

Forward Exam

2023-24 Information for Families

What is the Wisconsin Forward Exam?

The Wisconsin Forward Exam is designed to gauge how well students are doing in relation to the Wisconsin Academic Standards. These standards outline what students should know and be able to do in order to be college and career ready. The Forward Exam is administered online in the spring of each school year for students in:

- grades 3-8 in English language arts (ELA) and mathematics,
- grades 4 and 8 in science, and
- grades 4, 8, and 10 in social studies.

Accommodations and supports for students with disabilities and English learners are built into the system so that the progress of students can be accurately measured.

What does this mean for my child?

The Forward Exam is a summative assessment that gauges your child's achievement in the content areas tested in relation to grade-level standards. It provides a broad measure of achievement that should be used along with

local measures such as report cards, school-wide assessments, and other information about your child's progress in school.

When does the Forward Exam take place?

The Forward Exam will be given in schools between March 18 and April 26, 2024. Schools are permitted to select their own testing dates within this window.

The estimated time for test administration in each grade is approximately:

- 115 minutes for ELA,
- 90-115 minutes for mathematics,
- 105 minutes for science, and
- 70 minutes for social studies.

These estimated times are for the purpose of scheduling, as **the Forward Exam is not a timed test**. It is important to note that students may take more time or less time to complete the test based on effort and ability levels.

What type of scores will be provided?

The Forward Exam is a summative assessment that provides information about what students know and can do in relation to the Wisconsin Academic Standards. Students receive a score for each content area in which they are tested. These scores will be associated with one of four performance levels that defines the student's understanding and ability to apply grade-level knowledge and skills.

Where can I find sample or practice test questions?

The Forward Exam Practice Test provides student, families, and educators, with a sample of the type of content and questions students will encounter on the Forward Exam. It also allows students to familiarize themselves with the question formats and online testing platform including the tools available to them

during testing. The Practice Test is not scored and does not cover the full range of content on the exam. The Practice Test is approximately two-thirds the length of the actual Forward Exam and is intended to provide all students with the opportunity to become comfortable with the Forward Exam platform prior to testing.

The Forward Exam Practice Test is available for student use online, in the classroom or at home at
