

MARDI GRAS

2025 REPORT

Financial Highlights

Profit to endowment

 **\$117,738.58**

Growth and Development

 **\$245,920**

Endowment Fund

St. Ann's Catholic School has grown and flourished over the years -- not through tuition, but through generosity from our extended community. The St. Ann's Catholic School Educational Endowment Fund, established in 1985, was created to assist in meeting the current and future financial needs of St. Ann's School. It also raises funds to subsidize the operations of St. Ann's School in order to keep tuition costs lower. Interest earned from the St. Ann's Endowment Fund is distributed annually into the general operations account to help offset operation expenses for St. Ann's Catholic School.

Growth & Development

In response to the tremendous growth we have witnessed at St. Ann's since its inception, we have launched the Growth and Development Fund to tackle our maintenance needs and plan for the future. Mardi Gras 2025 marked the second year of extending an invitation to each guest at the Gala to participate in realizing our vision for a secure, contemporary learning environment. We were overwhelmed by the generous contributions, which will not only uphold our current facilities but also lay the groundwork for expansion, ensuring that St. Ann's remains a beacon of faith and excellence in Catholic education! Thank you all for your incredible generosity.
