DIRECTOR'S LETTER: LOOKING BACK 2024

Howdy, HEF supporters!

We BELIEVE in a district that inspires excellence each day.

We BELIEVE in a district that challenges students to be their very best.

We BELIEVE in a district that supports its local community. And, a dedicated community that supports right back.

We BELIEVE in a district that helps shape the leaders of tomorrow through innovative teaching strategies.

We BELIEVE in a district that provides educational opportunities for all students. All 10,769 of them.

We BELIEVE in a district that develops teachers into classroom leaders and supports continuing education for all faculty and staff.

We BELIEVE in a district that inspires all students to achieve excellence in academics, character and community

We BELIEVE in supporting students headed for the next step in their educational career - 2-year, 4-year or trade school.

THANK YOU to our corporate partners and community donors - with your support, we are able to inspire tomorrow's leaders and help make Hutto a district of grit, inspiration and innovation. Join us as we demonstrate that we #BELIEVE in the power and promise in Hippo Nation!

Take care,
Claudia Cardwell
Director, HEF

ABOUT US

For over 15 years, the Hutto Education Foundation has provided funds to support our teachers and students to bring innovative educational strategies to Hutto ISD. Founded in 2006, community leaders joined forces with Hutto ISD to encourage excellence in education through the direct connection and involvement with local businesses and community organizations. The need to support students with programs not funded by traditional tax dollars led to the formation of the 501(c)3, Hutto Education Foundation.

MISSION

The Hutto Education Foundation partners with Hutto ISD to enrich, enhance, and maximize the quality of education for all students by providing grants and scholarships to teachers, staff and students for programs not funded by the state. HEF acknowledges and rewards exemplary teaching and encourages collaboration to maximize parent/teacher participation throughout each level of education.
