- 5) Immediately before any optical scan voting machine is used at meetings, elections or votes, annual, special or however otherwise denominated or designated, the Election Inspectors shall examine and calibrate it and see that the machine is, in all respects, in proper condition for use. The Election Inspectors shall also ensure that the configuration of the voting area provides for voter privacy.
- 6) Each optical scan voting machine shall remain locked against voting, and the paper ballots cast through the optical scan voting machine shall be secured and retained, for the period of thirty (30) days following the meeting, election or vote at which same has been used and as much longer as may be necessary or advisable because of existing or threatened contest over the result of the meeting, election or vote, except as otherwise provided by the Education Law of the State of New York.
- 7) Any proposition to be voted upon, when presented other than by the Board of Education and except where required by law to be stated in the published notice of meeting, election or vote, must be set forth in such manner as to conform to the requirements of the Education Law of the State of New York, and must be presented in a petition bearing the signatures of twenty-five (25) qualified voters, or 5% of the number of qualified voters voting in the previous annual vote - whichever is greater, of the School District (except where the number of signatures is specified in said Education Law in which case the provisions of the Education Law shall apply) and filed with the Board of Education not less than thirty (30) days before the meeting, election or vote, unless otherwise prescribed by law.
