- Metcalfe County Middle School will participate in an upcoming case study with the Aurora Institute. The Aurora Institute will learn about the Deeper Learning work and vibrant learning experiences at MCMS. On March 25, every student will present a PBL for this case study. Students and staff will also be interviewed. In addition, MCMS will host its second annual Exhibition Night Showcase of Learning on Wednesday, March 26, from 4:00 to 6:00 p.m.
- MCMS honored Mrs. Autumn Shirley during Gifted Education Month in February. Recently, MCMS gifted and talented students built bridges out of popsicle sticks to see which one could hold the most weight. The winning bridge, which held 31 pounds, was created by 8th graders Madelyn Glass and Hailey Silva.
- MCHS hosted its annual Literacy Night last Wednesday and had a great turnout of attendees who came out to support and encourage reading. The following students won a literacy basket: 6th grader Kyndal Stevens, 7th grader Gracie Trent, and 8th grader Destiny Rhinehart.
- Miss Kentucky, Chapel Tinius, visited MCMS last Friday. Students enjoyed hearing her message and watching her play the violin.
- This week at MCMS, Mrs. Buddie Brockman's 8th-grade algebra class is setting up pop-up ice cream shops to sell to students, staff, and guests. Students will use that data to create linear equations to learn about expense and profit margins.

Rachel Dial – Instruction/DAC

- Mrs. Jenny was connected with the Aurora Institute through her deeper learning work with Marzano. She and a team of teachers attended competency-based learning PD at GRREC and have really excelled during the process. Their work has been used as examples for others.
- The district ACT testing for 9th and 10th graders is available during the school day at a reduced cost so that the students don't have to drive to a regional testing site on the weekend. This removes the transportation barrier for many students.
- Working on securing professional development for next year at each of the schools.
