FEED
YOUR
MOOD.

It is widely recognized that food impacts physical health. Recent findings, however, reveal that it also influences mood and mental wellness. The North Clackamas School District, in collaboration with its Nutrition Service partner, Chartwells K12, aims for every student to leave the cafeteria feeling happier and healthier than when they arrived. The Mood Boost program is designed to make learning about and sampling nutritious foods more enjoyable. The mood theme for May is ALERT!
