

Board Policy JGF: Student Safety

Status: ADOPTED

Original Adopted Date: 02/01/1995 | Last Reviewed Date: 07/13/2020

Students and teachers must wear appropriate industrial-quality personal protective equipment (PPE) when participating in any activity with potential hazards, including, but not limited to, eye protection when working with hot metal, molten materials, milling, grinding, stamping, , welding, , chemicals, hot liquids and injurious radiations. Additional PPE may be required based on the specific activity, such as gloves, hearing protection, respirators, and protective clothing. The school will furnish all necessary PPE.
