Eastlake High School Addition

Join us for an informational meeting **Wednesday, May 14 at 7 p.m.** in the Eastlake High School commons. Learn more about the school addition design, construction schedule and meet members of the project team!

The Eastlake High School Addition is funded by the 2022 Building Excellence Capital Construction Levy.

Construction Will Begin This Summer

This project creates space for up to 300 additional students. The Eastlake High School addition will include 12 classrooms and support spaces in the north wing of the building that will open in Fall 2026. One portable will be added to the site to house the library for one year.
