1. Roll Call
2. Recruitment of site council members
 - Dr. O'Leary has joined the site council as our second staff member representative. We are still in need of an additional community member.
 - We will all reach out to those we know who may be interested. We will also post to social media.
3. Staffing needs & next steps with Spanish
 - We have hired a Spanish teacher. She will begin on Monday March 3. Schedules are in the process of being written and may impact a change in day a student has a particular specialist. Each student will still see each exploratory once a week.
 - Health curriculum is still a concern. It was mentioned that a committee would be put together to look at the alignment of the State health standards and our current curriculum. The council would like to invite Assistant Superintendent Bhasin to the next meeting to get an idea of where this is currently.
4. Seek and track Student Data
 - Beebe has a survey that will be sent to students next month. The survey aims to discern how students feel about their classes and the atmosphere of support they receive at Beebe.
 - The district has obtained a student voice grant which will focus on gaining student input into the strategic planning of the school. Student groups will gather to provide input that will be used in the development of next year's school improvement plan.
