

**Calling all LEGO Enthusiasts:
Looking for something to do
during the NFL Draft?**

LEGO ROBOTICS CAMP TINKERCAD AND 3D PRINTING

WEDNESDAY 4-23-2025
FROM 1:30-5:00 PM

\$40

Get ready to unleash your creativity and problem-solving skills at our hands-on STEMii Robotics Camp. Campers will start their journey by learning the fundamentals of 3D design using **TinkerCAD**, a fun and beginner-friendly design platform. They'll bring their ideas to life and see their custom creations 3D printed in real time! Once they've mastered the basics of design, students will transition to working with **LEGO SPIKE PRIME kits**, where they'll build and program robots to tackle challenges and solve real-world problems. Students will learn the fundamentals of engineering, programming, and design thinking as they build and code their own robots to tackle real-world challenges. Perfect for Beginners!

Grades 3-6 **Limit 12 Students**
