CLASS HISTORY

SCENE: A high school reunion with two elderly classmates

Paul, Paul Roman: How are you? Fine. Fine. I didn't recognize you with your new teeth. Thank you. Do you like them? Well, here we are again. Yes, and I'm getting a little sick of all these reunions. How many have we had? This is our 60th reunion. How many of us are left? Six. I know science promised us a long life, but this is ridiculous. Ah, but it's fun to be remembered. Remember the year we became freshmen? That was right after our eighth grade graduation. The last eighth grade graduation. It sure was a year of great change. That was the year that A&L and S&M and General became A1, A2, A3, and Commercial became C1 and C2. That was the year the two trailers arrived and we were still crowded. And we "imported" heagies from Moosic for the first time. We were the first class to have Computer Programming and Room 30 with its push-button desks. And Mr. Helcoski got so excited he fell off his chair. All we could see were his feet and we thought for sure he was dead. The arrival of Rocco and we were never the same. But Academics weren't the only ones to have a good time; Commercials had fun too. Especially when Mr. Maessteri knocked off Joy Griffith's wig. Well, June brought the end of our freshman year and we were sophomores. Sophomore year had its share of firsts too. It was the first year girls could wear pants. And funny, that was the year guys stopped looking up when girls went up the stairs. It was such a long year. We had no activity for the first time and an eight period day. But that was the year Mr. Bone arrived with his trumpet and we had "musical activity" from the basement every period. Remember when Taylor was clean for a day after Mr. Mekilo's Biology class cleaned the streets? But the biggest thing of the year was Basketball. It was the year we were the Lackawanna League Champions and we went to the playoffs in Harrisburg. The whole town was so proud and there was a great feeling everywhere. And our own Sophomore guys led the J.V.'s to be Lackawanna Champs, too. The Daily Blab was born. Junior brought back our good old Activity Period and seven period day. Mr. Riviello retired and with him went, at the end of the year, the old "Riverside Way." Gym classes took a new look with the arrival of Miss Kresge and Mr. Kreseski. They brought co-ed gym with square-dancing and volleyball. That's when we discovered some of the guys had better legs than the girls had. Remember when Thanksgiving was postponed until Saturday because of a "little" snowstorm of some 31 inches and we battled Old Forge to a 0-0 tie in a field of mud. Meanwhile back in the classroom, seniors were given the privilege of going home in Activity, but we Juniors stayed in our homerooms and longed for the day when we, too, could go home early. While we were longing, our basketball team again took the Lackawanna League title and our J.V.'s helped by our great Junior guys. Don't forget girls played basketball too. Our Junior year saw the start of the first girl's basketball team in Riverside history, helped by some of our great Junior girls. After basketball season, we hosted the senior class at our Prom at the Sheraton Inn in May. And we raised enough money for everyone to go free. Toward the end of the year, a great movie came to the aid of our Junior secretarial students when they saw that brilliant feature "The Modern Secretary 1940." None of us were born when the movie was made, but it will never be another "Gone With the Wind." We were sad not only to see our Junior year with all of its activities go by, but also to see the sorrowful passing of our beloved Mrs. Samson. We were her last class and the last to get "thumped" when we needed it. I remember how we felt that September of our senior year. It didn't seem possible to realize we could be seniors. Everybody began to appreciate doing things together because we began to realize that it would be our last year together. Mr. Rusincovitch came with his new plan. A1, A2, A3 became College Prep and Technical, and we went back to an eight period day. Just when we were seniors, we missed out on the privilege of going home early. Just our luck. Remember when our class rings came early in October and everyone went around with swollen fingers from ring turning. Yes, but Women's Lib came to Riverside with our new Guidance Counselor Ms. Lebiak. The Guidance Office moved outside in a brand new trailer. Oh, yes. The parking lot was paved. No more excuses for mud. Drama and Ecology became our most popular new subjects and plays and ecology projects were taken seriously by all. We even stopped walking on the grass - "We gave a hoot and we didn't pollute." Our Ecology Club became celebrities when they went "snooping" around Lake Scranton only to find a dead body. Pat Washo was interviewed, but she only made the radio. Football was the story of our senior year with our mighty Vikings finishing with an unbeaten season and being crowned BIG-ELEVEN CO-CHAMPIONS WITH VALLEY VIEW. And the band and units looked pretty good, too. That was the year the Clericals had their share of troubles. They jammed a new Multilifit Office machine only to end up "fixing" it with a few hundred dollars damage. Studies were held for everyone in the auditorium. It was a good place to study - good lightning, good seats. A great prom at the Treadway Inn. And we couldn't forget our trip to Washington. The year ended with Class Day and Class Night, but most of all graduation from our new school. Suddenly, we didn't belong to Riverside as students, but we belonged to her as her first class to graduate from the first new Riverside Jr.-Sr. High School; as the Class of '73.
