FALL

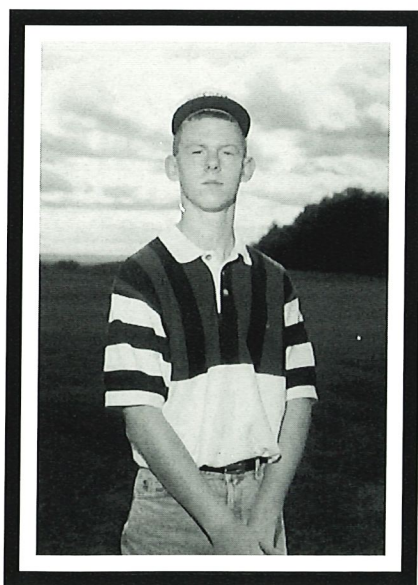

RIVERSIDE GOLF

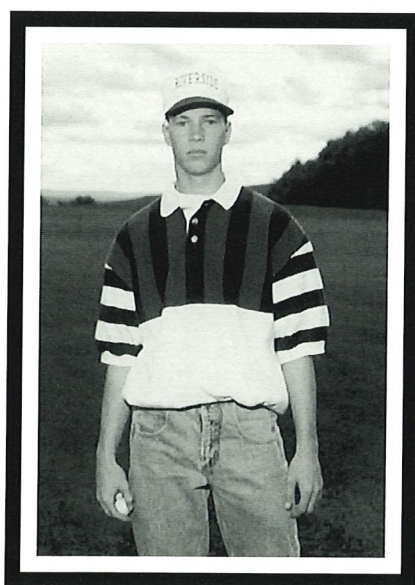

Under the guidance of coach Mr. Jack Helcoski, the Golf Team finished the season with a record of 3-4-1. Seniors Michael Cox and Pat Connor filled the roles of team captains. By the end of the season, Michael Cox earned a position on the second all star team. Jeff Hartman, Jerry Waters, and Rene Lukasiewicz were also senior members of the team.

RIVERSIDE FOOTBALL

Led by captains Cory Bowen, Rich Conte, Dan Nelson, and John Cadwalder, the 1994-1995 Football Team finished the season with a respectable record of 5-6. Also proudly representing the Viking Football Team are seniors Mark Zielinski, Mike Cole, and Ryan Doran. Mike Cole, Cory Bowen, Dan Nelson, and Rich Conte rightfully earned positions in the Dream Game while Mark Zielinski and Ryan Doran filled the alternate slots.

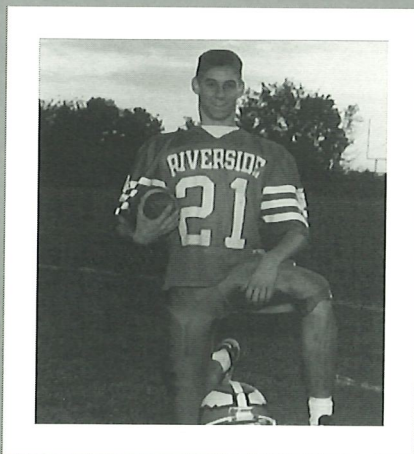

This year many senior players proved that they were serious about their game by playing hard. During the week of the Prep game, Mark Zielinski captured the title of Defensive Player of the Week. By the end of his football career at Riverside, Mike Cole ran only a few yards shy of the one thousand yard mark. Rich Conte received an athletic grant from Wilkes University, and Syracuse University awarded Cory Bowen a full athletic scholarship. The Viking Football Team is coached by Mr. Steve Armillay.

GIRLS' TENNIS

Due to much determination and drive, the Girls' Tennis Team posted a record of 4-4 for the 1994-1995 season. Mr. Paul Wolf was the coach; seniors Judi Talerico and Jaclyn Malinowski occupied the positions of captains. Senior Judi Talerico played third singles while Jaclyn Malinowski played fourth singles. As the end of the season drew near, Judi Talerico, Jaclyn Manlinowski, Stacey Appnel, and Samantha Zigmont competed in districts. Because of their hard work and devotion, Judi Talerico and Jaclyn Malinowski both received the Outstanding Tennis Player Award.

"Boardgames" was the theme for this year's homecoming. This theme initiated a week full of various events, such as hall decorating and dress up days. "Disney Day" kicked off the week. The school's spirit did not die on Tuesday as a majority of the students participated in "Hawaiian Day." On Wednesday, students were comfortable in class since they wore "pajamas." Almost everyone let loose as "Hippies" on Thursday. Friday, the official "Red and Blue Day," took place with Cory Bowen capturing Homecoming King and Denise Stolan and Jim Bennie receiving the honorable "pie in the face." The Homecoming Dance, which was held on Saturday, was highlighted with the crowning of Homecoming Queen, Barbara Brzenski.

BAND

For the first time ever, Riverside had the privilege of hosting the Pennsylvania Music Educators Association District 9 Band Festival this year, which was held on February 11th. The district band was comprised of 187 talented students from 40 schools throughout Luzerne, Lackawanna, and Susquehanna counties. Leading the band were Riverside's Band Director, Mr. James R. Bone, and Mr. John Milliauskas, Guest Conductor. This special occasion was enhanced by the selection of two Riverside students, Dan Walsh and Dino Vervitsiotis, to the district band.

PRESIDENT — JEFF HARTMAN

Once again Art Club members picked up their paint brushes and focused on their appreciation of art. By painting the cafeteria windows with festive holiday scenes, some club members added to the Christmas spirit. Other members chose to beautify the school by painting murals. The main event of the year was the trip to the Natural Gallery of Art in Washington D.C. Mr. John Kosek is the advisor of the Art Club.

SADD

Once again **Students Against Driving Drunk** attempted to increase the awareness of the dangers of driving under the influence. This year SADD was responsible for the arrangement of speakers, who spoke of the hazards of drinking and driving during prom season. At the prom, SADD distributed quarters so that anyone, who "needed to make a phone call," had the opportunity to call a cab. The advisor is Miss Susan Ludwikowski.

CLASS HISTORY

1995 Class History

Scene: The year is 2007. This is Jaclyn's first year as a psychologist. Ryan, an engineer, enters her office very confused.

R: Hi! I am here for my appointment

J: Okay. What can I do for you?

R: Well, I've been so confused ever since high school. I went into engineering thinking that I'd be working with electrical equipment and all they have me doing is driving this stupid train.

J: How did you get so confused?

R: It all started when I didn't help my partner write the beginning of the class history because I wanted to go fishing instead. I've felt terrible ever since.

J: Hey, that was me that you left. You must be Ryan Doran.

R: and you're Jaclyn Malinowski! Well I hope that you can help me now because I don't want to be so confused as Dana Koval used to be in high school.

J: High school? I can't believe that we've been out for twelve years. Our class was the best wasn't it?

R: Yeah! at getting arrested.

J: I wonder if Rich Conte got off his house arrest yet?

R: At that time he was the only senior who had to be in by 9:00.

J: Our class was also known for getting suspended.

R: Yeah, like when Randy Negvesky knocked out Jason Sopinski in the cafeteria our senior year.

J: The funniest was Leo Wolfsberger's in school suspension when he got caught taking his very young girlfriend to our senior prom.

R: It seems like he was always after the younger girls.

J: Speaking of the prom. Remember when Judi Talerico was so happy she cried when she got prom queen

R: and when Jeff Hartman didn't expect to get prom king

J: as people were taking pictures he was putting on his suspenders, bowtie and suit coat.

R: Remember Jim Bennie's crazy Coolio dance?

J: Why did they call him Coolio anyway?

R: because during football season he wore dreadlocks in his hair.

J: or how about Mark Zielinski's dance to the Wild Thing by Tone Loc?

R: who could forget Paul Tomczyk and Jim Minicozie dancing the night away.

J: Who was that Jim kid anyway?

R: I'm not really sure but one thing is for sure Jessica Boyko and Katie Wiedlich were dateless the rest of the night while the two boys danced.

J: Too bad the prom only lasted "For Just a Moment"

R: that's all it took for Cory Bowen's butt to go through

Mrs. Ludd's window

J: his butt? Didn't he tell Mr. Kasulis it was his elbow?

R: What college did he go to again?

J: How could you forget? He advertised the college by wearing their shirts,

R: and hats

J: and pants

R: and even carried their fight song on his keychain.

J&R: Syracuse!

J: Cory was a big guy

R: but no one was as big as Jamie Granko!!!

J: Remember in eleventh grade when James Levan accidentally set Jonelle Golden's hair on fire while playing with his lighter. That was pretty bad.

R: but not as bad as the bomb threat we had in twelfth grade

J: or the tornado in ninth grade

R: or when we got out of school early because of a big snow storm which never happened.

J: The boys track team did well our senior year

R: That year the 1600 meter relay team had a record breaking season

J: Rob Zuby was used to breaking records. He even placed in States our senior year.

R: Kim Novack also broke a record of her own

J: yeah! the most days absent in one school year.

R: I wonder what happened to our girls' softball, basketball and track teams our senior year.

J: let's just say that there weren't more than two senior girls in each sport.

R: but some of the girls were pretty unique in their own way especially Amy Pursinsky who got the award for most unique style in the class

J: How could you forget Courtney Murphy and her hyena-like laugh?

R: Her laugh was so loud it could be heard all over the school.

J: And then there was Karen Coolbaugh.

R: She made class interesting by showing off her double-jointed elbows.

J: How about Jessica Boyko and her get-away-car?

R: Why was it called get away? It usually stalled before it got out of the parking lot.

J: Because the rust spots looked like bullet holes and the broken speedometer never got below 100.

R: Whenever you hear Dan Nelson refer to Kristi Getts he always called her lunkhead.

J: I never knew why they called her that.

R: I guess you never saw her move her scalp back and forth.

J: Some of the teachers we had were pretty unique also.

R: Mr. Roberts was known for his corny jokes.

J: And whenever you think of food you think of Mr. Pettinato.

R: And whenever you think of Mr. Evans you think of Sandy Dructor.

J: And wherever Mr.

D'Amico was, Katie and Kelly were there.

R: I don't think they ever left his side.

J: The boys in Mrs. Ludd's Advanced Composition class never went hungry.

R: I know. I heard she liked to bake cookies and brownies for them.

J: Mr. Kasulis' readings of the announcements were pretty unique.

R: I think it would have helped if he read them over first.

J: Tara Lisowski and John Matthews got class couple.

R: In my opinion, Kim Rinaldi and Rich Conte should have gotten it.

J: Class night went by so fast that I can't remember it very clearly.

R: Clear definitely doesn't describe our slide show.

J: Yeah, by the time you figured out who was in the picture, the next slide appeared.

R: Then came graduation practice.

J: It was difficult singing the song, "Through the Years" because of the high notes.

R: We sounded so terrible that Mrs. Hapstack walked out of the auditorium before practice was even over.

J: And our practices were limited due to the teachers' strike.

R: At least we got out of school two days earlier.

J: Our class may have had a bad reputation, and we definitely were not close, but we did have some good times.

R: Yeah, the Class of '95 won't be forgotten.

J: And the memories we have will last forever.

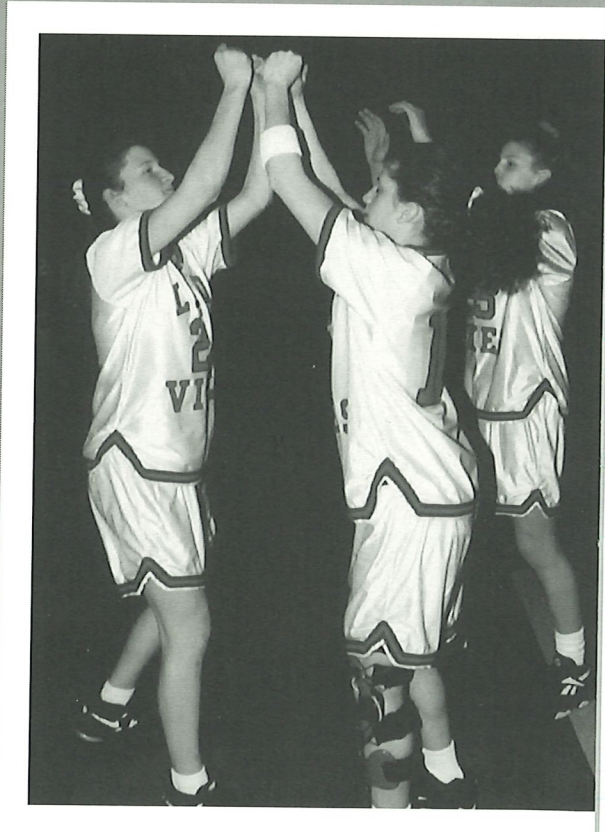

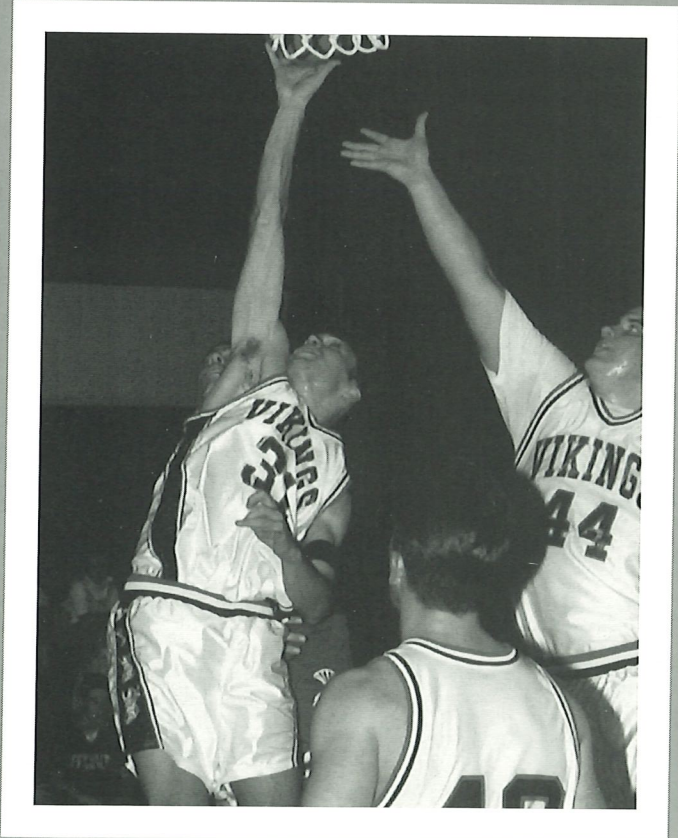

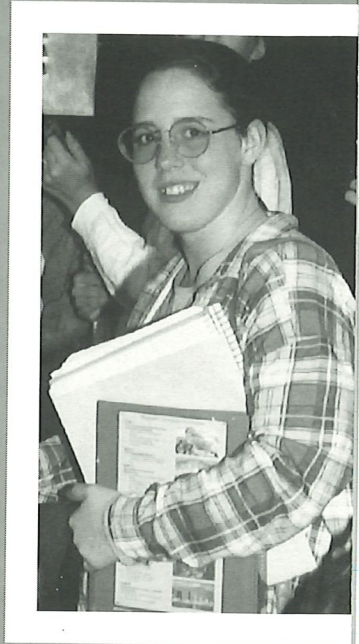

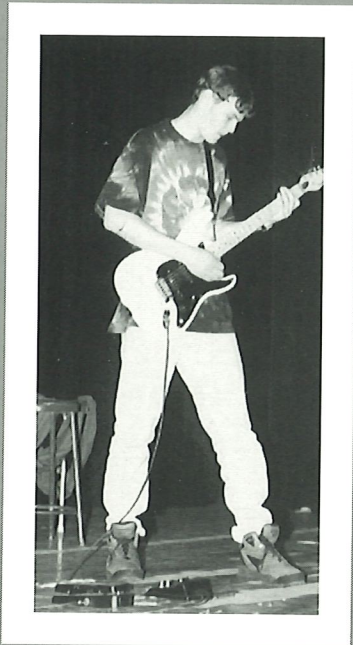

R: Well, since my time is up, I should probably go and come back another time.

J: Yeah, I'm late for my next patients.

R: Who are they?

J: Well, there's *Kelly Calpin* who thinks she is *Michael Jackson* and *Brad Fedor* who thinks he is *Larry Bird*.

SKI CLUB

The Ski Club continued to hold its position as one of the most popular clubs at Riverside. Throughout the winter, the club offered weekly trips to Montage Mountain. This year the club successfully completed a weekend trip to Lake Pacid in New York with the leadership of advisors Mr. Pat Joyce and Mr. Jack Evans.

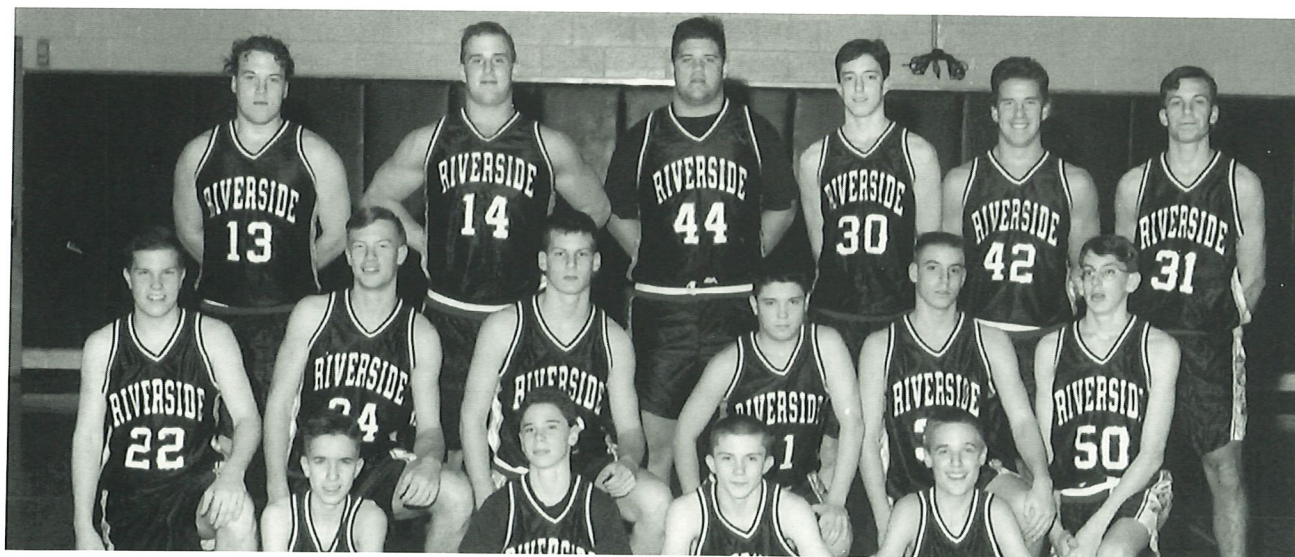

BOYS' BASKETBALL

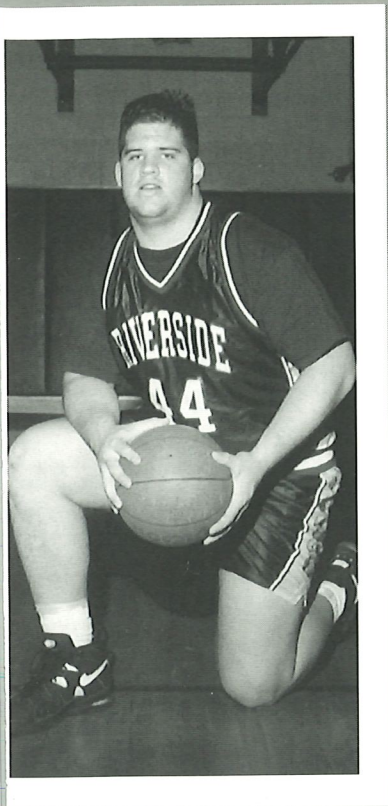

SENIORS

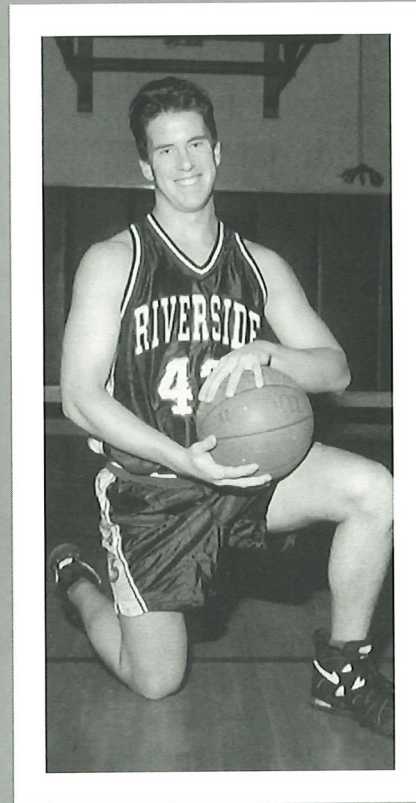

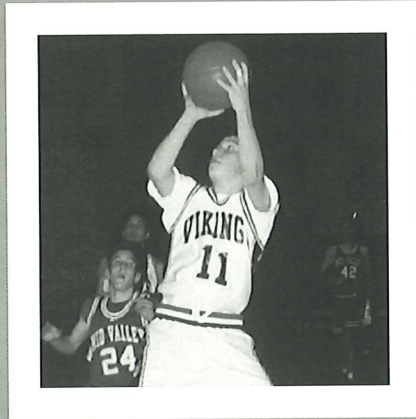

After a very competitive pre-season, the Vikings once again won the Taylor Lions Holiday Tournament. In league play, the team was very competitive, having a chance to win the all season champions in the next to last game. The team finished with a record, including big wins over Old Forge and League Champion Valley View. Tri-captains Cory Bowen, Jeff Hartman, and Joe Orr led the team. The remainder of the team was composed of Jim Piton, Charlie Waters, Jamie Siminski, and Dan Digwood. Some of the end of the year awards were the following: Best Offensive, Joe Orr; Best Defensive, Jeff Hartman; and the Burton Reese Outstanding Player Award, Cory Bowen. The team was coached by Mr. Dave MacArt, Mr. Jerry Waters, Mike Judge, and Mr. Craig Bowen.

GIRLS' BASKETBALL

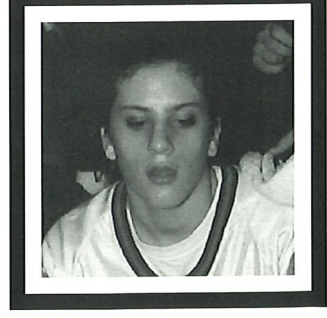

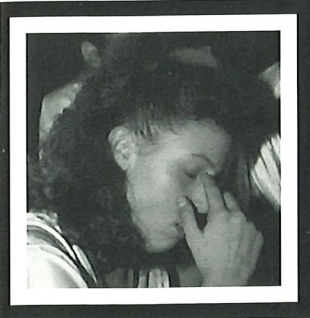

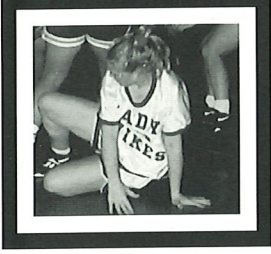

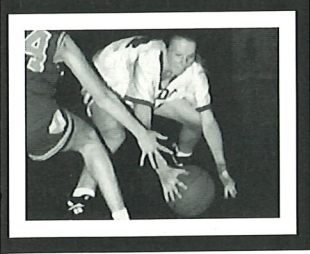

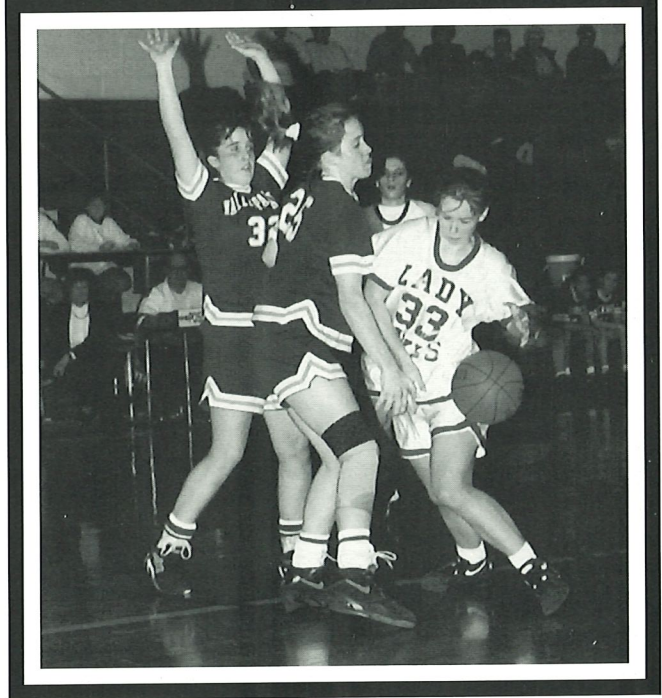

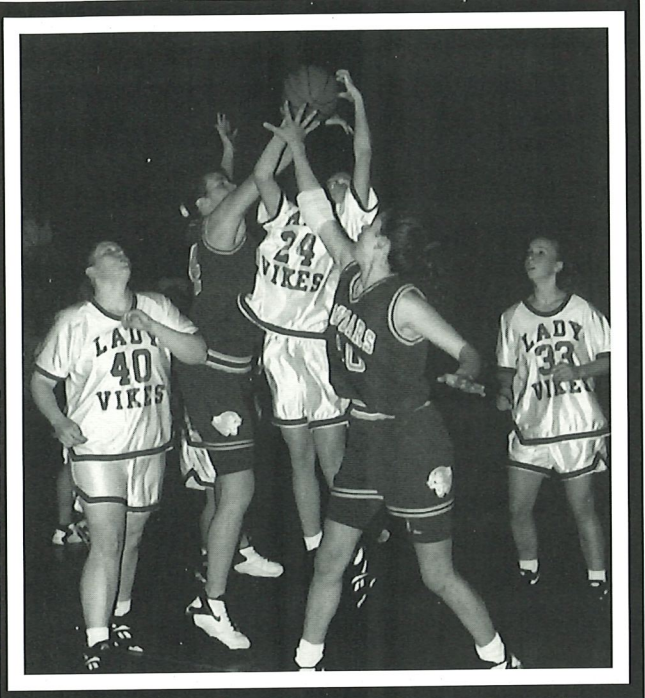

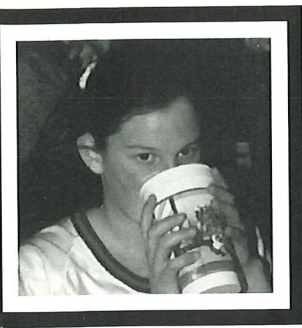

The Girls' Basketball team compiled a league record of 6 wins and 8 losses for the 94-95 season. Despite the fact that all of the team's starters were underclassmen, the Lady Vikes rightfully re-established themselves as a playoff team. Since all of the team's starters will be returning next season, the Lady Vikes are looking forward to improving their league record and playoff position.

Senior Barbara Brzenski served as captain of the Lady Vikes for the 94-95 season. Kelly Connor, Rachel Drazdowski, and Eileen Preslock were chosen as the team's co-captains.

NATIONAL HONOR SOCIETY INDUCTION

The Riverside Chapter of the National Honor Society held its annual induction ceremony on March 29 in the auditorium. Mr. Robert Murphy participated in the program as a guest speaker while Pam Heckman and Samantha Zigmont volunteered to entertain audience members with their vocal talent. René Lukasiwicz, Barbara Brzenski, Craig Keller, Judi Talerico, and Karen Coolbaugh delivered speeches for History, Character, Scholarship, Leadership, and Service respectively. By the end of the evening, sixteen new members were inducted along with six new officers. The advisor is Mrs. Paula Bartkovsky.

DANCING IN HEAVEN

"Dancing in Heaven" was the theme for this year's annual unit show, which was held on February 25 in the auditorium. The 1994-1995 Miss Viking Kim Rinaldi choreographed the dances with the help of the squad captains and features. For the traditional senior number, the girls danced to the song "We Belong." As the 94-95 units gathered together for their last major performance, they felt as if they were "dancing in heaven."

ON WITH THE SHOW

The talent show was held on December 1 in the auditorium. This year the seniors proved that their talent runs deep. Courtney Murphy and Denise Stolan demonstrated their dancing ability to the tune "Wind Beneath My Wings." For just a moment, students believed Michael Jackson was performing on stage. To their surprise, Kelly Calpin was performing on stage. Megan Merrick also showed her love of dance as she performed to the song "Total Eclipse of the Heart." Through the use of his vocal skills and guitar playing ability, Keith Walsh participated in the event. Dave Arvonio, Randy Egvesky, and Tim Gawel's band performed the tunes "Free Bird" and "Far Behind" in addition to many more.

Once again club members successfully utilized the Science Club as an instrument with which to focus their interest in science. With the help of the Science Club, numerous members have left Riverside to pursue careers in science related fields. Every year the Science Club sponsors the annual Science Fair. By ending the year with the Science Fair in the gym on May 11, the club proved to be one of the most enriching clubs in the school. Also, the club entered Dino Vervitsiotis in the Junior Academy of Science where he earned a first award at both the local and state levels. The Science Club advisor is Mr. Lou Pettinato.

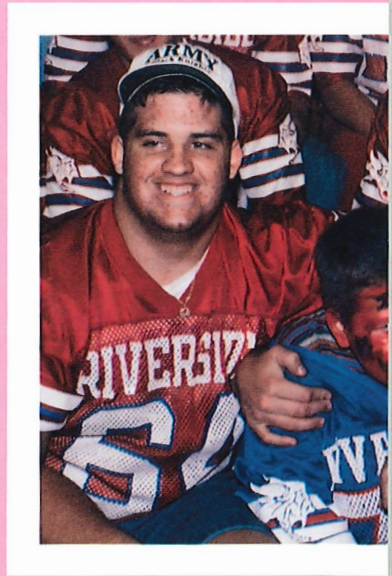

ASTRONOMY CLUB

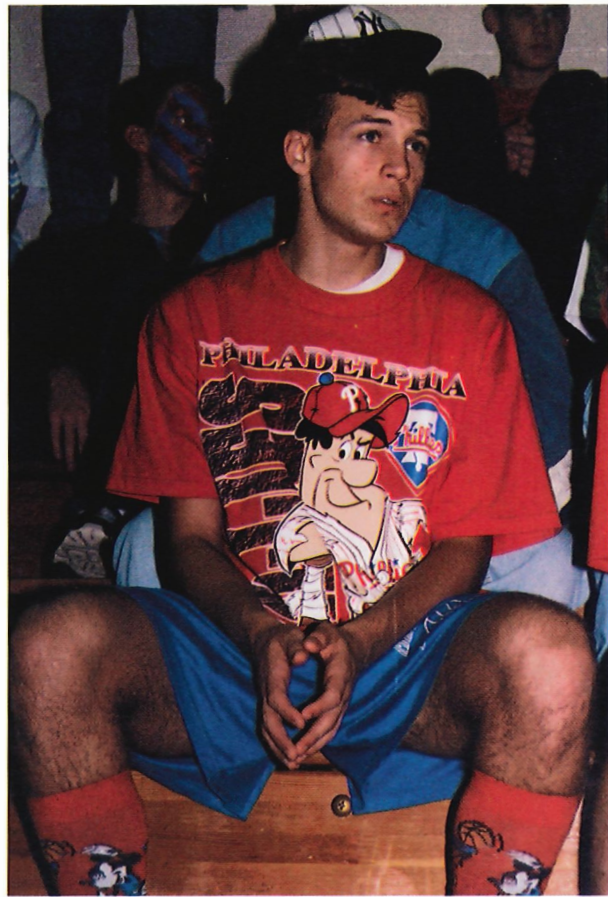

The astronomy club is an organization of students in grades 7-12 interested in learning about astronomy and other aspects of science. This year, the club visited the New York Museum of Natural History on May 17th. The club also raised an accumulation of \$1800.00 from fundraisers from the past two years. The money collected was used to repair the main telescope in the club's observatory.

SENIOR CLASS OFFICERS AND ADVISORS

SALUTE TO RIVERSIDE

As we sit together today,
With graduation drawing near,
Many of us don't realize,
That the day is finally here.

There are only two days left
To reminisce about our peers.
Now we should look back at Riverside,
As we have known it through the years.

As seventh and eighth graders,
Everything was strange.
It was different than being in grade school,
And many things would change.

Everyone was older
And we were no longer in command.
We were now the youngest ones,
And no longer had the upper hand.

Our freshman year, we moved upstairs,
To the upper level of the school.
We were familiar with all the teachers
And, of course, their set of rules.

Tenth and eleventh grade seemed to drag,
As we waited for the end of the year.
When it arrived, everyone was anxious,
Because Senior year would soon be here.

Here we were, finally Seniors,
With our chance to rule the school.
Some didn't waste time studying,
But they practiced being cool.

Spirit Week came and went,
And with it many moments to have seen.
The end of the week was definitely the best,
When Barb was crowned as the queen.

This year's football team was strong,
But it didn't rank at the top of the charts.
Because they tried their best,
We will always remember them in our hearts.

Guidance was the place to be,
For planning a college education.
Because of their help and their support,
We owe them great appreciation.

Our basketball teams could never say,
"We never have support."
They always tried to do their best,
And showed their dedication to their sport.

The ski trip to Lake Placid,
Was different from all the rest.
This year the bus broke down,
And put our nerves to the test.

The Student Council's blood drive,
Was entertaining, without a doubt.
Some students acted macho and tough,
But who would have thought, they'd all pass out!

This year something unusual happened.
A bomb was called in as a hoax.
As we were leaving the school, we wondered,
"What if it wasn't a joke?"

Even with small numbers,
Our track teams couldn't be topped.
The boys and girls especially proved,
That they really couldn't be stopped.

For our final prom we gathered,
And "For Just A Moment," we all got along.
Jeff and Judi were crowned King and Queen,
And then we danced one last song

As we say our final goodbyes,
And close one chapter in our lives,
We must never forget the good times we shared,
Here at Riverside High.

The Viking Yearbook Staff is an organization comprised of seniors who combined their plethora of skills and talents to produce the annual publication. The objective of the staff is to produce a written and pictorial chronicle of the events of the senior year from the first day of school until graduation night.

Faithfully, the Yearbook Staff campaigns to raise money through numerous fundraisers. This year the staff sponsored its annual dance and patron drive. Through much hard work and dedication, the Yearbook Staff and advisor Mr. Pat Joyce made the production of this yearbook possible. The Yearbook Staff hopes you treasure the memories it brings.

GIRLS' TRACK AND FIELD

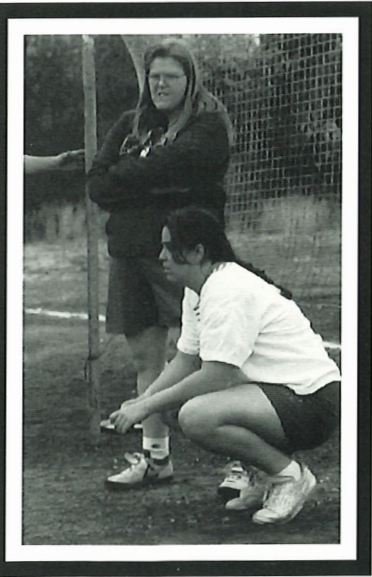

With a record of 4-1 and a second place finish in the AA conference, the Girls' Track Team appeared unstoppable. Their next journey took them to Memorial Stadium for the Jordan Relays. Only six runners made the trip, but by the end of the night these six girls won sixteen gold medals and the Jordan Relays Championship. The team's next stop was districts where Jennifer Tucker won the title of District Champion in the 400 m. Also the 1600 m relay team of Kelli Sarti, Heidi Wolfsberger, Nikole Argonish, and Jennifer Tucker earned the title of District Champions. Due to their fantastic performances at districts, Jennifer Tucker and the 1600 m relay team advanced to the State Competition at Shippensburg University. At the end of the season, Nikole Argonish won the Most Outstanding Track Award; Judi Talerico received the Most Outstanding Field Award; and Jennifer Tucker and Heidi Wolfsberger earned the Most Outstanding Underclassmen Award. Coaches Mr. Ken Bednash and Ms. Michelle Cole look forward to another record breaking season since all of their runners will be returning.

Secretary — April

Treasurer — Rachel
Drazobwski

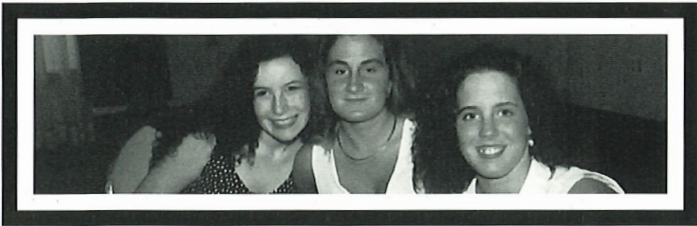

The Student Council experienced a highly successful year. By sponsoring Spirit Week and Homecoming, the club ignited spirit and excitement in the school at the beginning of the year. Club members added to the Christmas spirit by decorating a tree in the commons area. During both the Halloween and Christmas seasons, the Student Council was responsible for the distribution of candy to each student. Club members also conducted the annual lollipop and flower sale for Valentine's Day. By finishing off the year with the annual blood drive, the club proved that it is one of the school's most valuable organizations.

CLASS NIGHT

Class Night was held on Friday, May 26 at Genetti's Manor in Dickson City. After dinner, Barbara Brzenski and Sandra Dructor read the Class Prophecy as classmates laughed at their fun-filled predictions. The class officers distributed the traditional senior awards, which the class voted on. Toward the end of the evening, the officers presented a sentimental slide show of the year's activities.

CLASS DAY

Honored seniors gathered for the annual Class Day ceremonies in the auditorium on June 7. Lori Sledgeski recited the Salute to Riverside; Jaclyn Malinowski and Ryan Doran read the Class History; and Jerry Waters and Judi Talerico left the Class Will behind before the awards were distributed.

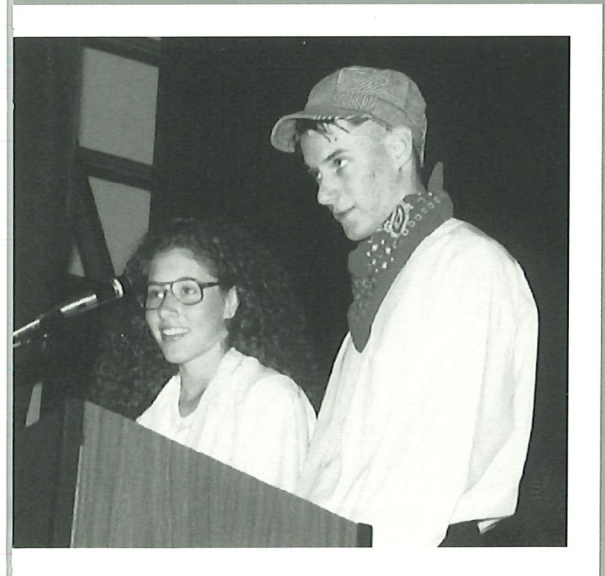

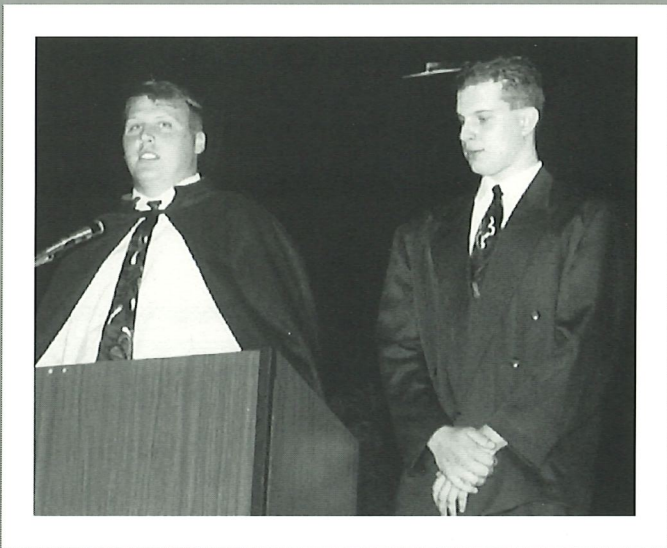

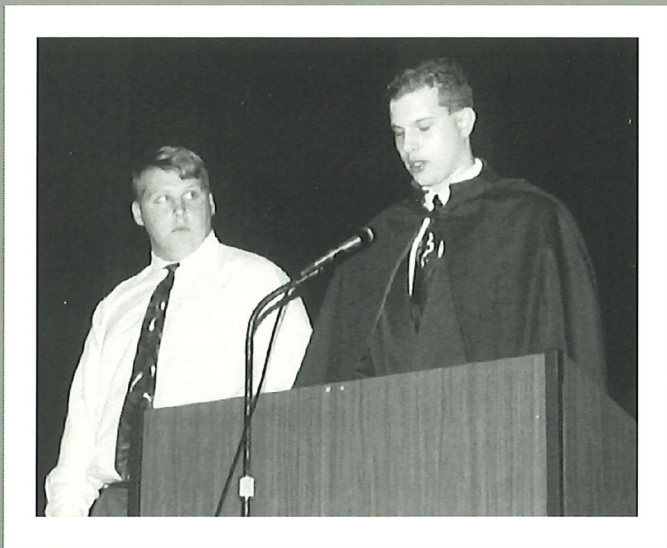

Mr. William Kasulis presented the Gertrude Francis Award and the Hank Evanish Award to René Lukasiewicz, the Louis Serafini Award and the Chuck Sigman Memorial Award to Craig Keller, and the Kleback-Procik Awards to Courtney Murphy and Leo Wolfsberger.

Continuing the presentation of awards, Mrs. Donna Lisowski awarded Barbara Brzenski the Riviello Memorial Scholarship, Leo Wolfsberger the Robert Powell Award and Student Teaching Award, Lori Sledgeski the Triboro Banner Award, and Robert Clewell the Lycoming College Scholarship. “FOR JUST A MOMENT”

“For Just a Moment” was the fitting theme for this year’s prom, which was held at St. Mary’s Center in Scranton on Friday, May 12. “Fancy Dancer” supplied the music for the magical evening. The highlight of the entire night was the crowning of Judi Talerico as Prom Queen and Jeff Hartman as Prom King. Barbara Brzenski and Karen Coolbaugh helped to fill the 1995 court as senior attendants. Junior attendants were Kathy Gilchrist, Dawn DelGuercio, Jessica Morgan, and Robyn Mishuk. For the juniors and seniors, it seemed that their final time together lasted “for just a moment.”

COMMENCEMENT

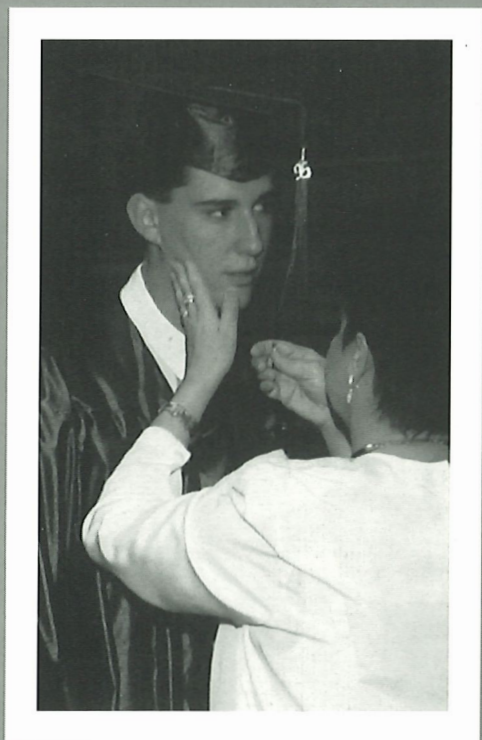

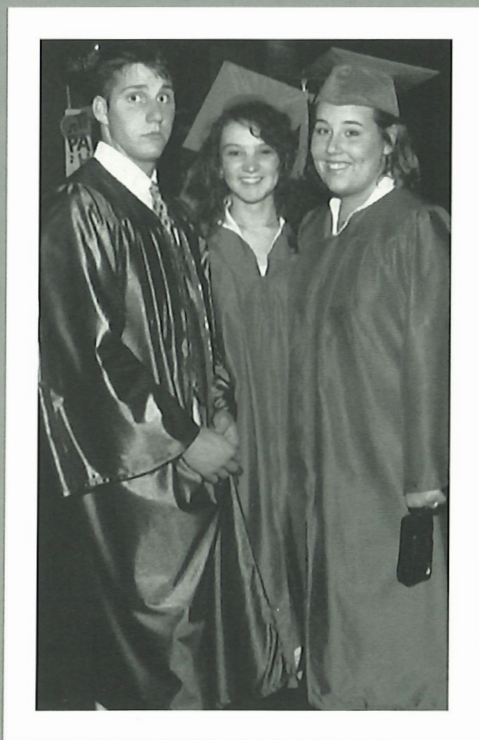

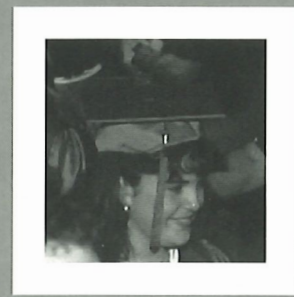

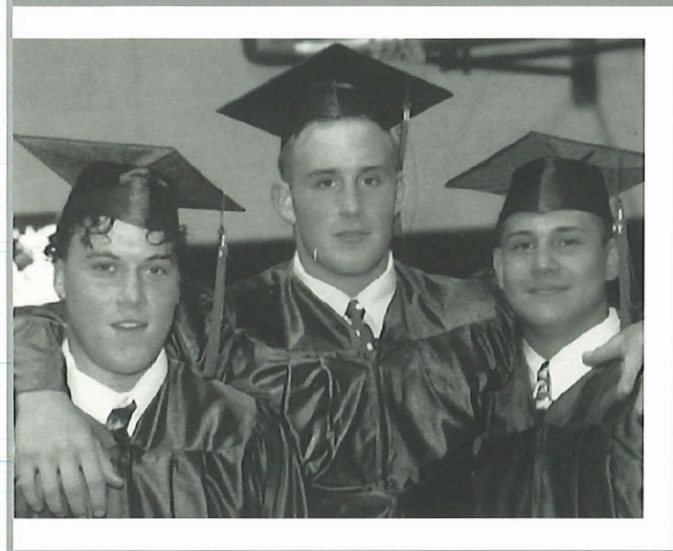

The Thirty-Fifth Annual Commencement Ceremony of Riverside High School was held on Friday, June 9 in the auditorium. During the special event, the class performed "The Star Spangled Banner," "Through the Years," "God Bless the U.S.A.," and the "Alma Mater." Each of the four highest ranked students in the class delivered a speech on a topic of his or her choice. Craig Keller spoke about "Life after Riverside," while Leo Wolfsberger shared his feelings about his time at Riverside through his speech entitled "Time is Relative." Courtney Murphy addressed problems students must deal with during her speech on "Coping with Life's Struggles." René Lukasiewicz encouraged her classmates to believe in themselves as she recited her speech entitled "You Can Fly."

Following the speeches, district superintendent Dr. John Rooney and high school principal Mr. J. Dennis Kryzanowski offered remarks to the class before vice-principal Mr. William Kasulis and school board president Mrs. Romaine Nerch presented the students their rightfully earned diplomas. Finally, as class president Dave Arvonio executed his salute, the class of 1995 realized that their life was beginning as their time at Riverside came to a close.

CLASS PROPHECY

Setting 15th reunion of the Riverside class of 1995 at Genetti's Manor in Dickson City.

Barb Sandy, Sandy Ductor? Is that really you?

Sandy Barb Brzenski! I haven't seen you in a couple of years what have you been up to?

Barb I opened my own center for children who need counseling and I occasionally work with a few of our old classmates. Judie Battle, Jessica Boyko, and Ami Patel have been at a number of psychology conferences I attended. What about you?

Sandy I just became a junior partner in a law firm in Atlanta, Georgia. I work with Brian Segal now, remember him? The firm that hired us had to have a special roof office built especially for him, and that's where they deliver his mail.

Barb Have you talked to anyone else tonight?

Sandy Well, I know a lot of people couldn't make it.

Barb Really, who?

Sandy Kelly Calpin is in Japan on tour with Michael Jackson as a dancer, and Jonelle Golden is in Washington D.C. She was just hired as a defense attorney in the O.J. Simpson case. I don't think that case will ever end.

Barb Just like the problems with the rainforest we're having these days. I heard that Brian Rekus, Ray Mochan, Gary Vosburg, and Dave Wescott have been in Brazil for the past five years developing a new, more efficient way to plant trees.

Sandy I heard that Rob Gething and Rob Zuby are busy preparing for the next summer Olympics. They're trying to bring more gold medals home in track and field. As if ten weren't enough.

Barb Craig Keller, surprisingly, isn't here either. Last time I heard, he was in California creating his own computer program that lets a student get an education without all of the hassels, like school spirit.

Sandy Tommy Nezlo developed his own virtual reality program in which the person becomes a character from a Jim Carey movie.

Barb Becky Miszkiel landed a good job with IBM after college, and Joe Sposto works with computers, too. On the side he's a movie critic.

Sandy Speaking of movies, Lori Sledgeski is a movie producer now. She's on location filming a movie about people obsessed with their jobs.

Barb A couple of people we graduated with are high ranking officers in the armed forces. Russell Stoudt and Ben Moorehead became Navy Seals, Francis Cravetts is a Marine, and Chris Matsko is a pilot for the United States Air Force.

Sandy I did see Tara Lisowski and John Matthews are still together. They opened a business across the street from a company owned by Jason Davis and Kevin Duggan. Jason designs and builds office buildings and Ken supplies the buildings with modern communication equipment.

Barb Tara told me that Tara Romanko, Gina Connors, Val Schab, and Melanie Shafer n style hair for famous people all over the country.

Sandy Some people are doing what they always loved to do in high school. Just look at the band playing here tonight. We're lucky that Tim Gawel, Randy Negvesky, and Keith Wi took time off of their tour to perform here. They tell me that Dave Arvonio takes time from his dental practice occasionally to sing with them.

Barb I hear some of their songs were written by Connor and Guy Connolly, and that they amazingly resemble some old Beatles' tunes.

Sandy And their album cover was designed by Joe Buchalski and Dave Perry, who own their studio.

Barb Yeah, I heard about that. Don't they make tattoo designs for Jason Sopinski's tattoo shop?

Sandy I think so. I also remember hearing that Art Prusinski did some designing, too. I heard made the dance costumes for Jennifer Jezorwski, Megan Merrick, and Jaclyn Malinowski's performances in Russia.

Barb Yeah, I read about that in an article in *Cosmopolitan* written by Shana DeFilippis Becky McCawley. I was just talking to Becky and she said that they travel around doing interviews with famous people.

Sandy Did you hear? Mike Micciche developed a new computerized parking system at the F Barons Stadium. The one and only one person who isn't happy about it is Mr. Evar.

Barb Speaking of stadiums, Jerry Waters designed a basketball stadium for the Denver Nuggets.

Sandy Who?

Barb Remember, Sports Express? Whoo-whoop.

Sandy Oh, yeah.

Barb Ryan Doran designed a new football stadium for the Green Bay Packers and Mike Evar was the head carpenter.

Sandy Doesn't Mike Cole play for the Packers?

Barb No, he plays for the Colts. He told me that recently met up with Cory Bowen in the Superbowl, when the Colts played Cory's team, the New York Giants.

Sandy I watched that game. Brad Fedor was the head commentator. Did you know he was put into the *Guinness Book of World Records* for the person who knows the most about sport?

rb And Stacie Fagerlin became the first woman softball player to hit more home runs in one season than any professional baseball player ever.

ndy Mike Cox became a professional golfer. He won the U. S. Open for the past five years in a row.

rb Dan Nelson is a pitcher for the New York Mets. He suffered torn ligaments in his pitching arm a year ago but he went to Timmy Kidwell for therapy and now he's on his way to the World Series.

ndy I hear Judi Talerico opened a physical therapy center with Kim Rinaldi in Wabash, and Jimmy Bennie is their assistant.

rb Donnie Borowski and Leo Wolfsberger are also physical therapists. They opened the first all women therapy clinic.

ndy Sandy Best, Lisa Hensley, and Joan Hoffman work at Mercy Hospital. Sandy in the EKG department, Lisa is a radiologist, and Joan is a Licensed Practical Nurse.

rb Some of our other classmates work at CMC as nurses. Dawn Jameson, Rob Bennie, Marcie Moeller, Carol Powell, and Kelli Stritt are all head nurses on their floors.

ndy And a couple of our friends are successful doctors. Courtney Murphy created a new type of natural laughing gas that she uses in most of her operations.

rb I was just talking to Jeff Hartman and he is a surgeon in a Chicago hospital that is located directly across the street from the United Center, so he won't miss a Bulls game.

ndy René Lukasiwicz developed a new type of drug to use in place of Acutaine, now almost any student can give blood at their school's blood drive, and Mike Zaladonis was the head technician assigned to the experiment.

rb I think I read something about that. Wasn't the drug first sold over the counter in a pharmacy in Albany?

ndy Yes, as a matter of fact, that pharmacy is owned by Karen Coolbaugh and Paul Tomczyk.

rb I heard that Nicole Lolli, Marion Jones, and Janine Shannon opened their own clinic where they can take care of people who have no insurance, and Denise Stolan is their medical secretary.

ndy Diana Deininger and Dana Koval also went into the medical field. They have a large, privately owned veterinary hospital.

rb We have some accountants from our class, too. Brian Visoski and Jen Obidinski became accountants for a gold jewelry corporation.

ndy And just this past year, I had my taxes done by Joe Orr.

rb A lot of people are doing well in business. Darcy Daniels, Sean Brennan, and Nicole Pettinato have worked together to increase profits for Proctor and Gamble.

Sandy Bob Clewell became a math professor at Penn State Main. Now a lot more students won't remain clueless about such things as integration.

Barb I heard a lot more of our classmates returned to Riverside as successful teachers. Shannon Maghran, Stacey Reviello, and Krista Getts are at Riverside Elementary East.

Sandy Really? Katie Wiedlich was telling me that she works with April Charney and Erin Maher at Riverside Elementary West.

Barb Amy Marseco and Michelle Evans are now the girl's basketball coaches. They even have a championship team.

Sandy I also heard that Mark Zielinski became a counselor here at Riverside.

Barb Did you hear that Jimmy Taft is the new principal of Riverside High School?

Sandy Yes, and Jason Conway holds the head position at Johnson Technical Institute.

Barb A few of our other classmates work with children now. Tina Wagner told me that she opened a day care center with Jaclyn Sekelski.

Sandy I was talking to Judie Battle and she told me that Jamie Granko recently took over the Power Gym.

Barb Another one of our classmates to take over the family business was Rich Conte. He now owns his mother's beauty shop and he even opened another one in Moosic; he just owns them, he doesn't do anyone's hair.

Sandy Some other people from our class went into law enforcement. Shawn Stevens is the Chief of Police in Moosic, and I hear that James Levan is head of the CIA.

Barb I heard about that. Tom Lutkowski donates cars for the Moosic police from his car lot in Scranton.

Sandy Well, I'm going to go sit down now, it looks like the food is being served.

Barb It must be good, I hear the head cook is Jim Sposto, and Kim Novack, the famous health fanatic, designed it as an entirely fat-free dinner.

Sandy Did you see the centerpieces tonight? Melody Walsh was kind enough to donate them from her floral shop on Main Ave.

Barb They're beautiful. Well, it was good to see you again. I'll talk to you later. Bye.

Sandy Bye Barb.
