INDEPENDENT AUDITORS' REPORT

Board of Education Unified School District No. 453 Leavenworth, Kansas

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 453, Leavenworth, Kansas (the District) as of and for the year ended June 30, 2024 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2024, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern within one year after the date that the financial statement is issued or available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (the financial statement) as a whole. The schedules listed under supplementary information in the accompanying table of contents are presented for purposes of additional

analysis and are not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the financial statement as a whole, on the basis of accounting described in Note 1.

Other Matter - Report on Summarized Comparative Information

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the financial statement of the District as of and for the year ended June 30, 2023 (not presented herein), and have issued our report thereon dated February 26, 2024, which contained an unmodified opinion on the financial statement on the basis of accounting described in Note 1. The 2023 financial statement and our accompanying report are not presented herein but are available in electronic form from the web site of the Kansas Department of Administration at the following link: https://admin.ks.gov/offices/oar/municipal-services. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures for the year ended June 30, 2024 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the financial statement. Such 2023 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statement. The 2023 comparative information was subjected to the auditing procedures applied in the audit of the 2023 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statement or to the 2023 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2023 comparative information is fairly stated in all material respects in relation to the financial statement as a whole for the year ended June 30, 2023, on the basis of accounting described in Note 1.

UNIFIED SCHOOL DISTRICT NO. 453 LEAVENWORTH, KANSAS NOTES TO THE FINANCIAL STATEMENT Year Ended June 30, 2024

1 - Summary of Significant Accounting Policies

Municipal Financial Reporting Entity

Unified School District No. 453, Leavenworth, Kansas (the District) is a municipal corporation governed by an elected seven-member board. This financial statement presents Unified School District No. 453, Leavenworth, Kansas (the primary government). There are no related municipal entities presented.

Reimbursed Expenses

Certain expenditures are classified as reimbursed expenses. The purpose of these expenditures is payment for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934. The following expenditures are classified as a qualifying budget credit for reimbursed expenses for the year ended June 30, 2024:

General fund \$434,538

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statement and related schedules meet the following criteria:

- 1. The related disbursement was made in the current year on behalf of the payee,
- 2. The item paid for was directly identifiable as having been used by or provided to the payee, and
- 3. The amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (the KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c) waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Cash and Investments

Cash consists of checking accounts and savings accounts. See Note 3 for additional cash information.

Investments consist of deposits in the State Municipal Investment Pool (MIP). See Note 3 for additional investment information.

Cash balances in all funds are considered in determining the amount to be invested and further, unless specifically designated, all investment income is credited to the capital outlay fund.

Fund Descriptions

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following regulatory fund types comprise the financial activities of the District for the year ended June 30, 2024:

- a. *General Fund and Supplemental General Fund* used to account for all resources except those required to be accounted for in another fund.
- b. Special Purpose Funds used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.
- c. Bond and Interest Fund used to account for the accumulation of resources, including tax levies, transfer from other funds, and payment of general long-term debt.
- d. *Trust Fund* used to report assets held in trust for the benefit of the District scholarship funds
- e. Agency Funds funds used to report assets held by the District in a purely custodial capacity.

Use of Estimates

The preparation of a financial statement in compliance with the regulatory basis requires management to make estimates and assumptions that affect the reported amounts of encumbrances at the date of the financial statement and the reported amounts of expenditures during the reporting period. Actual results could differ from those estimates.

2 - Stewardship, Compliance, and Accountability

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), and the bond and interest fund. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- i. Preparation of the budget for the succeeding year on or before August 1st.
- ii. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on budget.
- iii. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- iv. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The District did hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for trust funds and the following special purpose funds:

Textbook Rental, Contingency Reserve, Special Reserve, Gate Receipts, and School Projects.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the District.

Compliance with Finance-Related Legal and Contractual Provisions

The Federal Funds had a deficit unencumbered cash balance of \$ \$377,251 at June 30, 2024, which is a violation of K.S.A. 10-1113. This was the result of timing of reimbursements received from grantors.

3 - Deposits and Investments

As of June 30, 2024, the District had the following investments and maturities:

	Inves	tment Maturities -	
Investment Type	Le	ess Than 1 Year	Rating
		_	
Kansas Municipal Investment Pool	\$	31,326,041	Not rated

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the bank to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2024 is as follows:

	Percentage of
Investments	Investments
Kansas Municipal Investment Pool	100%

Custodial credit risk - deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka.

At June 30, 2024, the District's carrying amount of deposits was \$ 2,792,743 and the bank balance was \$ 3,329,528. Of the bank balance, \$ 797,160 was covered by federal depository insurance,

\$ 2,441,589 was collateralized with securities held by the pledging financial institutions' agents in the District's name, and the balance of \$ 90,779 was unsecured at June 30, 2024.

Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2024, the District had invested \$ 31,326,041 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board (the Board). The Board is comprised of the State Treasurer and four additional members appointed by the State Governor. The Board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

4 - Interfund Transfers

Operating transfers were as follows:

From	То	Statutory Authority	Amount
General	Bilingual Education	K.S.A. 72-5167	\$ 141,423
General	Virtual Education	K.S.A. 72-5167	125,720
General	Special Education	K.S.A. 72-5167	3,985,771
General	Career and Postsecondary Education	K.S.A. 72-5167	228,960
General	Special Reserve	K.S.A. 72-5167	779,523
General	Textbook Rental	K.S.A. 72-5167	88,937
General	At-Risk 4 Year Old	K.S.A. 72-5167	235,777
General	At-Risk K-12	K.S.A. 72-5167	5,063,069
Supplemental General	Bilingual Education	K.S.A. 72-5143	9,894
Supplemental General	At-Risk K-12	K.S.A. 72-5143	1,343,818
Supplemental General	Parent Education	K.S.A. 72-5143	50,472
Supplemental General	Special Education	K.S.A. 72-5143	2,324,754
Supplemental General	Career and Postsecondary Education	K.S.A. 72-5143	40,000

5 - Long-Term Debt

The District has defeased certain general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account's assets and the liabilities for the defeased bonds are not included in the District's financial statement. At June 30, 2024, \$33,065,000 of the bonds that are considered defeased remain outstanding.

Changes in long-term debt for the District for the year ended June 30, 2024 were as follows:

				Date of	Balance			Balance	
	Interest	Date of	Amount	Final	Beginning		Reductions/	End of	Interest
Issue	Rate	Issue	of Issue	Maturity	of Year	Additions	Payments	Year	Paid
General obligation bonds:

6 - Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of the funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statement of the District at June 30, 2024.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There has been no significant change in insurance coverage from the previous fiscal year.

7 - Defined Benefit Pension Plan

General Information about the Pension Plan

Plan Description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of section 414(h) of the Internal Revenue Code.

State law provides the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1.0% contribution rate for the Death and Disability Program) was 13.88% and 13.11%, respectively, for the fiscal year ended June 30, 2023. The actuarially determined employer contribution rate and the statutory contribution rate was 13.38% and 12.57% for the fiscal year ended June 30, 2024.

The 2015 Legislature passed and the Governor approved Senate Bill 228 authorizing the issuance of \$ 1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds transferred to the System.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2012K, net proceeds of \$ 500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer \$ 1.125 billion from the State General Fund directly to KPERS in fiscal years 2022 and 2023. The first \$ 253.9 million paid off outstanding accounts receivable for KPERS-School employer contributions withheld in fiscal year 2017 and fiscal year 2019, while the remaining \$ 871.1 million was applied to the KPERS-School unfunded actuarial liability. In fiscal year 2022, \$ 600 million was transferred in May 2022.

In addition, Senate Bill 421 authorizes two additional transfers in fiscal year 2023 which totaled \$271.1 million. The first transfer of \$146.1 million was received on August 1, 2022. The second transfer of \$125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$ 3,976,877 for the year ended June 30, 2024.

Net Pension Liability

At June 30, 2024, the District's proportionate share of the collective net pension liability reported by KPERS was \$ 35,708,931. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year end June 30, 2023. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

8 - Compensated Absences

Administrative compensated absence days accrue 12 per school year, with a maximum of 115 days. Administrators are paid at the rate of \$ 90 per day for days over the maximum of 115 days. Classified employees compensated absence days accrue at 12 per school year, with a maximum of 108 days. Classified

employees are paid at the rate of \$ 25 per day for days over the maximum of 108 days. Teachers compensated absence days accrue at 10 per school year, with a maximum of 100 days. Teachers are paid at the rate of \$ 80 per day for days over the maximum of 100 days. Retiring teachers are paid at the rate of \$ 50 per day with a maximum of 100 days. Payment is made during the fiscal year. The District has not determined the liability for the carryover days, if any; however, management feels such liability would be immaterial in amount.

9 - Other Long-Term Obligations

Other Post-Employment Benefits

Any eligible teacher who is retiring under the Kansas Public Employees Retirement Systems may elect to take the District retirement incentive. A teacher who elects the District retirement incentive, and who has participated in the District health insurance plan during the year of retirement, may elect to continue to participate in the health insurance plan until the age of 65. Under this plan the amount of the benefit will be equal to the amount of the defined health insurance benefit paid to the employed teacher. Beginning July 1, 2009, the amount of the benefit is \$ 350 per month. Thus, retired teachers will be responsible for the payment of any excess premiums due under the policy.

The plan is not funded and is based on pay-as-you-go financing. During the year ended June 30, 2024, the District paid \$58,155 on this plan. The District has not determined the liability for early retirement benefits, if any; however, management feels such liability would be immaterial in amount.

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2024.

Self-Insurance Claims

The District established a limited risk management program for employees' health care insurance as of October 1, 2023. The program includes a stop-loss provision for claims over \$ 100,000 per individual and aggregate claims over \$ 2,900,000. The District has determined that the estimated liability for payment of incurred (both reported and unreported) but unpaid claims is immaterial in amount at June 30, 2024

10 - Litigation

The District is party to various claims, none of which are expected to have a material financial impact on the financial statement.
