January 21, 2021

Moonachie Families & Friends –

This message is an update to the information provided on January 8th. In an update from the New Jersey Department of Health dated January 19th, they have removed the requirement, when operating in 'Orange', to close classrooms when a student reports a symptom, but has yet to obtain a Negative PCR test. With this reversal from the Department of Health, we will now go back to the same process and procedures that were utilized, while in Orange, during November and December.

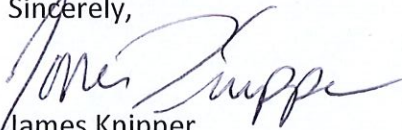

COVID-19 - compatible symptoms but not tested for COVID-19	<p>If no potential exposure to COVID-19 in the last 14 days, individual can follow NJDOH School Exclusion List</p> <p>If person has potential exposure to COVID-19 in the last 14 days, exclude according to COVID-19 exclusion criteria</p>	Exclude according to COVID-19 exclusion criteria	Exclude according to COVID-19 exclusion criteria
---	--	--	--

I cannot apologize enough for the constant changes in procedures. However, it is my duty to ensure we are operating within all guidelines, set by the New Jersey Department of Health, and communicate these changes with families when our operations are impacted.

Should you have any questions or concerns, please call me directly at 201-641-5833 or e-mail at jknipper@moonachieschool.org.

Stay well.

Sincerely,

James Knipper
Superintendent/Principal
