Grade 8			
ELA	Math	Science	Social Studies
analogy	analyze	account for	affirmation
analysis	apply	alter	analysis
analyze		analyze	analyze
argument	compare connect	anticipate	attainment
audience	construct	apply	availability
central question	describe	claim	based
citation	determine	classify	basic
cite	evaluate	•	choices
claim		compare conclude	cite
claim	identify	conduct	connect
coherence	informally		
	informally prove	construct	consequences contributed
cohesion collaborate	interpret	contrast	defend
	prove	critique demonstrate	
compare	recall		demonstrate
compare/contrast	simplify	describe	describe
comprehension	solve	design determine	development
context clues	verify		developments
contrast		differentiate	differences
counterclaim		discriminate	dissatisfaction
credibility		distinguish	distinguish
credible source		estimate	effective
debate		evaluate	established
delineate		examine	evaluate
direct quote		exclude	example
domain specific words		explain	explain
elaborate		generalize	identify
evaluate		hypothesize	illustrate
evidence		identify	impact
fact/opinion		illustrate	influence
(interpretation)		include	launching
finding		infer	lingering
formatting structure		influence	management
general academic words		interpret	measure
infer		investigate	participation
inference		judge	patterns
integrate		justify	perspective
justify		locate	position
literary nonfiction		manipulate	prior
media component		model	repelled
medium/media		modify	resulted
objective		objective	services
organizational structure		order	shaped
paraphrase		pattern	summarize
plagiarism		predict	tools
purpose		prove	transitions of power
reading strategy		purpose	unintended
