Demographics

Demographics Summary

Bowie Fine Arts Academy is a PK-5th Grade Campus with a One-Way Dual Language Program at all grade levels. It houses the district's K-5th CARE LS and FS units. In addition, it provides a fine arts program in all grade levels. Ethnic distribution is 85% Hispanic, 7% African American, 5% White, 1% Am. Indian, and 2 % other. Additional student demographic data shows 93% Economically Disadvantaged, 53% English Language Learners, 81% At-Risk and 13.2% Mobility. BFAA is committed to supporting the district focus for improved coordination of programs and services for students at risk of dropping out of school. Bowie is a Title I School Wide Program campus and receives State Compensatory Education (SCE) funds. With our school having a population of 86% Economically disadvantaged and more than 53% ELL students, a majority of our students are at-risk. There is still room for improvement, especially in the area of Reading, Math, and Science. Improvements have been made in the correlation of all campus funds to the goals and objectives of the CIP, including documentation of purchase orders. Improvements are targeted to correlate and maximize special revenue funds to expected CIP goals. Improved processes and documentation for coordinating Title I federal funds and State Compensatory Education (SCE) funds are noted in the CIP formative review. Particularly Title I Schoolwide Program campuses will include improvements in this area of comprehensive planning. Improvements will include: Program planning and budgeting for services to at-risk students Documented connections of expenditures to planned services Planning and Budgeting: Budgeting processes for Title I and SCE are similar and are being conducted in tandem.

Mission

Bowie Fine Arts Academy is wholeheartedly committed in cultivating a community of vibrant, talented lifelong learners and problem solvers who will prosper academically, expressively, and artistically.

Vision

At Bowie, everybody grows!

Demographics Strengths

Our campus strengths are that we have an excellent fine arts program. We have a good retention rate of teachers, many teachers have not left since I have been assigned as the principal and we also have a strong I-coach that is modeling lessons but also expecting the teachers to model lessons in PLC. Our PLC processes are solid, too.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our campus needs to ensure we provide equitable access to a rigorous education to our neediest groups within a diverse population. Our special ed and EB students have unique learning needs and they face barriers to high achievement.
Root Cause: Our campus has high needs. We have 4 units of most restrictive environments and high number of low socioeconomic which is challenging in closing the gap due to various factors

Student Learning

Student Learning Summary

BFAA currently has a C rating on the state accountability system. The numerical grade was a 79 and the campus is striving for a 90 with the goal being to achieve a rating of an A. The campus mission statement is "Bowie Fine Arts Academy is wholeheartedly committed in cultivating a community of vibrant, talented lifelong learners and problem solvers who will prosper academically, expressively, and artistically."

The vision statement is "At Bowie, everybody grows!"

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our campus is currently performing at a C rating in reading and math, which does not reflect our aspirations for academic excellence. Student achievement in the areas of reading and math are below our goals.
Root Cause: Attendance is one factor but also our students are struggling with their fixed mindset. A survey has shown they believe they are not capable of hard things.

School Processes & Programs

School Processes & Programs Summary

Bowie FAA is a PK-5th grade fine arts academy. Students participate in the 5 strands of fine arts every week. Our campus also has the ACE program after school. In regards to curriculum, our campus follows the HMH curriculum and use MAP Growth along with district assessments to monitor student growth. This academic year, we incorporated an intervention block during the day to help close gaps. Also, for professional development, we are meeting weekly to internalize reading and math content with our various grade levels and modeling of lessons is occurring during PLC. The staff is practicing the modeling of lessons and unpacking the upcoming skills to master the delivery prior to attending PLC as a way to show preparedness.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: To move our students higher, we must evaluate the current process and foster a more motivating environment.
Root Cause: Perhaps the root cause is lack of tangible prizes our students can work for. We will be opening our "store" this year.

Perceptions

Perceptions Summary

BFAA must increase family engagement based on a survey conducted by the district. Also, student surveys revealed our student body needs more SEL lessons focused on the growth mindset. Staff survey indicated administration had to be more communicative with testing procedures. All information/data was accepted and we will be including it in our CIP.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Our perception is that we should be a high performing campus due to or stellar fine arts program, our school can be a high-performing school.
Root Cause: Perhaps we are aligning more with the arts and not the academics.

Priority Problem Statements

Policy Documents & Addendums

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.
Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Periodic Monitoring	The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

[See board-adopted Student Code of Conduct for information regarding DAEP.]

Joint/Contracted DAEP

A district may provide a DAEP jointly with one or more other districts or may contract with third parties for DAEP services. The district must require and ensure compliance with district responsibilities that are transferred to the third-party provider. *Education Code 37.008(d); 19 TAC 103.1201(d)*

A DAEP may provide for a student's transfer to a different campus, a school-community guidance center, or a community-based alternative school. *Education Code 37.008(b)*

Location

A DAEP shall be provided in a setting other than the student's regular classroom. *Education Code 37.008(a)(1)*

A DAEP may be located on-campus or off-campus in adherence with requirements of the *Student Attendance Accounting Handbook*. Reporting Child Abuse and Neglect

Any person who has reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect has a legal responsibility, under state law, to immediately report the suspected abuse or neglect to an appropriate authority.

As defined in state law, child abuse and neglect include both sex and labor trafficking of a child.

The following individuals have an additional legal obligation to submit a written or oral report within 48 hours of learning of the facts giving rise to the suspicion of abuse or neglect:

1. Any District employee, agent, or contractor who suspects a child's physical or mental health or welfare has been adversely affected by abuse or neglect.
2. A professional who has reasonable cause to believe that a child has been or may be abused or neglected or may have been a victim of indecency with a child. A professional is anyone licensed or certified by the state who has direct contact with children in the normal course of duties for which the individual is licensed or certified.

A person is required to make a report if the person has reasonable cause to believe that an adult was a victim of abuse or neglect as a child and the person determines in good faith that disclosure of the information is necessary to protect the health and safety of another child or an elderly or disabled person.

[For parental notification requirements regarding an allegation of educator misconduct with a student, see FFF.]

Restrictions on Reporting

In accordance with law, an employee is prohibited from using or threatening to use a parent's refusal to consent to administration of a psychotropic drug or to any other psychiatric or psychological testing or treatment of a child as the sole basis for making a report of neglect, unless the employee has cause to believe that the refusal:

1. Presents a substantial risk of death, disfigurement, or bodily injury to the child; or
2. Has resulted in an observable and material impairment to the growth, development, or functioning of the child.

Making a Report

Reports may be made to any of the following:

1. A state or local law enforcement agency;
2. The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (DFPS) at (800) 252-5400 or the Texas Abuse Hotline Website[1];
3. A local CPS office; or
4. If applicable, the state agency operating, licensing, certifying, or registering the facility in which the suspected abuse or neglect occurred.

However, if the suspected abuse or neglect involves a person responsible for the care, custody, or welfare of the child, the report must be made to DFPS, unless the report is to the state agency that operates, licenses, certifies, or registers the facility where the suspected abuse or neglect took place; or the report is to the Texas Juvenile Justice Department as a report of suspected abuse or neglect in a juvenile justice program or facility. As defined by law, a person responsible for the care, custody, or welfare of a child includes school personnel and volunteers and day-care workers. [See FFG(LEGAL)]

An individual does not fulfill his or her responsibilities under the law by only reporting suspicion of abuse or neglect to a campus princi-

pal, school counselor, or another District staff member. Furthermore, the District is prohibited from requiring an employee to first report his or her suspicion to a District or campus administrator.

Confidentiality

In accordance with state law, the identity of a person making a report of suspected child abuse or neglect shall be kept confidential and disclosed only in accordance with the rules of the investigating agency.

Immunity

A person who in good faith reports or assists in the investigation of a report of child abuse or neglect is immune from civil or criminal liability.

Failing to Report Suspected Child Abuse or Neglect

By failing to report suspicion of child abuse or neglect, an employee:

1. May be placing a child at risk of continued abuse or neglect;
2. Violates the law and may be subject to legal penalties, including criminal sanctions for knowingly failing to make a required report;
3. Violates Board policy and may be subject to disciplinary action, including possible termination of employment; and
4. May have his or her certification from the State Board for Educator Certification suspended, revoked, or canceled in accordance with 19 Administrative Code Chapter 249.

It is a criminal offense to coerce someone into suppressing or failing to report child abuse or neglect.

Responsibilities Regarding Investigations

In accordance with law, District officials shall be prohibited from:

1. Denying an investigator's request to interview a child at school in connection with an investigation of child abuse or neglect;
2. Requiring that a parent or school employee be present during the interview; or
3. Coercing someone into suppressing or failing to report child abuse or neglect.

District personnel shall cooperate fully and without parental consent, if necessary, with an investigation of reported child abuse or neglect. [See GKA]
