

Dear Parents & Students

We are in the home stretch of the school year. We've begun the 5th weeks reporting period. During the month of April, we've begun STAAR testing. Our students have been working hard preparing for STAAR. We look forward to seeing the students academic growth after completing the tests. With only one more six weeks until the end of the school year. Summertime is right around the corner. Then 2025-2026 school year will soon be quickly approaching. Students can look forward to many exciting things coming to Atwood. Parents, please continue to encourage and have students well rested during STARR testing.
