

# GREAT NECK SUMMER SCHOOL ENRICHMENT PROGRAM

Maria Hartofilis,  
Principal

Erica MacDonald,  
Assistant Principal

## A 5-WEEK PROGRAM – ALL COURSES MEET FOR ONE HOUR

**DATES:** Tuesday, July 8 – Friday, August 8, 2025

**TIME:** 8:30 a.m. – 11:30 a.m.

**LOCATION:** SOUTH MIDDLE SCHOOL, 349 Lakeville Road, Great Neck, NY

**FEES:** **EARLY BIRD FEE:** Monday, 4/7 – Friday, 5/9  
the full program cost is **\$1,296 (or \$432/course)**

**REGULAR FEE:** From Saturday, 5/10 – Friday, 6/6  
the full program cost is **\$1,482 (or \$494/course)**

**ELIGIBILITY:** Only registered students who legally reside within the Great Neck Public Schools District and will be entering grades 1-9 in September 2025 are eligible to attend this program.

**REGISTRATION:** Register online: <https://www.greatneck.k12.ny.us/programs/summer-school>  
You **must** have a user name and password through the FamilyID system in order to register; this is a different login than the parent portal. To create an account, go to our website above and click on the tab "FamilyID Instructions". Payment is by credit card through MySchoolBucks, check, or money order. Payment by MySchoolBucks, which adds a 3.95% processing fee, guarantees placement at time of registration. Payments by check or money order must be received within three days of registering online or risk cancellation. Registration fees must be dropped off/mailed at the Phipps Administration Building (345 Lakeville Road, Great Neck, NY 11020), Monday-Friday, 8:30am-4:30pm. **The deadline to register for all enrichment programs is Friday, June 6<sup>th</sup>.**

**TRANSPORTATION:** The district provides transportation from home **before period 1** and to home **after period 3**. Bus passes will be emailed to you before the program begins.

**FINANCIAL AID:** For district households currently on Food Services' Medicaid/SNAP eligibility list, there is a financial aid rate of \$741 per child (\$247 per class). Strict confidentiality will be maintained. Call 516-441-4045 for questions.

**REFUNDS:** A \$50 processing fee will be applied for any requested refunds. Refunds will not be granted after June 6<sup>th</sup>, which is the deadline for enrichment program registration.

For fastest response, email us at [summerenrichment@greatneck.k12.ny.us](mailto:summerenrichment@greatneck.k12.ny.us)

Please note that times and course offerings are subject to change based on enrollment.

## ELEMENTARY, GRADES 1-5

### ELEMENTARY CLASSES for GRADES 1, 2, AND 3 (THREE-HOUR BLOCK)

An exciting "full day" experience (3 hours) for our youngest students! Children entering grades 1, 2, and 3 will spend their morning honing their skills in reading, writing and mathematics, building a sense of community and preparing for the next school year. This is a great opportunity to get used to the elementary day! Classes will ALSO involve 45 minutes of daily push-in enrichment (music, STEM, library, and other special units of study!).

*If your child is entering 1<sup>st</sup> grade, sign up for "Elementary – First Grade"*

*If your child is entering 2<sup>nd</sup> grade, sign up for "Elementary – Second Grade"*

*If your child is entering 3<sup>rd</sup> grade, sign up for "Elementary – Third Grade"*

**Availability:** 8:30 am – 11:30 am (Period 1, 2, AND 3; three hours total)

**Fee:** Early Bird Registration is \$1,296 (by May 9<sup>th</sup>); Regular Registration is \$1,482 (by June 6<sup>th</sup>)

### MATH 4

Preview important concepts that will be covered in 4<sup>th</sup> grade Math!

**Availability:** Period 1 (8:30 am – 9:30 am) OR Period 3 (10:30 am – 11:30 am)

### LITERACY 4

Prepare for 4<sup>th</sup> grade reading and writing in this two-hour block!

**Availability:** Periods 1 AND 2 (8:30 am – 10:30 am) OR Periods 2 AND 3 (9:30 am – 11:30 am)

### MATH 5

Get ready for fifth grade math! We will cover place value, reading and writing numbers up to ten million and expressing them in various forms (standard, numerical, and word); comparing and ordering numbers; and problem solving!

**Availability:** Period 1 (8:30 am – 9:30 am) OR Period 3 (10:30 am – 11:30 am)

### ELA 5 (English Language Arts)

Get ready for fifth grade! Students will enhance their ability to analyze and respond to text in writing, engage in meaningful discussions about figurative language and author's purpose, and grow their vocabulary.

**Availability:** Period 2 (9:30 am – 10:30 am)

### BEGINNER MUSIC: Woodwinds, Strings, or Brass (choose a category based on instrument)

Learn to play a new instrument! No previous music background is required! You must have the instrument with you to participate (see the "Music" section for information for renting/purchasing an instrument).

**Availability:** Period 2 (9:30 am – 10:30 am) OR Period 3 (10:30 am – 11:30 am)

### MAKE MUSIC: BAND & ORCHESTRA (choose based on instrument)

Intermediate Program for students with some experience playing an instrument. Play your instrument in a band. Learn pop, jazz, and classical pieces and perform in a concert.

**Availability:** Period 1 (8:30 am – 9:30 am) for Grades 5-9

\* **Incoming 4<sup>th</sup> graders may also take these enrichment courses** (see "Enrichment Courses, Grades 1-9 for more information):

Claymation

Drawing & Painting for Beginners,

Get Unplugged!

Painting: The Techniques of the Masters

Discover Sculpture

# ENRICHMENT COURSES FOR GRADES 5-9

*Please note that course offerings and times are **subject to change** based on student enrollment.*

If you register for a course that gets changed or cancelled, our office will inform you so that you can choose another course.

Students can take up to three courses.

Period 1: 8:30 – 9:25

Period 2: 9:30 – 10:25

Period 3: 10:30 – 11:25

## SCIENCE

NEW

### COMPETITION SCIENCE

Do you love science? Have you ever wanted to compete in Science Bowl or Science Olympiad competitions? Join this course and learn how to solve different science problems! We will learn different types of problems, train, and compete in practice competitions throughout the summer.

**Availability:** Period 1 or 3

### ENRICHMENT BIOLOGY

Learn the basics of living things, including cells and the human body systems. This course explores many areas of biology! A great intro course for any students in all grade levels interested in biology. *This course is strongly recommend for incoming ninth graders.*

**Availability:** Period 1 or 3

### ENRICHMENT EARTH SCIENCE

Learn about how the earth works! In this class, we will explore major units of the rigorous 8<sup>th</sup> grade Earth Science curriculum, which all incoming eighth graders will take in September. Join us in Earth Science and start the year with confidence! *This course is strongly recommended for incoming eighth graders at both North Middle and South Middle School, and is taught by a current 8<sup>th</sup> grade Earth Science teacher in our district.*

**Availability:** Period 1, 2, or 3

### FORENSIC SCIENCE

Do you have what it takes to become a forensic scientist? Are you excited to examine evidence and catch some criminals? Learn the scientific process and procedures involved in solving crimes. We'll study fingerprinting, DNA analysis, evidence patterns, document authentication, and more!

**Availability:** Period 2

NEW

### SCIENCE IN OUR WORLD

This course focuses on current science topics. Topics are based on student interests and current events. While some topics are pre-planned, students are encouraged to bring in articles and materials to guide discussions. The course extends the study of current events, with many activities centered on real-world issues affecting society. The class includes hands-on activities that help students engage with real-world issues in meaningful ways.

**Availability:** Period 2

# LIFE SKILLS & FAMILY AND CONSUMER SCIENCES

## **CHESS, CHESS, CHESS!**

Calling all future chess champions! Have you ever wanted to beat someone at chess? Have you ever wanted to play in a chess tournament? Do you just want to learn how all the pieces on a chessboard move? Players of any level will learn new rules and strategies to improve their game!

**Availability: Period 3**

## **D.I.Y.: COOK, CRAFT, CREATE**

Join the popular world of DIY (do it yourself) project fun! Learn how to make fun and simple projects such as recipes, accessories, gadgets, and more!

**Availability: Period 1, 2, or 3**

## **FIRST AID**

Learn about first aid, safety, and injury prevention from head to toe. All participants will receive a two-year certification from the American Heart Association in CPR/AED for Adult, Infant, and Child! *Students must be present for the first 16 days of the program to get certified – makeup classes will not be given.*

**Availability: Period 1, 2, or 3**

## **GET UNPLUGGED! (Grades 4-9)**

Unplug yourself! Let's have some fun as we learn board games, card games, word games, and more! We will learn some new games, share gaming strategies, and learn how to think outside of the box. No charging, no phones, no wires, no technology... just some good old-fashioned fun!

**Availability: Period 1, 2, or 3**

## **JOURNALISM**

"I've got the scoop!" Did you know that this phrase means to get the details for a story before anyone else? Join us as we become journalists! Learn to gather factual information, evaluate sources for bias, format stories, and more! We will also create a summer school newsletter with current event articles, op-eds, advice columns, video game reviews, and more.

**Availability: Period 2**

## **SEWING AND SUCH!**

Learn how to use a sewing machine while making practical, creative projects.

**Availability: Period 1, 2, or 3**

## **SPEECH CRAFT: INTRO TO PUBLIC SPEAKING**

How we communicate with others is central to our satisfaction, fulfillment, and success in life. Activities include rap, pantomime, talk show, improvisation, and a mock trial.

**Availability: Period 1 or 2**

## **SUMMER RACKET SPORTS**

Whether you are an experienced racket sport enthusiast or a novice player, anyone can join us for a summer of instructional and competitive play! We will work on daily fitness and learn the rules, strategies, and techniques of badminton, pickleball, and table tennis. All equipment will be provided, but feel free to bring your own rackets and paddles. *Students must wear appropriate athletic attire and footwear.*

**Availability: Period 1**

**NEW!!**

## **UNDERSTANDING TODAY'S MEDIA LANDSCAPE (Grades 8 & 9 only)**

How does social media differ from "traditional" news media? Who decides what news is news in today's digital age? How can we find which news sources are reliable, honest, and trustworthy? What framework helps us arrive at the truth? We'll explore these questions and more as we become informed consumers of information... such an important skill in today's evolving society.

**Availability: Period 3**

## SOCIAL STUDIES AND LAW

### **A CALL TO ARMS (5<sup>th</sup> – 8<sup>th</sup> graders only)**

"If America didn't fight so many wars, social studies would be so much easier." U.S. history is fascinating, especially when we study the history of various wars throughout time. Come and learn history of American conflict. From the pre Revolutionary War to Afghanistan and everything in between, we'll discuss some of the most significant conflicts in US history and their effects on our society today. **Availability: Period 3**

### **THE ANCIENT WORLD**

Do you love history and learning about the civilizations that came before us? Let's time travel back to ancient world, where we'll learn about ancient civilizations such as the Phoenicians, Minoans & Myceneans, Olmecs, Toltecs, Ancestral Pueblo, Persia, and more! Available for all ages but especially incoming sixth graders who will learn about other ancient civilizations in the fall. **Availability: Period 1**

### **THE LAW AND YOU**

How much do you know about US law? Learn about the Bill of Rights, the Supreme Court, and other aspects of our legal system and what your individual rights mean for everyday life. We will focus on the legal process of what happens from the time of arrest through all the motions of the legal system and trial verdicts. A great course for those who are passionate about law. **Availability: Period 3**

### **WEIRD & WILD EVENTS**

Who shot JFK? What happened to the lost colonists of Roanoke? What happens when a volcano erupts or when a tsunami strikes? In this class, you will learn about the impact of famous natural disasters and you will solve famous historical mysteries, all while reinforcing your research skills! **Availability: Period 3**

NEW!!

### **SOCIAL STUDIES 7 (American History 7)**

How was our country and government formed? How did our Constitution come about? Prepare for seventh grade by taking this class, which will focus on civics education, structure of government, as well as the necessary skills and elements of the 7<sup>th</sup> grade social studies curriculum. **Availability: Period 2**

### **SOCIAL STUDIES 8 (American History 8)**

Compare the geography of the USA to the world at large to foster a greater appreciation of our country and the rest of planet Earth. This class will focus on civics education, structure of government, as well as research skills and the elements of the 8<sup>th</sup> grade social studies curriculum. **Availability: Period 1**

## BUSINESS AND FINANCE

### **BULLS, BEARS & DREAMS**

How would you invest \$100,000? Learn about the "Bulls" and "Bears" of the stock market. Follow your personal portfolio daily and learn how to buy, sell, and hold stocks. **Availability: Period 2**

### **BUSINESS PROJECT**

Create a real-life practical business plan for your own community. Practice roles of actual small businesses, including architecture, CEO, accounting, marketing, advertising, & interior design. **Availability: Period 1**

### **PERSONAL FINANCE**

Do you want to save money for college? Or have you thought about investing? Can you tell the difference between a debit and credit card? And do you dream of an early retirement? This course will provide students with an early path to becoming financially literate and engage with topics in an exciting and tangible way via the use of projects and games. **Availability: Period 1, 2, or 3**

# ENGLISH, READING, AND WRITING

## INTRO TO 6<sup>th</sup> GRADE TC READING

Be prepared for sixth grade! First, we will focus on the deep study of character and how characters are extremely complicated. We will read short stories and watch movie shorts to study complex character traits, how setting influences characters, and how characters help readers determine theme. We will also practice the fundamentals of nonfiction reading to prepare for the nonfiction reading unit. Finally, we will work on the mandatory 6<sup>th</sup> grade summer reading assignment due the first week school. *Students must have a copy of the summer reading novel that they have chosen.*

**Availability: Period 2**

## WRITING 6

Sharpen your reading and writing skills to prepare for the high expectations for success in middle school. We will review skills such as vocabulary development, sentence structure, as well as paragraph and essay writing.

**Availability: Period 1, 2 or 3**

## INTRO TO 7<sup>th</sup> GRADE READING

Be prepared for seventh grade, including Teachers College reading units of study. We will focus on reading and annotating for the elements of character, conflict, setting, theme, challenges, and connections, which are all part of the characterization reading unit as well as their summer reading assignment. Students practice double entry journals and will preview minilessons used during the Historical Fiction reading unit. *Students must have a copy of the summer reading novel that they have chosen.*

**Availability: Period 2 or 3**

## INTRO TO 7<sup>th</sup> GRADE TC WRITING

Be prepared for seventh grade! We will focus on two of the main 7th grade TC Units of Study for writing: Literary Essay and Independent Research Projects. Students will hone their literary essay writing skills. They will develop their own thesis statements, write strong introductions, explain and analyze text evidence, and focus on ending their essays with powerful conclusions. They will also develop their own mini research projects. They will focus on the process of researching and annotating, note-taking, and synthesizing their notes into writing about a topic.

**Availability: Period 1 or 3**

## ENGLISH 8

This course is designed for students entering 8<sup>th</sup> grade in the fall. Explore various themes of literature and express yourself through creative writing. We will practice text and literary analysis, different writing styles, and we will also explore popular topics in English 8.

**Availability: Period 2 or 3**

## ENGLISH 9

Read and discuss literature on a high school level to sharpen your analytical skills. We will read selections from popular high school texts and explore a variety of literary situations. Learn to write expressively and confidently as you prepare for high school.

**Availability: Period 1**

## GRAPHIC NOVELS

Develop your reading and writing skills through the study of graphic novels! Learn the language that is necessary to reading and understanding graphic novels. Enhance your literary skills as you create your own graphic novel (either digitally or by hand). Develop the story arc, create the panels of a full graphic novel book, and design your own pages. You will take home your very own unique graphic novel!

**Availability: Period 1**

# ARTS, COMPUTERS, & TECHNOLOGY

## **ARCHITECTURE**

Learn the fundamentals of residential design. Design a one-story home to scale. Use Computer Aided Design software to render professional-style designs.

**Availability: Period 3**

## **CLAYMATION (Grades 4-9)**

Make your own animated film from start to finish! Create stories with clay sculptures that come to life with iStop and iMovie on the iPad!

**Availability: Period 2**

## **CLAY CREATIONS**

Explore the art of clay! Learn specific techniques to create a vase, jewelry box, small animal sculptures, and other unique designs!

**Availability: Period 3**

## **DISCOVER SCULPTURE (Grades 4-9)**

Work with clay, papier-mâché, and wire. Create action figures, mobiles, and more!

**Availability: Period 1**

## **DRAWING AND PAINTING FOR BEGINNERS (Grades 4-9)**

Love to doodle? Learn to draw with colored pencil, pen, Sharpie, charcoal, pastel, and even glue. Explore the use of watercolor, acrylic paints, and by combining multiple materials.

**Availability: Period 1**

## **DRAWING THE WORLD AROUND YOU**

Nobody sees the world the way that you do. Share your own unique point of view. Gain confidence in your art and learn the five basic drawing skills.

**Availability: Period 2**

## **FUN WITH FILMMAKING!**

Learn the basics of TV and media production in a modern, professional studio. Make game shows, talk shows, music videos, and more!

**Availability: Period 1, 2, or 3**

## **GADGETS AND GIZMOS**

Design and build model cars, boats, and hovercrafts, and engineer a Rube Goldberg maze.

**Availability: Period 2 or 3**

## **HOLLYWOOD HERE I COME!**

Learn and practice star- and stage-quality acting skills.

**Availability: Period 3**

## **PAINTING: TECHNIQUES OF THE MASTERS (Grades 4-9)**

Do you love to paint? Learn the secrets of the Masters of Art such as Monet and Georgia O'Keeffe... 5 artists in 5 weeks!

**Availability: Period 3**

## **ROBOTICS – LEGO ROBOTICS (Beginner)**

Design, build, and operate your own mechanical robot out of Legos. Then, participate in a variety of robot competitions, including robot races, capture the flag matches, and our always popular Battle of the Bots! We will use EV3 kits and the brand-new Spike Prime kits to build and program. Taught by the award winning Robotics coach at North Middle.

**Availability: Period 1**

## **ROBOTICS – TETRIX ROBOTICS (Advanced)**

Students will design, build, and operate robots based on the Tetrix robotic system. These aluminum based robots are the basis of the FIRST Tech Challenge competition, so prior experience with any robotics is recommended. The class will build their versatile robots while learning about the structural components, drivebase motors and various servos. The class will include head to head competition and various obstacle courses. Taught by the lead mentor of the award winning South High School Rebel Robotics Team.

**Availability: Period 1**

## **ROCKETRY**

3... 2... 1... BLAST OFF!!! Build and launch model rockets.

**Availability: Period 1 or 2**

# MATHEMATICS

## **COMPETITION MATH for Grades 6-9 only**

Feel like winning a different kind of tournament? Participants will work on challenging math problems from these competitions: MATHCOUNTS, AMC 8, NEW YORK MATH LEAGUE, and Purple Comet. Working on these problems will build students' problem solving skills and prepare them for next year's competitions! Taught by the coach of North Middle's award-winning Math Team, and designed for students in grades 6 through 9, this course ends each week with a fun, friendly team competition that students always enjoy!

**Availability: Period 2**

## **MATH CHALLENGE for Grades 5 and 6 only**

Math can be playful, beautiful, competitive, and thought-provoking. In this course, students will explore mathematical concepts found in art and design, games, nature, and language. Students can expect to be challenged with activities that explore math through a new lens and problems and puzzles that require multiple strategies flexible, outside-the-box thinking, and a persistent mindset.

**Availability: Period 2**

## **INTRO TO MATH 5 (only for incoming 5<sup>th</sup> graders who are enrolled in Math 5)**

Get ready for fifth grade math! We will cover place value, reading and writing numbers up to ten million and expressing them in various forms (standard, numerical, and word); comparing and ordering numbers; and problem solving!

**Availability: Period 1 or 3**

## **INTRO TO MATH 6 (only for incoming 6<sup>th</sup> graders who are enrolled in Math 6)**

Get ready for rigorous middle school math! Topics include: solving problems involving ratio and rate; operations with fractions and decimals; expressions and equations; statistics; and developing problem-solving skills involving real-world situations.

**Availability: Period 1 or 3**

## **INTRO TO EP MATH 6 (only for incoming 6<sup>th</sup> graders who are enrolled in EP Math 6)**

Get a head start on the problem-solving skills needed to succeed in rigorous EP Math 6! Topics include: integer operations; solving algebraic equations and inequalities; the concept of a function; ratios and proportional reasoning; percents; and statistics.

**Availability: Period 1, 2, or 3**

## **INTRO TO MATH 7 (only for incoming 7<sup>th</sup> graders who are enrolled in Math 7)**

Get ready for 7<sup>th</sup> grade! Topics include: translating word phrases and sentences into mathematical expressions; integer operations; solving and graphing equations and inequalities; functions; percents; ratios and proportional reasoning; and statistics.

**Availability: Period 3**

## **INTRO TO PRE-ALGEBRA (EP 7)**

### ***(only for incoming 7<sup>th</sup> graders who are enrolled in Pre-Algebra (EP Math 7))***

Gain the problem-solving skills to succeed in rigorous Pre-Algebra! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying the Pythagorean theorem.

**Availability: Period 2 or 3**

## **INTRO TO MATH 8 (PRE-ALGEBRA 8)**

### ***(only for incoming 8<sup>th</sup> graders who are enrolled in Pre-Algebra 8 (Math 8))***

Set yourself up for success with a preview of 8<sup>th</sup> grade math! Topics include: solving linear equations and their systems; concepts of functions and using functions to describe quantitative relationships; analyzing two- and three-dimensional space; and applying Pythagorean theorem.

**Availability: Period 1 or 2**

## **INTRO TO ALGEBRA I (MATH 9) (only for incoming 9<sup>th</sup> graders OR incoming 8<sup>th</sup> graders in Algebra I)**

Get a head start this summer on Algebra I! Topics include: solving multi-step equations and inequalities; working with and graphing a variety of different types of functions; solving word problems involving both functions and systems of equations; and using a graphing calculator efficiently.

**Availability: Period 1, 2, or 3**

# INSTRUMENTAL MUSIC

**Fee:** **Early Bird Registration: \$432 per class** (register before 5/10)  
**Regular Registration: \$494 per class** (must be registered by 6/6)

## **BEGINNER MUSIC: Woodwinds, Strings, or Brass (choose a category based on instrument)**

Learn to play a new instrument! No previous music background is required! You must have the instrument with you to participate (see the bottom of this page for information on renting or purchasing an instrument).

**Woodwinds:** flute, oboe, clarinet, alto saxophone, bassoon

**Strings:** violin, viola, cello, double bass

**Brass:** trumpet, tuba, trombone, baritone horn, French horn

**Availability:** For Grades 4-9: Period 2 (9:30-10:30) OR Period 3 (10:30-11:30)

## **MAKE MUSIC: BAND & ORCHESTRA (choose based on instrument)**

Intermediate Program for students with some experience playing an instrument. Play your instrument in a band (woodwinds or brass) or orchestra (strings). Learn pop, jazz, and classical pieces and perform in a concert.

**Availability:** Period 1 (8:30-9:30) for Grades 5-9

## **AFTERNOON MUSIC**

**Dates:** July 8<sup>th</sup>-10<sup>th</sup>, July 14<sup>th</sup>-17<sup>th</sup>, July 21<sup>st</sup>-July 24<sup>th</sup>, July 28<sup>th</sup>-July 31<sup>st</sup>, August 4<sup>th</sup>-7<sup>th</sup>

**Fee:** \$741 (must be registered by 6/6)

- **"Pops" Symphony Orchestra .....12:30-2:00 p.m., Monday-Thursday ONLY!**  
Open to all band and orchestra students (string, brass, percussion) for students advanced beyond our morning "Make Music" Band and Orchestra classes. The "Pops" Symphony Orchestra will be a combined band and orchestra and will perform popular jazz, movie, and light concert music.
- **JAZZ BAND.....2:30-4:00pm, Monday-Thursday ONLY!**  
Students in grades 6-12 (or by audition), who play flute, clarinet, saxophone, trumpet, trombone, baritone horn, piano, electric guitar, bass/tuba and drum set.

**Transportation:** The district does not provide transportation to the program; transportation *may* be provided home at 2:00pm and 4:00pm depending on enrollment, **but is not guaranteed**. Please only register if you can provide transportation for your child both ways.

- If students are in the morning enrichment program and take "Pops" Symphony Orchestra, they can stay on campus until "Pops" begins (please bring lunch).
- If students are in the morning enrichment program and take Jazz Band, they must take the bus home at 11:30 and must be brought back to campus before Jazz Band begins; they cannot stay on campus.
- If students are not in the morning enrichment program, they must be driven to school before music begins.

### **\* Instrument rentals are available through the following vendors:**

Catalano's Music Center – 1017 Jericho Turnpike, New Hyde Park – (516) 488-2522

Laconia Music Center – 410 Jericho Turnpike, New Hyde Park – (516) 352-4070

**\* Please contact music director Mr. Michael Schwartz** (mschwartz@greatneck.k12.ny.us) for any questions about any of these music courses or about renting instruments if the above vendors are unavailable.

## AFTERNOON MUSICAL THEATER

**Tuesday, July 8 – Friday, August 8**  
**11:45 a.m. – 2:45 p.m.**

Be a part of this year's summer musical production of *Annie, Jr.*! Over the course of five weeks, you will have the opportunity to shine onstage while learning and strengthening your performing skills and techniques in acting, singing, and dancing through theater games, choral singing, and choreography. And then, after all of this fun and exciting work, the summer will culminate in a fully staged performance of a popular musical with live music, costumes, sets, and lights!

**Availability: Grades 5-9**

**Fee: Early Bird Registration Fee: \$1,296** (register by May 9<sup>th</sup>)

or **Regular Fee: \$1,482** (must be registered by June 6<sup>th</sup>)

**Time: 11:45 am – 2:45 pm (three hours) for five weeks**

- **Please note** – Students should be present during the first week of the program for auditions.

**Transportation:** Transportation will be provided home at 2:45pm

If students are in the morning enrichment program, they can stay on campus until Musical Theater begins (please bring lunch).

If students are not in the morning enrichment program, they must be driven on their own in time for the program to start at 11:45am.

# GREAT NECK SUMMER SCHOOL PROGRAM

## **Board of Education:**

Grant Toch, President  
Donna Peirez, Vice President  
Joanne Chan, Trustee  
Steve Chen, Trustee  
Rebecca Sassouni, Trustee

## **Superintendent of Schools:**

Kenneth R. Bossert, Ed.D.

## **Assistant Superintendents for Education:**

Daniel J. Holtzman, Ed.D.  
Diana M. Haanraadts  
Joseph G. Hickey, Ed.D.

## **Deputy Superintendent:**

John J. O'Keefe

## **Summer School Administration:**

Maria Hartofilis, Principal  
Erica MacDonald, Assistant Principal
