## PARENTS & GUARDIANS!

Help your students prepare for upcoming tests by making sure they get a good night's sleep and eat breakfast at home if not eating at school.

## MR. KENNE'S CORNER

What a great time to be a Warrior!! As we approach the end of the school year, both students and teachers are looking forward to a well-deserved summer break. But before we get there, the next two months are packed with important events and activities here on campus. Now more than ever, it's essential that we stay focused and finish the year strong. STAAR testing is still underway this week. On Tuesday, April 15th our 4th & 6th graders will be taking the STAAR Reading test. On Wednesday, April 16th our 3rd & 5th graders will be taking the STAAR Reading and our 8th graders will be taking the STAAR Social Studies test. As I mentioned before, testing can be a stressful time for some students, so we ask parents to help by ensuring their children are getting plenty of rest and support to keep anxiety levels low. We are incredibly proud of our Warriors and all they've accomplished this year—we're confident they'll do great on this year's test! Please be on the lookout for all the important test dates as well as the field trip and athletic schedule.
