely-than-not" recognition threshold for all tax uncertainties. This approach allows for the recognition of tax benefits that have a greater than fifty percent likelihood of being sustained upon examination by the tax authorities. Management has reviewed LFNO's tax positions and determined there were no outstanding or retroactive tax positions with less than a fifty percent likelihood of being sustained upon examination by the taxing authorities.

N. Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Deposit balances (bank balances) at June 30, 2024 totaled \$2,638,815. The accounts are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 at each financial institution. Total uninsured cash balances at June 30, 2024 were \$2,138,815 and therefore, LFNO was exposed to custodial credit risk; however these deposits were collateralized with securities held by the pledging bank but not in LFNO's name.

6. State Tax Credits for the Qualified Rehabilitation Costs of a Historical Structure

During the year ended June 30, 2021, LFNO executed a Louisiana historic rehabilitation tax credit purchase agreement with Enhanced Capital Consulting, Inc. (Enhanced Capital) to provide funding for the rehabilitation of a historical structure located at 1601 Leonidas Street, New Orleans, Louisiana (Project). Under LA R.S. 47:6019 *Tax Credit; Rehabilitation of Historic Structures*, LFNO is entitled to receive tax credits against Louisiana income and corporation franchise taxes of twenty percent of the total eligible rehabilitation costs of the Project. Under the rehabilitation tax credit purchase agreement, Enhanced Capital has agreed to purchase one hundred percent of the tax credits generated by the Project as determined by the Louisiana Department of Revenue (LDR). The Project was completed in December 2021 and the final costs certifications were submitted to the LDR for confirmation in October 2022. In December 2023, tax credit sales proceeds of \$1,677,921 were received from Enhanced Capital and applied to LFNO's outstanding line of credit balance.

7. Line of Credit

During the year ended June 30, 2021, LFNO entered into a non-revolving line of credit agreement with a local financial institution to finance the construction, rehabilitation, and development of a new school campus located at 1601 Leonidas Street in New Orleans, Louisiana. The loan is secured by substantially all assets of LFNO with accrued monthly interest only payments due beginning September 1, 2020 through the principal maturity date of June 30, 2024. The principal balance due on the line of credit was \$1,356,175 at June 30, 2024.

The loan is secured by all property, rights, interests, and privileges subject to the liens granted to the lender, or any security of the trustee, 1601 Leonidas, LLC. The loan matures on the first day of the month following the date that is sixty-one months after the new school campus was placed into service on December 2021. At June 30, 2024, the balance of the loan was \$8,689,446.

9. Lease Commitments

Lease agreements are summarized below:

In July 2018 and 2020, respectively, LFNO entered into two lease agreements with the Orleans Parish School Board (OPSB) for the use of school property and facilities located at 1800 Monroe Street and 1607 S. Carrollton Avenue in New Orleans, Louisiana. Both lease agreements were renewed through June 30, 2024. Under both lease agreements, LFNO agrees to pay OPSB a Use Fee and participate in OPSB's Per Pupil Unit Cost Program (Unit Cost Program). The Use Fee is determined by the per pupil share of the actual costs of the property, boiler, and machinery, terrorism, disaster management and flood insurance for all OPSB controlled school facilities participating in the Unit Cost Program, including any insurance brokerage fee, unrelated to recovery of capital costs or depreciation that would be recovered in a traditional leasing relationship. The properties and facilities are not owned by LFNO and are not included in LFNO's property and equipment at June 30, 2024.

In July 2017 LFNO entered into a lease agreement with a third-party for the use of school property and facilities located at 5951 Patton Street in New Orleans, Louisiana. The lease term is for a ten-year period beginning July 2017 through June 2027. The lease also provides for five percent annual increases to the annual lease payment beginning in July 2018. LFNO has the right to renew the lease term for one additional five-year term under the same terms and conditions in effect at the time the option to renew is exercised. The monthly lease payment during the renewal term will continue to increase annually by five percent over the prior year's lease payment for each year during the renewal term.

Notes to Financial Statements

Adoption of ASU No. 2016-02, *Leases* (Topic 842)

Management elected to adopt ASC No. 2016-02 *Leases* (Topic 842) effective July 1, 2022. The new lease standard established a right-of-use (ROU) model which requires the lessee to record a ROU asset and a corresponding lease liability on the balance sheet for all leases with a term longer than twelve months. Leases are classified as either finance or operating, with the classification affecting the pattern of expense recognition over the life of the lease. Leases with a term of less than twelve months are excluded from the requirements of Topic 842.

When adopting Topic 842, management elected to use the optional transition method to initially apply the new lease standard at the adoption date and recognize a cumulative effect adjustment to the opening balance of retained earnings in the period of adoption. Management also elected to adopt the package of practical expedients available under the transition guidance as follows.

- Relief from determination of lease contracts included in existing or expiring leases at the time of adoption.
- Relief from having to reevaluate the classification of leases in effect at the time of adoption.
- Relief from reevaluation of existing leases that have initial direct costs associated with the execution of the lease contract.
- Use of hindsight to determine the lease term and assess the impairment of the right-of-use assets.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Members of the Board of Directors  
Lycée Francais De La Nouvelle-Orléans  
New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Lycée Francais De La Nouvelle-Orléans (a nonprofit organization), which comprise the consolidated statement of financial position as of June 30, 2024, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 26, 2025.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lycée Francais De La Nouvelle-Orléans's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lycée Francais De La Nouvelle-Orléans's internal control. Accordingly, we do not express an opinion on the effectiveness of Lycée Francais De La Nouvelle-Orléans's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies.

Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lycée Francais De La Nouvelle-Orléans's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not the objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying schedule of findings and questioned costs as item 2024-001.

### **Lycée Francais De La Nouvelle-Orléans' Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on Lycée Francais De La Nouvelle-Orléans's response to the findings and questioned costs. Lycée Francais De La Nouvelle-Orléans's response was not subjected to the other auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

We have audited Lycée Francais De La Nouvelle-Orléans's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Lycée Francais De La Nouvelle-Orléans's major federal program for the year ended June 30, 2024. Lycée Francais De La Nouvelle-Orléans's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Lycée Francais De La Nouvelle-Orléans complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Lycée Francais De La Nouvelle-Orléans and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Lycée Francais De La Nouvelle-Orléans's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Lycée Francais De La Nouvelle-Orléans's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Lycée Francais De La Nouvelle-Orléans's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Lycée Francais De La Nouvelle-Orléans's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Lycée Francais De La Nouvelle-Orléans's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Lycée Francais De La Nouvelle-Orléans's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Lycée Francais De La Nouvelle-Orléans's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be

prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Louisiana Department of Education  
Louisiana Legislative Auditor

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of Lycée Francais De La Nouvelle-Orléans., (LFNO) for the fiscal year ended June 30, 2024, and to determine whether the specified schedules are free of obvious errors and omissions, in compliance with the Louisiana Revised Statute 24:514. LFNO has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education, and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purpose. The procedures performed may not address all of the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### **General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)**

  - Total General Fund Instructional Expenditures,
  - Total General Fund Equipment Expenditures,
  - Total Local Taxation Revenue,
  - Total Local Earnings on Investment in Real Property,
  - Total State Revenue In lieu of Taxes,
  - Nonpublic Textbook Revenue, and
  - Nonpublic Transportation Revenue.

There were no exceptions noted.

### **Class Size Characteristics (Schedule 2)**

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1 roll books for those classes and observed if the class was properly classified on the schedule.

There were no exceptions noted.

### **Levels of Public-School Staff (NO SCHEDULE)**

3. We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and expertise, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

For two of the twenty-five individuals selected for testing, we were unable to observe that each individual's experience was properly classified on the PEP data or equivalent listing prepared by management

### **Public Staff Data: Average Salaries (NO SCHEDULE)**

4. We obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

For two of the twenty-five teachers selected for testing, we were unable to observe that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

We were engaged by LFNO to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the LFNO and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of LFNO, as required by Louisiana Revised Statute 24:514., and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.
