The 1965 Viking has been composed from the point of view that the purpose of a yearbook is to present the life of a school year as it actually existed. This has been the aim of the Viking, for it is the intangible spirit which makes a high school something more than just an institution with a building and its equipment. A school consists of individuals who each possess certain qualities, and it is the sum total of these qualities that gives a high school its character. We have tried to capture the life of Taylor-Moosic students by concentrating upon individuals; for it is in them that this life is found.

We have attempted to be factual, artistic, and realistic, in the achievement of our purpose.

It is inevitable that the book should mirror the thoroughness with which the dedicated personnel of 1965 Viking covered the 1964-1965 school year at T-M. The pages also reflect the splendid cooperation and long hours of labor of the many loyal friends of the Viking.

SUPERVISING PRINCIPAL

As graduating Seniors you are really not about to begin a new life so much as you are to proceed or advance into a new phase of your total activity. What you have learned up to this point in subject matter, in social relationships, in attitudes will all have a bearing on the extent and the rate of your progress in the days to come. What you have not learned will not necessarily haunt you but it will manifest itself in ways that should help you avoid similar shortcomings.

Here in this "House of learning" we have opened the door, (wide for some, just ajar for others) that leads to a great adventure, the search for knowledge about yourselves and the vast world that surrounds you. If you are to go through that door you must break asunder the shackles of ignorance - free yourself from the bondage of the fear of the unknown and weld indissoluble ties with the greatness, the glory that is enlightenment.

PROFESSOR WILLIAM GIBBONS

On November 25, 1964, a great tragedy struck Taylor-Moosic High School when our beloved Mr. William Gibbons passed on to his final reward with God.

Since he was a man who devoted his life completely to education and to guiding boys and girls, Mr. Gibbons' memory will never be erased from the hearts of those who really knew and loved him. Through his death, we are sure Taylor-Moosic has lost a devoted staff member, but has gained a great friend in Heaven.

TO THE LOVING MEMORY OF PROFESSOR WILLIAM GIBBONS AND DR. STANLEY VITOSKY,

DR. STANLEY VITOSKY

Students of Taylor-Moosic High School were saddened by the death of Dr. Stanley Vitosky on June 12, 1965.

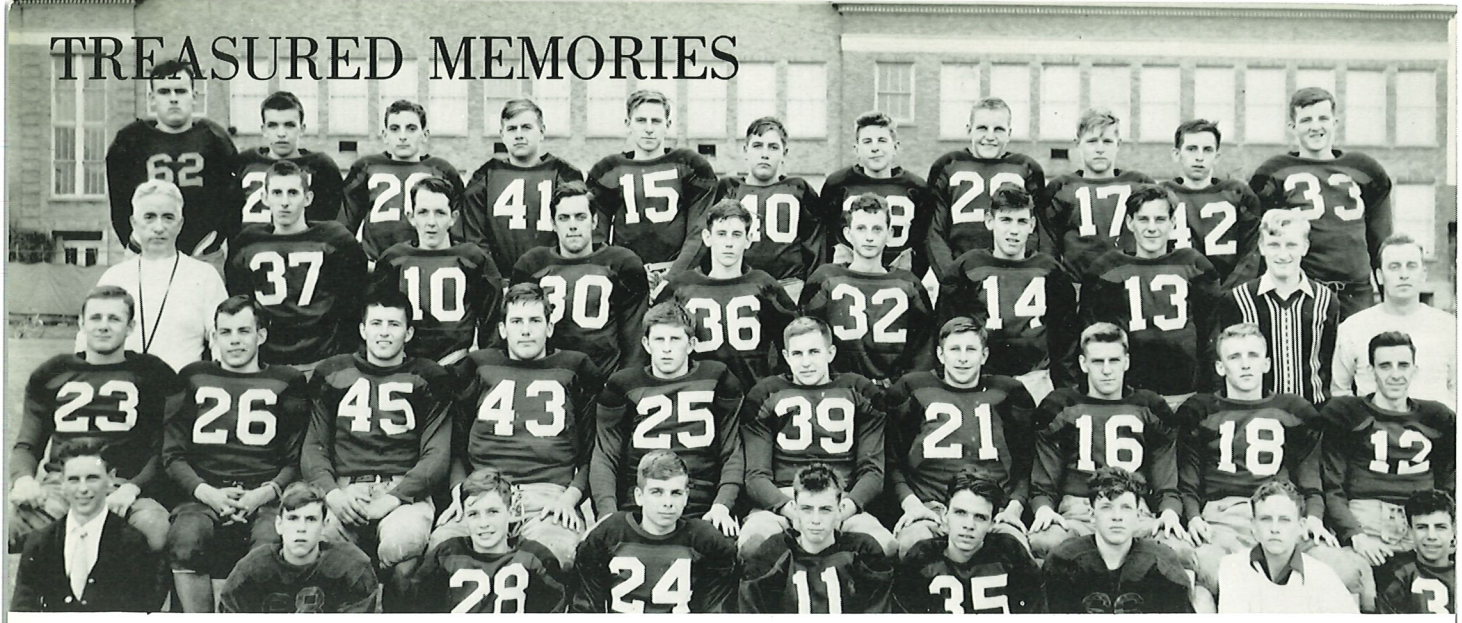

For several years Dr. Vitosky had been serving as one of the school doctors for the Taylor-Moosic Schools, and in that capacity he became not only a physician but a friend to many T-M students.

At football games Dr. Vitosky was a familiar sight in his brown suede jacket as he darted out on the field to administer first aid to an injured player.

His kindness, his concern for the health and well-being of the students, especially the football players, and his countless generosities will make Dr. Vitosky missed by students and faculty. Dr. Vitosky's life which was marked by his perseverance and his burning desire for knowledge may well be an example for any student to follow.

THE 1965 VIKING IS HUMBLY AND AFFECTIONATELY DEDICATED.

Dr. Stanley Vitosky, 54, 725 S. Main St., Taylor, Democratic nominee for mayor in Taylor who became a physician at the age of 45, died Saturday at 6:45 a.m. after being stricken with a heart attack 15 minutes earlier.

Dr. Vitosky was pronounced dead by Dr. Alexander Zinovenko, Old Forge, who was summoned to the victim's home.

Dr. Paul E. Kubasko, Lackawanna County corner and close friend of Dr. Vitosky said the victim tried unavailingly to administer aid to himself after he was stricken. Dr. Kubasko said death was due to a heart attack.

Dr. Vitosky, a deputy county coroner, became a physician only after years of struggle. Son of the late John and Mary Votosky, he entered the Army during World War II before completing his high school education.

While serving as a scout for an infantry patrol on combat duty on the island of Biak in New Guinea, he was caught in a Japanese ambush.

He was shot in the arm, bayoneted, and left to die by the Japanese. But he managed to make it back to American lines and medical help.

Dr. Vitosky spent a year in Newton Baker Veterans Hospital, Martinsburg, W.Va., recovering from his wounds. He received the purple heart for his wounds and the Bronze Star and Silver Star for action and bravery beyond the call of duty.

In 1945 he returned to Old Forge and married his childhood sweetheart, Mary Wastella of Old Forge. The same year, at the age of 34, he went back to Old Forge High School to complete his studies there.

During his stay at Newton Baker Hospital, he had decided to fulfill a lifetime ambition and become a physician, but marriage and lack of college education made that goal appear out of reach. He enrolled in Philadelphia College of Pharmacy and earned his bachelor of science degree in four years, returning to Old Forge as a druggist.

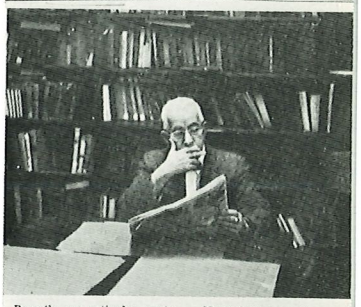

He applied for admission to Jefferson Medical College and was accepted in 1952—the oldest member of his class at 41. He graduated in 1956, and, following a year's internship at Philadelphia General Hospital, set up his practice in Old Forge.

At Jefferson Medical College, he was a member of Theta Kappa Psi fraternity and the Pasteur Society.

In 1959 Dr. Vitosky was awarded a fellowship in cancer research and pathology at Women's Medical College, Philadelphia.

This year Dr. Vitosky entered the primary election as Democratic candidate for mayor and defeated the incumbent Anthony Balicki.

THE VIKING PRESS February

Recently, we noticed a quotation on the editorial page of one of our local papers. The words stated, "There were giants on the earth in those days." The quote was used to describe two well-known figures in world history, whose principles made them immortal to all those who walked beside them. At Taylor-Moosic, Mr. Willim Gibbons was that kind of man.

It is not easy to describe Mr. Gibbons or his influence upon the students with whom he came in contact. Perhaps the Seniors will remember him best for the questions he posed in class discussions, and for the discipline techniques he displayed in those same classes. While he was truly interested in every one of his students, woe to he one of them who angered him with foolishness! In other words, Mr. Gibbons let it be known early in the year that he would not tolerate having his classrooms as a playground for uninterested students.

His interest in sports, particularly football, his daily encounter with the stock reports in the library newspaper, and his kind concern for the students who

Karen Hayes, a senior, wrot poem about Mr. Gibbons as p of a class assignment. We incl it as part of our tribute to him

He was loved by many at T High,
Although often stern, he wa real great guy.
Because every student was concern,
He made them want to listen learn.

The coaching staff and I are looking forward to a good group of lettermen who are smaller but faster and should be ready for "Gung Ho" tactics.

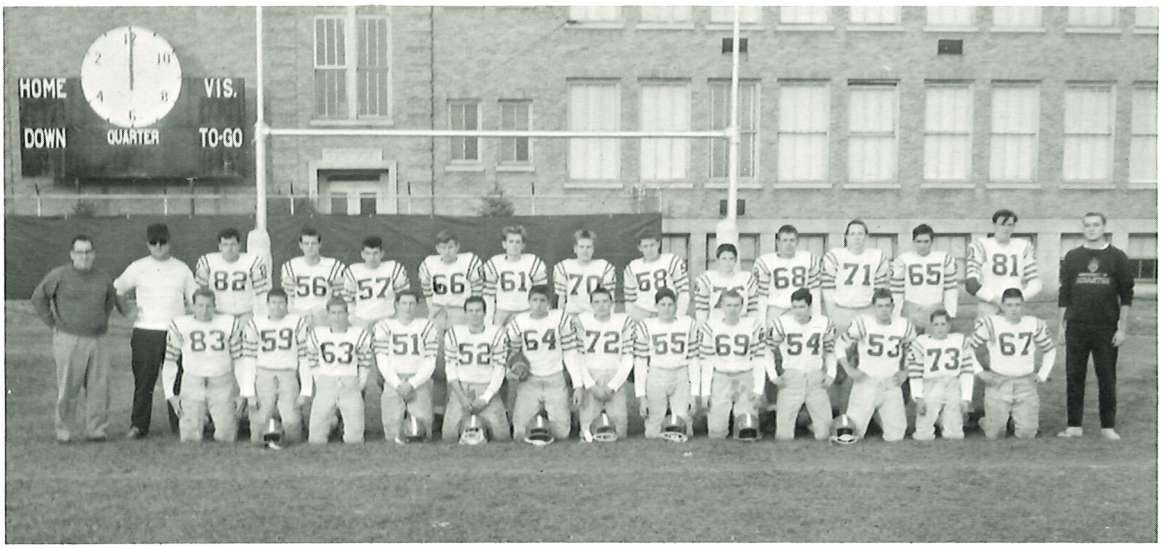

Last season's performance was great since we were undermanned in a few positions, without a building program in the eighth and ninth grades we lacked depth. The future this year looks brighter with the beginning of an eighth and ninth grade squad of eager boys. This will strengthen our weaker positions. I always say "to be fortified, be prepared." We are prepared, it will bring success.

VIKINGS OUT, BUT NOT DOWN

After two depressing seasons, the Taylor-Moosic Vikings finally rebounded. To date they have posted a 5-2 record.

The team, which proved to be surprisingly strong, relied on several of last year's lettermen to act as a nucleus for the squad. From where we sit, the team looks like the old winners of the 1961 season. That year, the first of the Jointure, Taylor-Moosic won the Suburban Conference.

Despite the loss of the chance for any title this year, we are positive that T.M. will continue to play with the spirit of real Vikings.

Here are the summaries of our games:

T-M 14 — ARCHBALD 0

T-M started the season off with a bang by defeating Archbald. The initial touchdown of the season came when the Vikings gambled on a fourth down play when

DRIVER EDUCATION

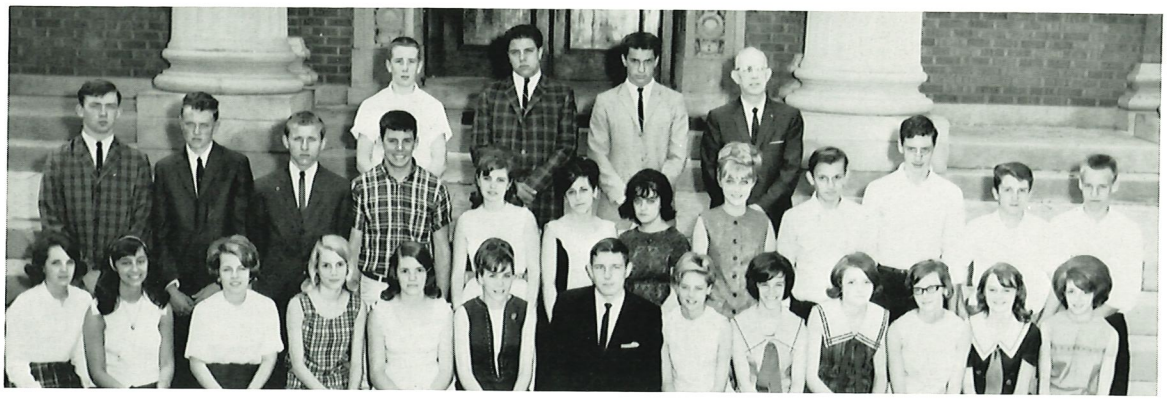

A Code to Live by

Whenever you drive the auto, son,
'Tis well to bear in mind
That driving is a serious job;
Leave childish pranks behind.
Remember too, when at the wheel
It doesn't prove you're smart;
To stop the car with squealing tires,
Or make a flying start.
Of folks on foot and children small
I'd also like to warn;
Their lives depend on how you drive,
Not how you sound your horn.
There will be times when legally
You have the right-of-way;
But even so, don't prove the point;
You'll find it doesn't pay.
So when you drive the auto, son,
Keep this in mind to guide you;
"Drive sane and safely as you would
If DAD rode there beside you."

The objectives of this chapter shall be to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in students of the secondary school.

An average of 89.5 through the four years of high school qualifies a person as to his scholarship basis.

Mr. Davies is the advisor.

"SPELLING BEE"

WINNERS: Patty McGurrin, Mary Ann Biedrycki, Diane Janes, and MR. DAVIES, ADVISOR

The NATIONAL HONOR SOCIETY instituted an educational feature on three levels of learning, namely; Spelling Bees in the Elementary, Junior High and High School.

The objectives were to stress the art of good spelling and to understand the meaning of words used, in addition to enriching the vocabulary.

Trophies were awarded to the winners in each division, with the spell-offs being held in the auditorium with the entire student body as the audience.
