INSTRUCTIONAL FOCUS & RECOGNITIONS

BISD Deputy Superintendent Liesa Land introduced recognitions of the Superintendent's Student Advisory Cabinet (SSAC) members along with the teachers they selected as having the most significant and lasting impact on their lives. Every year, campuses provide two names of students from grades six through twelve to serve on the cabinet. These students meet with BISD Superintendents once a month over lunch and discuss a variety of topics to gather valuable firsthand input from a student's perspective. The students were asked to

provide the name of a favorite teacher who had the most impact on them during their education at BISD. Dr. Young congratulated the students and their chosen teacher and presented each of them with a certificate recognizing their contributions.
