

Stevenson High School Board Bulletin

A monthly message from the Board of Education

APRIL 2025

Welcome to our Stevenson High School Board Bulletin, a monthly message from our Board of Education that will include key updates that impact student life at Stevenson. We are very pleased to share several key takeaways from our most recent board meeting below. Thank you for your engagement on these very important issues! We look forward to staying in touch.

Sincerely,
Stevenson High School Board of Education

KEY TAKEAWAYS

Our board meeting agendas often include many items for discussion. While you will always be able to review the agenda, meeting minutes and video recordings of these meetings on [our Board webpage](#), this Board Bulletin provides key takeaways for our Stevenson community.

1

This month's SEL presentation was given by the Dance team, whose priority has been to help students foster a sense of connection to themselves, others and their learning through the art of dance. The team relied heavily on setting intentional environments, a wellness framework taken from RISE that scaffolds what adolescents need to feel and be at their best, which ultimately enables them to learn at their best.

The team introduced a number of practices, including "joyful and playful" dance as well as peer evaluation, to build the sense of community and connection in Dance. Not only has this work led to increased sense of belonging and classroom climate since the fall of 2023; the work has also led to increased and sustained enrollment in all levels of Dance.

2

State Reps. Dan Didech and Sharon Chung presented a House Resolution, in which the 147th General Assembly formally honors and celebrates long-time Board member Terry Moons. Over the course of her 40 years of service, more than 33,700 students graduated under her leadership. She served as the leading board member of the site and facilities committee, which oversaw the completion of the original 1987 addition, the East Building, the East Building addition as well as the Patriot Wellness Center. Ms. Moons was also instrumental in shaping the administrative team, including the hiring of five superintendents and eight principals. The Board of Education thanks Ms. Moons for her unwavering support and commitment to our students.
