## STUDENT SERVICES WORDS OF WELLNESS

Cyberbullying is when someone uses texts, social media, or online messages to hurt, embarrass, or threaten others. It can include mean messages, spreading rumors, or sharing private info.

If it happens to you or someone you know:

Don't respond

Save the evidence

Tell a trusted adult and block the person if needed

Cyberbullying is never okay. Speak up, be kind, and help create a safer online space for everyone. 💙

## Campus Reminders

Students, remember: when leaving the classroom, ask for permission and take the campus pass. If you're leaving because you're feeling overwhelmed, upset, or just need support—please let someone know. Your teachers and student services team are here to help. We can get you the break, space, or support you need the right way.

Please be aware that the School Resource Officer will be at prom, making sure you have a safe and memorable evening. We will be using a handheld metal and vape detector as you come in the door. Let your hair down at prom but keep banned items at home in the castle.
