### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1 (Prioritized):** Fannin MS has new to country students that come from different parts of Latin America and to a lesser degree, other non-English speaking countries. They and their families are unfamiliar with the American school system model. Students struggle with English in different content areas.

**Root Cause:** When families enter, there is no official introduction to the school system and performance measures.

**Problem Statement 2 (Prioritized):** Parent participation has been historically low. Evidence points to low numbers of parents volunteers and other participation.

**Root Cause:** Communication in home language was not consistent and there has been inconsistencies with a process for welcoming parents to campus.

# Student Learning

## Student Learning Summary

Fannin's 2023-2024 STAAR data in Math and Reading is as follows:

Math STAAR Performance:

- 6th: Approaches (56), Meets (31), Masters (8)

TELPAS Composite Scores (445 tests were taken):

- Beginning (20), Intermediate (49), Advanced (29), Advanced High (2)

Fannin will progress monitor each student on campus using data tracking systems that will measure whether students are regressing, meeting, or exceeding target goals. The data from the BOY MAP data will be used as a baseline to engage students in quarterly data talks. District assessments will be utilized to measure student progress and 1:1 data talks between teachers and instructional leaders will take place.

Target students will be those who need assistance meeting standard, as well as those who are very close to meeting or exceeding growth. In class small group instruction will be targeted and teachers will utilize the blended learning model to provide in class intervention.

## Student Learning Strengths

- Sixth grade Fannin students performed higher than students at other grade levels providing a starting point for student growth.
- Students taking Algebra I and Geometry performed higher than previous year, better preparing them for high school math.

- Students taking high school credit courses:
  - Algebra I: Has remained steady
  - English I: Saw growth in Masters over the last 2 years

### **Problem Statements Identifying Student Learning Needs**

**Problem Statement 1 (Prioritized):** Gains need to be made in Math and Reading Meets at all grade levels.

**Root Cause:** Tier I instruction should be monitored, and feedback should align with student outcomes. Professional development must be aligned with the feedback from observations.

**Problem Statement 2 (Prioritized):** English learners' performance falls below district averages and that of other student populations in all core content areas.

**Root Cause:** Implementation and support of classroom strategies and pedagogy need to be provided to teachers serving English learners.

# School Processes & Programs

## School Processes & Programs Summary

STAAR tested subject teachers engage in a 50 minute PLC period daily. Teachers use the HQIM and district vetted resources to plan and prepare learning experiences for all learners. Decisions are made with three focus areas in mind: Connections First, High Quality Instruction, and Ensuring Student Achievement.

The admin team meets twice per week:

- Administrative: review academics, attendance, discipline, concerns, programs and events
- Instructional: review walkthrough data, academic focus, concerns, upcoming PLC items

At the time of this submission, department leads are being interviewed as there have been no defined teacher leadership on campus.

Professional development is designed to enhance the three focus areas with the goal of improving Tier 1 instruction for all students and support in other areas such as learning for ELs, SPED support, SEL, etc.

Fannin has 7 periods throughout the day with an advisory period. Advisory provides support in Math, Reading, and SEL. Periods are 50 minutes long and advisory is 20 minutes.

## School Processes & Programs Strengths

Our students have a extracurricular choices such as CTE courses, Ballet Folklórico, mariachi, theatre, band, choir, AVID, art, Kickstart, and Spanish.

Teachers who teach STAAR tested subjects have protected time built into schedule for PLC.

Support in specialized programs such as dyslexia, SPED, English Learners

Professional development that focuses on gaps in student learning.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1 (Prioritized):** Imbalance of planning in PLC that focuses on teacher strategies (planning) rather than on the impact in student learning.

**Root Cause:** Feedback has focused on procedural component of teaching rather than conceptual learning.

# Perceptions

## Perceptions Summary

Parents have historically not been involved on campus outside of their student's extracurricular activities. This year a biweekly parent newsletter has been sent out with information for parents - events, academics, SEL, extracurricular activities, etc. Fannin has hosted the first Campus with the Principal and hosted 10 parents, 8 more than the previous year.

There has been an emphasis on using social media, Facebook, to showcase our students and teachers beyond extracurricular activities. The goal is for at least 50% of postings should be academic in nature.

The CIC has four parents on it and they will be instrumental in providing input on the procedures and goals of our campus.

Teacher retention rate from previous year is 90%.

In the previous year Panorama survey, 32% of students felt that they felt they believed they can learn at Fannin.

## Perceptions Strengths

- There has been an increase in parental involvement on campus. Parents participated in the Fiestas Patrias parade, Hispanic Heritage Night preparations, and school meetings.
- Our Parent Liaison now has a Parent Center to welcome parents to campus.
- Events are being scheduled for the year and communication to parents is going out earlier and more often.

**Note:** This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

---

<b>Bullying Prohibited</b>	The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.
Examples	Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.
<b>Minimum Standards</b>	In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.
<b>Retaliation</b>	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
Examples	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
<b>False Claim</b>	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
<b>Timely Reporting</b>	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
<b>Reporting Procedures</b>	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.
Student Report	

Employee Report	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.
Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Periodic Monitoring	The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.
<b>Notice of Report</b>	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
<b>Prohibited Conduct</b>	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
<b>Investigation of Report</b>	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
<b>Concluding the Investigation</b>	<p>Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.</p> <p>The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.</p>
<b>Notice to Parents</b>	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

<b>District Action</b>	
<i>Bullying</i>	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.
<i>Discipline</i>	<p>A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.</p> <p>The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.</p>
<i>Corrective Action</i>	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
<i>Transfers</i>	The principal or designee shall refer to FDB for transfer provisions.
<i>Counseling</i>	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
<i>Improper Conduct</i>	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
<b>Confidentiality</b>	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
<b>Appeal</b>	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
<b>Records Retention</b>	Retention of records shall be in accordance with CPC(LOCAL).
<b>Access to Policy and Procedures</b>	This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.

<sup>1</sup> TEA Minimum Standards for Bullying Prevention:  
<https://tea.texas.gov/texas-schools/health-safety-discipline/student-discipline/minimum-standards-for-bullying-prevention>

A disciplinary alternative education program (DAEP) is an educational and self-discipline alternative instruction program, adopted by local policy, for students in elementary through high school grades who are removed from their regular classes for mandatory or discretionary disciplinary reasons and placed in a DAEP. *19 TAC 103.1201(a)*

[See board-adopted Student Code of Conduct for information regarding DAEP.]

**Joint/Contracted  
DAEP**

A district may provide a DAEP jointly with one or more other districts or may contract with third parties for DAEP services. The district must require and ensure compliance with district responsibilities that are transferred to the third-party provider. *Education Code 37.008(d); 19 TAC 103.1201(d)*

A DAEP may provide for a student's transfer to a different campus, a school-community guidance center, or a community-based alternative school. *Education Code 37.008(b)*

Community  
Organizations

A district shall cooperate with government agencies and community organizations that provide services in the district to students placed in a DAEP. *Education Code 37.008(e)*

Shared Service  
Arrangements

A district that participates in a shared service arrangement for DAEP services shall ensure that the district improvement plan and each campus-level plan include the performance of the DAEP student group for the district in accordance with 19 Administrative Code 103.1201(b) [see BQ]. *19 TAC 103.1201(b)*

**Funding**

A student removed to a DAEP is counted in computing a district's average daily attendance for the student's time in actual attendance in the program. *Education Code 37.008(f)*

A district shall allocate to a DAEP the same expenditure per student attending the DAEP that would be allocated to the student's school if the student were attending the student's regularly assigned education program, including a special education program. *Education Code 37.008(g)* [See also EHBC(LEGAL), Limit on DAEP Expenditures]

**Location**

A DAEP shall be provided in a setting other than the student's regular classroom. *Education Code 37.008(a)(1)*

A DAEP may be located on-campus or off-campus in adherence with requirements of the *Student Attendance Accounting Handbook*. For reporting purposes, the DAEP shall use the county-district-campus number of the student's locally assigned campus (the campus the student would be attending if the student was not at-

tending the DAEP). *19 TAC 103.1201(c); Education Code 37.008(a)(2)*

An off-campus DAEP is not subject to a requirement imposed by the Education Code, other than a limitation on liability, a reporting requirement, or a requirement imposed by Education Code Chapter 37 or Chapter 39 or 39A. *Education Code 37.008(c)*

An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. The designation of elementary and secondary is determined by adopted local policy. *Education Code 37.006(f); 19 TAC 103.1201(h)(1)*

Students who are assigned to the DAEP shall be separated from students who are not assigned to the program. Notwithstanding this requirement, summer programs provided by the district may serve students assigned to a DAEP in conjunction with other students, as determined by local policy.

Students in the DAEP shall be separated from students in a juvenile justice alternative education program.

*Education Code 37.008(a)(3), (c); 19 TAC 103.1201(f)(3), (h)(3)*

## **Safety**

A district is responsible for the safety and supervision of the students assigned to the DAEP; however, the immunity from the liability established in Education Code 22.0511 [see DG], shall not be impacted. The DAEP staff shall be prepared and trained to respond to health issues and emergencies.

Each district shall establish a board-approved policy for discipline and intervention measures to prevent and intervene against unsafe behavior and include disciplinary actions that do not jeopardize students' physical health and safety, harm emotional well-being, or discourage physical activity.

*19 TAC 103.1201(h)*

## **Staffing**

A DAEP shall employ only teachers who meet certification requirements under Education Code Chapter 21, Subchapter B. The certified teacher-to-student ratio in a DAEP shall be one teacher for each 15 students in elementary through high school grades. *Education Code 37.008(a)(7); 19 TAC 103.1201(h)(1)*

Staff at each DAEP shall participate in training programs on education, behavior management, and safety procedures that focus on positive and proactive behavior management strategies. The training programs must also target prevention and intervention that include:

3. Annual training on established procedures for reporting abuse, neglect, or exploitation of students.

*19 TAC 103.1201(i)*

**Entrance Procedures**

Procedures for each DAEP shall be developed and implemented for newly entering students and their parents or guardians on the expectations of the DAEP. These procedures shall include written contracts between students, parents or guardians, and the DAEP that formalize expectations and establish the students' individual plans for success. *19 TAC 103.1201(j)*

**Academics**

The academic mission of DAEPs shall be to enable students to perform at grade level. A DAEP shall focus on English language arts, mathematics, science, history, and self-discipline. *Education Code 37.008(a)(4), (m)*

A district shall provide an academic and self-discipline program that leads to graduation and includes instruction in each student's currently enrolled foundation curriculum necessary to meet the student's individual graduation plan, including special education services. A student's required high school personal graduation plan [see EIF] may not be altered when the student is assigned to a DAEP.

Opportunity to  
Complete Course

A district shall offer a student removed to a DAEP an opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal, before the beginning of the next school year, through any method available, including a correspondence course, distance learning, or summer school. The district may not charge the student for a course provided under this provision.

*Education Code 37.008(l); 19 TAC 103.1201(f)*

A district shall provide the parents of a student removed to a DAEP with written notice of the district's obligation to provide the student with an opportunity to complete coursework required for graduation. The notice must include information regarding all methods available for completing the coursework and state that the methods are available at no cost to the student. *Education Code 37.008(l-1)*

### **Restrictions on Reporting**

As defined by law, a person responsible for the care, custody, or welfare of a child includes school personnel and volunteers and day-care workers.  
[See FFG(LEGAL)]
