

TROY SCHOOL DISTRICT RISK ASSESSMENT PROCESS

The school's BTA team will follow a systematic methodology to collect the facts and investigate the circumstances.

IF YOU ANSWERED YES,
the following will occur:

The school's BTA team will follow a systematic methodology to collect the facts and investigate the circumstances.

The team will conduct interviews as needed with, for example student being assessed, the potential target(s), and any witnesses.

Additional background information and student history is also reviewed.

The threat assessment team determines the level of risk and implementation plan to manage the risk, based on the information gathered through this process.
