EARLY CHILDHOOD FAMILY EDUCATION

Early Childhood Family Education (ECFE) offers classes, events, playtimes, and other opportunities designed to give families connections, ideas, and skills to support their child's growth and development. ECFE is for all families of all incomes with children ages birth to kindergarten. ECFE is based on the belief that parents provide their child's first and most significant learning environment and parents are a child's first and most enduring teacher. ECFE is committed to building upon that belief and works to support you as a parent/caregiver. The goal is to enhance the skills and abilities of all parents, and other family members to provide the best possible learning environments for their child's development. ECFE parent/caregiver and child activities are led by licensed child educators, and play-based learning is emphasized.

ECFE classes will be held at MState starting Fall 2025!

SCHOOL READINESS

SCHOOL READINESS PRESCHOOL CLASSES

The school readiness preschool program is a 4 Star Parent Aware rated program for children ages 3-5 and all income levels. The teachers are licensed in education and early childhood.

Parent Aware Star Rating

Star Ratings help you identify programs using research-based practices that prepare children for school and life.

Research-based High Scope curriculum, implemented in classes, teaches children to initiate, discover, experience, and learn about ideas, events, and people. Children will create, experiment, problem-solve, and resolve conflicts as they learn. This approach enhances each young person's growth in the foundations of academics as well as in social-emotional, physical, and creative areas. The development of each child is discussed with parents/guardians utilizing the Child Observation Record (COR) on-going assessment. The program includes a diverse grouping of children reflective of our community and inclusive with early childhood special education. Classes run September to May and follow the school calendar.

School Readiness classes will be held at Roosevelt and Rossman Elementary Schools starting fall 2025!
