

A photograph of a classroom scene serves as the background. A female teacher with glasses and a light-colored blazer is leaning over a desk, assisting a group of students. The students, a mix of boys and girls of various ethnicities, are seated at white desks. Some are looking at laptops, while others are looking towards the teacher. The classroom has large windows in the background, letting in natural light.

OVERVIEW

Background

- The U.S. Department of Education (ED) expects state data submissions to be timely, complete, and accurate on the due date. The Texas Education Agency (TEA) has never been in compliance with meeting federal reporting deadlines for certain EDFacts and Perkins files. TEA is unable to come into compliance because the data are not available for use until after the federal deadlines have passed.
- For the second year in a row, ED has placed a condition on TEA's Title I and Perkins funds, required corrective action on the Perkins grant, excluded Texas data from publicly available graduation rate reports, and excluded Texas from nationwide, public directory of districts and campuses.

- TEA had discussions regarding the current issues TEA is facing with federal reporting deadlines and the consequence of late reporting with internal TEA leadership, program area stakeholders, data governance committees (Information Task Force, Policy Committee on Public Education Information, and TEA Data Governance Board), and formed a focus group consisting of district, charter, and ESC PEIMS Coordinators.
- TEA has determined that the 2026-2027 school year is the first TEA could submit data on time due to the implementation of the Ed-Fi upgrade in 2024-2025.
- The Research and Analysis Division met with the ED to provide a proposal to be on time with federal reporting by January 2027.

Resulting Changes

- The Leavers and Graduates from the 2024-2025 school year will be reported in the 2025-2026 PEIMS Fall Submission.
- The Leavers and Graduates from the 2025-2026 school year will be reported in the 2025-2026 PEIMS Summer and Extended Year Submissions.
- The Leavers and Graduates from the 2026-2027 school year will be reported in the PEIMS Summer and Extended Year Submissions.

In the top left corner, there is a stack of several off-white or light beige papers or folders, slightly overlapping each other. The background of the entire slide is a solid, textured blue.

DATA COLLECTION CHANGES

PEIMS SUMMER

- **2025-2026** School Year Leavers and Graduates
 - PEIMS Summer First Submission and Resubmission students in grades 7 through 12:
 - Who were enrolled at some time during the year but not on the final day of the school year (AsOfStatusLastDayEnrollment (C323) “I”).
 - Who were enrolled on the final day of the school year (AsOfStatusLastDayEnrollment (C323) “H”), and the LEA now has documentation that the student has since entered a new educational setting. (Atypical situation).
 - Who graduated between the first and last day of school.

Important Summer Information

- Between the PEIMS Summer First Submission and Resubmission, TEA will reconcile any school-year movers and provide a preliminary list of underreported students.
- Once the LEA meets the documentation standard that supports the exit withdraw type used, the LEA **can** but is **not required** to obtain additional leaver information for the student.

- The StudentCharacteristic (C344) “01” At Risk will be added to the PEIMS Summer Submission:

01 – At Risk
Definition
<p>The At Risk student characteristic indicates whether a student is currently identified as “at-risk” of not meeting standards or dropping out of school using state-defined criteria (TEC §29.081, Compensatory and Accelerated Instruction). Local criteria are not included in this indicator. A student “at-risk of dropping out of school” is under 26 years of age and who:</p> <ol style="list-style-type: none">1. except as provided by Subsection (h) or if retained for prekindergarten under Section 28.02124, was not advanced from one grade level to the next for one or more school years;2. is in grade 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;3. did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;4. is in prekindergarten, kindergarten or grade 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
<p>This definition does not exclude students who assume only partial responsibility for the emotional and physical support of a child. The mother, father, or student acting as parent may be considered a parent if other individuals (e.g., grandparents, other relatives, friends) are providing partial support of the child's needs.</p>

Special Instructions
<p>Texas has defined an academic year to equal 10 months with a total eligibility of 30 months of service for a student who meets the definition of an immigrant student. If a student has been enrolled in multiple states, the student’s eligibility must not add up to a total of more than three full academic years.</p> <p>Note: academic years in schools defined for immigrant eligibility differs from the definition used for assessment purposes.</p>

Students who move to other Texas public school districts are considered movers, not leavers.

School Year Leavers are students enrolled at any time during the school year and left during the same school year.

Summer Leavers are students enrolled at any time during the prior school year and did not return to the same school during the school start window (last Friday in September).

Leavers should only be reported once unless there is a change to the ExitWithdrawType (C162). Once an LEA meets the documentation standard that supports the ExitWithdrawType used, the district is not required to obtain additional information on the student. Local policy will determine if an existing ExitWithdrawType is updated for a student when additional information is received.
