With new computers came new pastimes. {Bomb Squad, Octagon, 2048, Bubbleshooter, Movietube}

With new teachers came a few bumps in the road.

For the Class of 2015, it marks the end of their years at Oxford High School. At the beginning of the school year, seniors are trying to get to graduation. {there}

Four school days fell to snow.

Mr. Martin is gone, with Mr. Roberson taking his place. {here}

It was a busy and stressful year.

Strong season ends in heartbreak

Oxford falls to Laurel in the 2014 State Championship

Feeding off last year's loss to Picayune, the Chargers propelled themselves back to the state championship, hoping to replace the heartbreak of last year's loss with new memories of a triumphant win.

"The close loss in the championship last year definitely gave us a lot of motivation. We used that as a motivational tool in the weight room and on the field," said junior quarterback Jack Abraham.

The Chargers' only loss this season was to Starkville High, and in Starkville at Mississippi State's Davis Wade Stadium on Dec. 5, faced Laurel High School in the MHSAA Class 5A state championship game.

Similar to last year, the temperatures dropped in the low 30s, but that did not affect the size of the student section or the passion of the football players.

After a shaky first half, the players and fans were hopeful to dominate the second half, including sophomore Thomas Allen.

"I really believed that we were going to win. I know that we did not play our best game in the first half, but all season long we always played better in the second half," he said.

The Chargers outscored the Tornados 14-8 in the second half. This was not enough, however, for the Chargers to clinch the title. Ox-

ford fell short, losing 29-26.

With the final margin being so close, players felt that it added even more sadness and disappointment to the loss itself.

"That stuff hurt, no other feeling of disappointment can top that, but in a game like that someone will be happy and full of joy and someone will be sad and upset, and that was us," senior linebacker Mike McGhee said.

Although the team has not yet been successful in bringing a state title to Oxford, this is the first time in Oxford High School history that the football team has competed in back-to-back state championships.

"It feels awesome to be the first team to have that accomplishment because it shows that all the hard work we put in over the summer and during the season paid off," senior wide receiver George Edwards said.

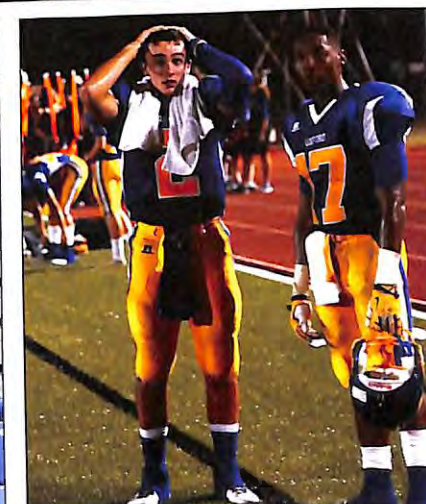

Players believe that the team has another bright season in store for next season even though they are losing several senior powerhouses such as McGhee and senior linebacker Harland Stewart.

"I think we are going to make it back to state again next year," said junior wide receiver DK Metcalf.

Slow Pitch Softball season cut short

Absence of Food and Dehydration hospitalizes six players

August 28, six slow pitch softball players were hospitalized due to dehydration during their home district game against Tupelo. The players, coming straight from school onto the field, did not get a chance to eat that afternoon due to being on a "tight" schedule and had not ate lunch that day at school.

During the game, two players collapsed. One passing out in the seventh inning and another from a panic attack.

"Two of the girls passed out at the end of the game, that's when me and three other girls stopped breathing," junior Elisha Webb said.

OHS athletic director Johnny Hill explained that the students didn't eat lunch but were provided snacks during half time and water in the dugout.

With six players out for most of the season, the team only had seven participants actively playing, making the team two players short of eligibility, and ending the season.

STATE CHAMPIONS

In 2005, the Oxford Chargers clinched a state title. Since then, they have been dreaming in aspiration of dog pill-ing in Jackson once again. This year in 2015 this unbelievable dream had finally come true. The Oxford High School base-ball team had a dominating season overall from start to finish. With eight seniors, including Matthew Guyton, Wes Snellgrove, Ryan Young, Jack McClure, Ryan Smith, Drew Phillips, Walker Abel, and Dalton Markle, and three Ole Miss commits including Grae Kessinger, Houston Roth, and Jason Barber, the baseball team was bound for success.

The team was unstoppable this year, winning a total of 35 games and losing only one. After beating New Hope to win the North half championship, the Chargers headed to Pearl to play for the state championship for the first time in 10 years. After the Chargers won the first game of the series, 4-0, the players were hopeful of clinching the trophy in Game 2. With an unbelievable start, the Chargers got three runs in the top of the first inning, and continued to bring in runners, ending the contest with a 9-0 win. The Chargers finished an outstanding season with a sweeping victory over George County for the 5A state championship.

Committed to compete for Ole Miss' track and field team, a walk on for the university's basketball team, and the No. 1 high jumper in Mississippi, Shelby McEwen holds a variety of titles. The senior has topped the Oxford record with a 7-foot high jump at the 5A state meet on May 9. The senior has topped the Oxford record with a 7-foot high jump on a full scholarship for high jump.

After graduation McEwen planned on attending Ole Miss to receive an automatic signing to jump for Nike. Past members of Oxford's track, such as Sam Kendricks and Justin Fonn, are influences to him. McEwen states that he looks up to them and they encourage him to work hard and give it his all to jump to the highest and the best of his ability.

However, McEwen is to put those plans on hold, as he still has an itch to play hoops as a major contributor to a team, which he'll do for Northwest Mississippi Community College during the 2015-16 season. He will still continue to train in the high jump.

His advice to other high jumpers, though: "Go out there, work hard, and if it's something you love to do with a passion, just give it your all and do your best at it."

Who was the most influential staff member during your years in the Oxford School District and how did they help you get to where you are now?

"Coach Christian Patton has been my cross country coach since seventh grade, which was his first year. We both grew together in how to coach and be coached. He taught me how to be dedicated and saying 'I can't' is never an option. He always pushed me past the limits I never thought I could break. He also taught me the love of the sport. He has helped me through life-changing experiences, and has been lenient with my busy schedule. He is a true friend. He has taught me the importance of team work and relationships."

Emily Hankins

"Mr. Tim Frieson, Makayla Frieson's dad, has been the most influential to me because he always kept a smile and encouraged everyone to stay positive when we were in middle school."

Sally Rychlak

"Mrs. Maples was so influential because she put the emphasis in her class on learning instead of grades, so success was measured on a very personal scale. She peaked my interest in a subject I knew little about. Now I plan on learning Spanish in college to be a social worker. She also taught us about life and how to be a grown-up and act like a real human."

Maggie Mallette

"The person at Oxford High School who influenced me most was Coach Drew Tyler. I spent most of my time with him playing basketball, and he taught me a lot about more than just basketball."

David Dennis

"I'd say Mr. Mistilis because he taught me more about the real world and what's going on outside of the boundaries of OHS more than any other teacher. He taught me to think about global issues rather than small problems and really challenged me to be a difference maker on a much larger scale than I ever imagined."

Drew Baker

"Coach Baughman. He helped me join Alpha Theta as well as let me take pictures of the baseball team for journalism."

Sarah Grayzel-Ward

"Even though Mrs. Wiltcher wasn't here for all of my four years at OHS, she has still been the most influential to me. She went above and beyond in the classroom by not only teaching us the material and making it fun, but by simply asking about how we were doing each day. It was the small things that made a great difference. She cared about my success as a student and as a person."

Dottie Reid

"My aunt, Ms. Stella Lindsey, emphasized the importance of academics and encouraged me to be involved in many school activities to build relationships with my peers."

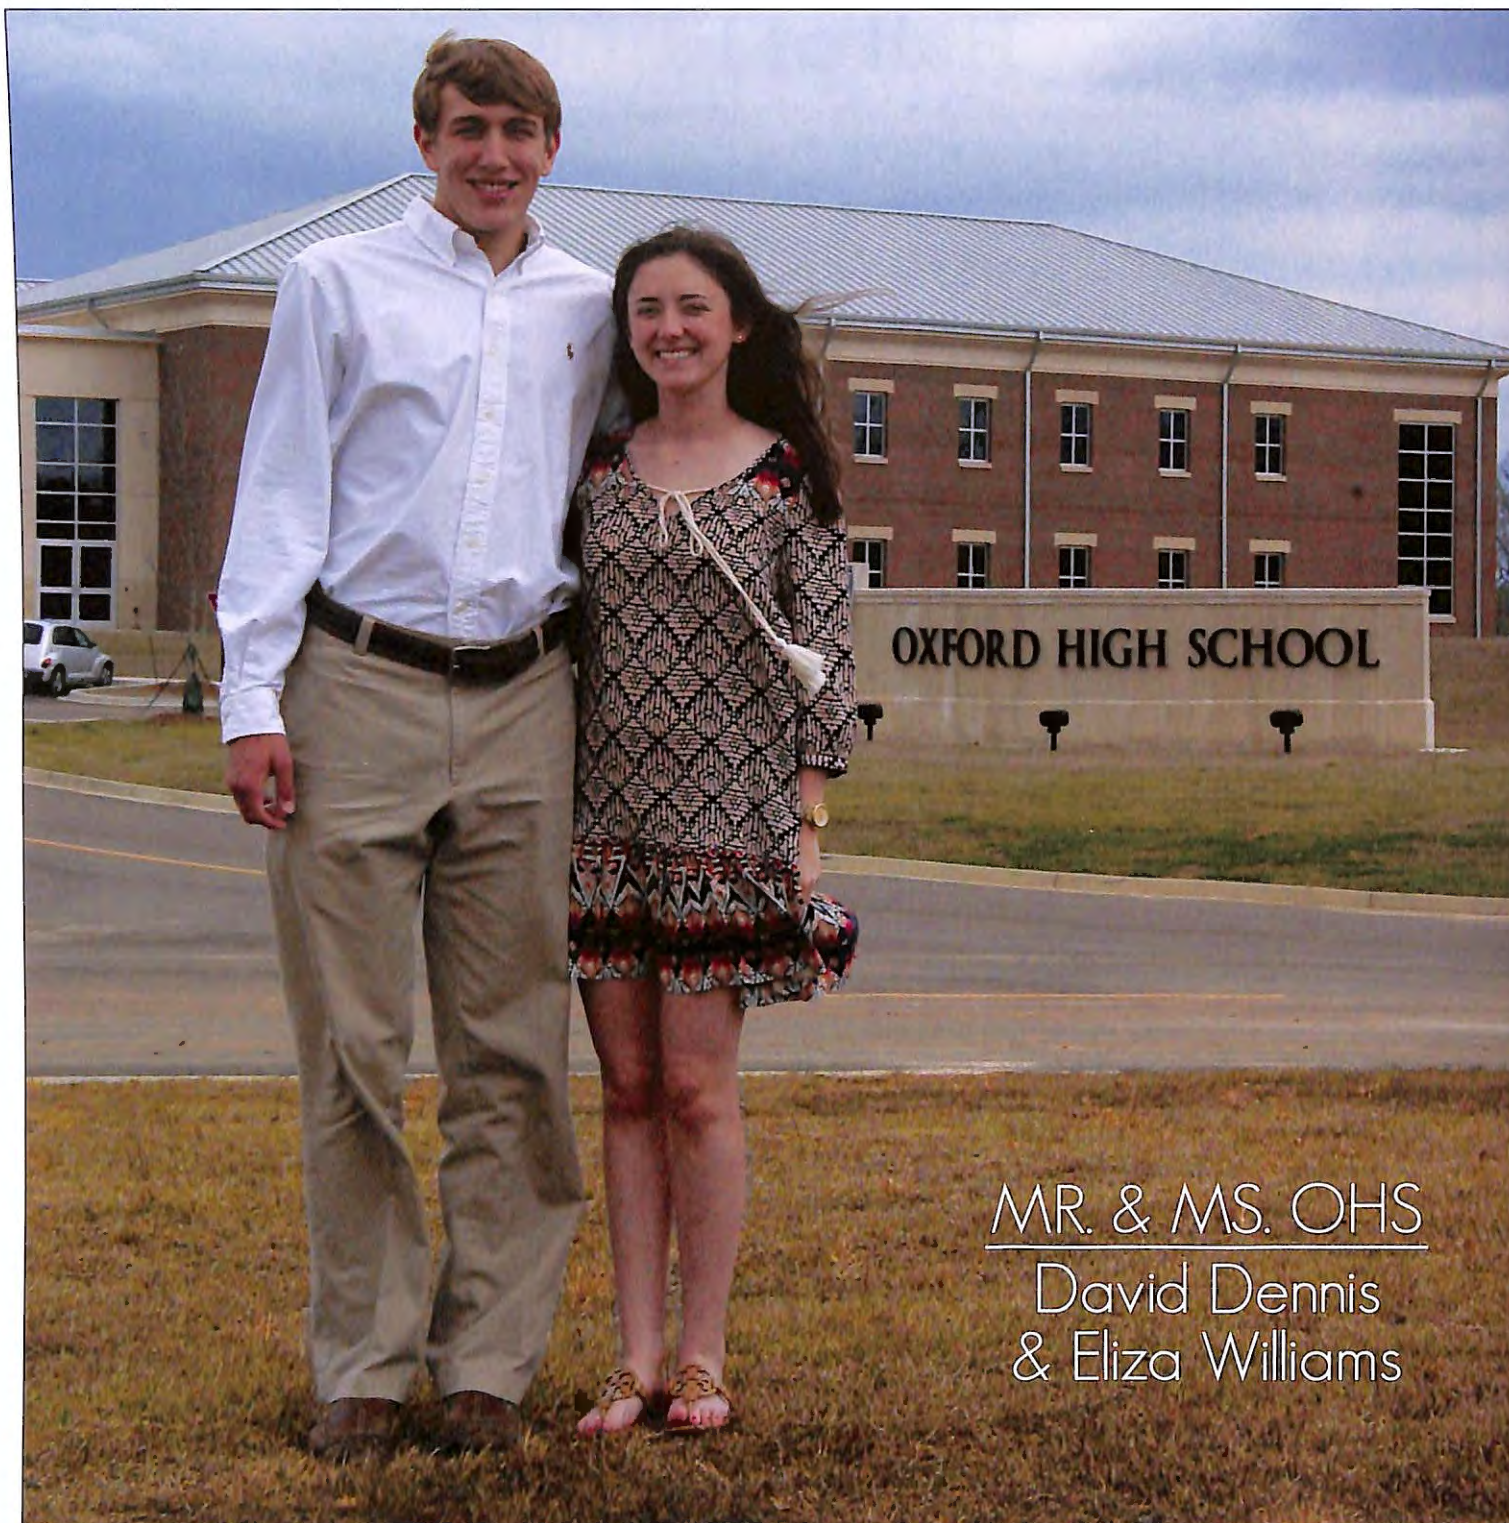

Lilli Alford

"Mr. John Davenport was so influential in both developing my theatrical abilities and developing myself as a person. He was always there to help on and off of the stage, and was so good at getting me through everyday life. We spent all four of my years in high school together, and I don't know where or who I'd be today without Dav."

Meagan Kennedy

"The most influential was Coach Chris Baughman. He was my baseball coach for six years, and in this time was a fatherly figure towards me, which helped me throughout the sometimes difficult four years of high school. He helped teach me teamwork and taught me how to truly trust others, and he always encouraged me to stay involved in other activities."

Walker Abel

David Dennis
& Eliza Williams

Eliza Williams is the daughter of John and Sally Williams. She served as Student Body Vice President and participated in Anchor Club, National Honor Society, Diamond Girls and Peer Mentoring. "I was very surprised and humbled to be chosen as Ms. OHS," she said. Williams will be attending the University of Mississippi in the fall of 2015.

David Dennis is the son of Michael and Amy Dennis. He played basketball, ran track and was also named a National Merit Finalist and Star Student. "I would like to be remembered for my participation in athletics as well as in the classroom and having an energetic and funny personality," he said. Dennis will be attending the University of Mississippi in the fall of 2015.

GOODBYE MR. MARTIN! TOP LEFT: Principal Mike Martin accepts the ALS Ice Bucket Challenge from the Jackson Prep administration the week before the "Chargers" Little Egg Bowl football game against Starkville High School, whose principal was then issued the same challenge by Martin. TOP RIGHT: Giving his annual speech at the 2015 Oxford High School graduation, Mr. Martin talks about his time with the students and gives his final good-bye. BOTTOM: After clearing his office for new principal Bradley Roberson, Mr. Martin signs his goodbye letter to the students, faculty and friends.

OXFORD HIGH SCHOOL

Students, Faculty and Friends,

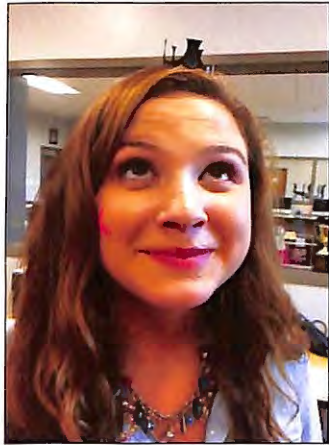

It has been a privilege to serve as principal at Oxford High School for the last five years, and I thank you for your support during our journey together. OHS has and will continue to set the standard for developing well-rounded students.

Thank you again for a wonderful five years at such an incredible school. I consider myself very lucky to have been surrounded by a strong community of students and educators.

all the best,
mmartin

This year has been full of change for the good and bad, and a little bit of drama among the staff but at the end of the day we finished the book. The yearbook staff used MacBook Airs and sometimes one of our 24 dinosaur iMac computers with Adobe CS4 software to create this book. We used Nikon DSLR cameras (when the batteries were charged). We have D70s and D80s but they usually collected dust in the back of our closet. Everyone loved our new D5100 and D7100. Especially because the D90 went missing for most of the year. Thanks Raven. Our fonts included GeosansLight and Museo Slab.

We chose this year's theme, "Getting (there)," so that we could encompass all the struggles that came with this year. We never thought we would make it through the year but here we are. We finally made it. Looking back on the year, "Getting (there)" seems quite appropriate.

We would like to thank Sarah Grayzel Ward, Lori Elliott and the Mississippi High School Activities Association photographers for allowing us to use their photos in this book.
