✦ *Shaping Extraordinary Lives* ✦

Exam Hall Expectations

- ✦ Enter in **silence** – locate your seat. Exit in silence.
- ✦ Listen to the invigilators, **follow instructions**.
- ✦ Invigilators are there to help you – ask if you are unsure.
- ✦ Exam Access students - ensure you use what you have been given.
- ✦ **DO NOT:**

Speak in the exam hall. Turn around in your seat.

Attempt to communicate with any other student.

Take in a mobile phone/ smart watch or any notes.

Malpractice

Malpractice involves cheating or some form of wrongdoing. Examples include:

- sharing answers
- impersonation
- leaking exam papers or other assessment materials or using leaked materials
- swapping scripts
- inappropriate use of artificial intelligence (AI) in non-exam assessments such as the use of chatbots
- smuggling information or taking mobile phones and communication devices into exam halls

To be clear, you **must not** wear a watch in the exam or take a mobile phone into the exam hall with you, as doing so will also be treated as malpractice.

All work submitted as part of exams and assessments must be your own work; submitting any work that is not your own is malpractice.

You may see websites or individuals offering leaked exam papers or other assessment materials in advance of your exams or assessments. Do not look at any papers or materials offered in this way. They are probably fake and awarding organisations investigate any attempt to breach assessment and exam paper security. If there is any evidence that you have engaged with leaked papers you could face sanctions, including disqualification from the qualification.

Students who commit malpractice face serious sanctions, including being disqualified from all qualifications offered by an awarding organisation.

[Ofqual Student Guide - GOV.UK \(www.gov.uk\)](https://www.gov.uk)

Support material

[The Department for Education has confirmed](#) it is not necessary for students to memorise formulae for GCSE mathematics and equations for GCSE physics and combined science in 2024. Students will be provided with support materials in the form of formulae and revised equations sheets for GCSE mathematics, physics and combined science exams in 2024 only. For GCSE mathematics this will also apply to exams taken in November 2024.

GCSE tiering

Some GCSE subjects have 2 tiers of entry (foundation or higher). The subjects with tiers of entry are:

- maths
- combined science
- physics
- chemistry
- biology
- statistics
- modern foreign languages

Your school or college decides whether to enter you for foundation or higher tier.

Foundation tier: students may be awarded grades 5 to 1 (5-5 to 1-1 in combined science).

Higher tier: students may be awarded grades 9 to 4 (9-9 to 4-4 in combined science).

On your exam day

This checklist will help you to be as prepared as possible for your exams, so that on the day itself you can focus on doing your best.

Before sitting your exams, ensure you know:

- the date, time and location of your exams – you might find it helpful to write this information in a calendar or planner
- who to contact at school or college in case there's an emergency that makes you late or unable to sit your exam

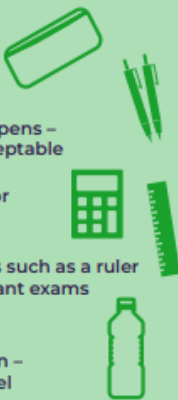

What you cannot take into exams:

- any type of phone
- revision notes
- any type of watch (this includes analogue, digital and smart watches)

What you will need:

- a clear pencil case
- at least two black ink pens – blue pens are not acceptable
- an approved calculator for relevant exams
- appropriate apparatus such as a ruler or protractor for relevant exams
- a clear water bottle if you wish to take one in – it must not have a label

Other important information:

- Listen carefully to the invigilator's instructions which will be specific to your exam. If you are unsure of anything, please raise your hand and wait for the invigilator.
- Fill in your details on the front of your answer booklet.
- If you need additional answer sheets, raise your hand and wait for an invigilator who will provide you with one. Remember to add your details to this booklet too.
- If you need to use the toilet or feel unwell, raise your hand and wait for an invigilator who will escort you from the exam room.
- Make sure you stay silent – talking to a fellow candidate could result in disqualification from all your exams.

If you have any questions about the format on the day, please ask your teacher or exams officer.

How to feel more confident about exams and assessments

What are negative beliefs?

Many people with high exam anxiety can't stop worrying about failing or the consequences of failing. For instance, 'If I fail my GCSEs my whole life will be a failure'. These types of beliefs focus on what you can't do rather than what you can.

Support at School

A quiet room before the exams: G10 – by appointment only

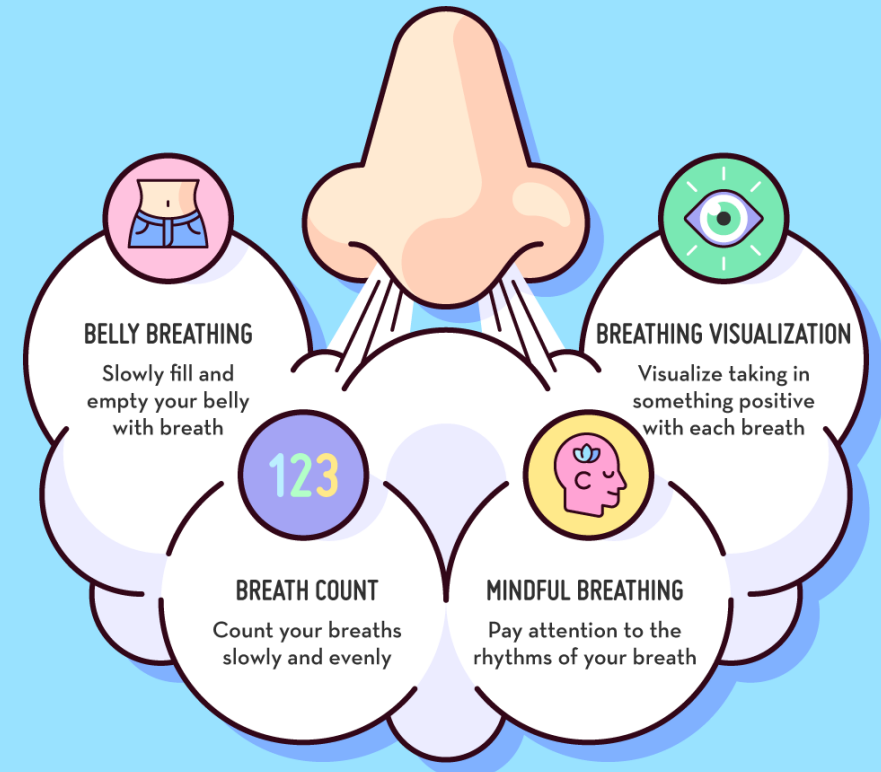

Support and coaching with breathing techniques to reduce anxiety

Pastoral support

SEN support

FOR STRESS RELIEF, JUST TAKE A DEEP BREATH.

Start the week calm with four deep breathing techniques.

Exam Access Arrangements

- ✦ All students with Exam Access arrangements allocated have had a meeting with the Exams Team.
- ✦ Communication has been sent home as confirmation.
- ✦ Students know their allocated seating and exam access arrangements – they have been practiced in CAE1 and CAE2.
- ✦ We encourage students to use what they have been allocated.

Contingency days

If (a big IF) a GCSE or A level exam must be moved nationally, the following dates will be used:

- 11 June – afternoon
- 25 June – whole day
- Although it is unlikely that an exam will be moved, you must make sure you are available. These dates cannot be used on an individual basis if you miss an exam.

Special consideration

If something goes wrong around the time of your exam or assessment that means you can't take it, or affects your performance... [JCQ - A Guide to the Special Considerations Process](#)

- you may be able to ask for 'special consideration.' This is **only** for things that are unforeseeable and beyond your control.

These are the 3 most common types of special consideration:

- changes to the way assessments are taken if you have temporary injury or illness, sometimes referred to as 'access arrangements' (as above) - for example, a student with a broken arm may have someone write their dictated answers
- a small number of extra marks may be awarded if your exam performance is affected by temporary illness, injury, or other unforeseen circumstance
- awarding a grade if you unavoidably missed an exam or assessment, as long as you have completed at least one other exam or assessment for that qualification

AQA English Language

Key Revision Areas

Paper 1

- Understanding of language methods and analysis.
- Understanding of structural methods and analysis.
- Exploring quotations in detail.
- Writing creatively to craft a description.

Paper 2

- Summarising key information from two texts.
- Understanding of language methods and analysis.
- Exploring writers' viewpoints and perspective.
- Writing persuasively for a specific audience in a specific format.

AQA English Literature

Key Revision Areas

Paper 1

- Macbeth – key contextual information and a range of quotes.
- A Christmas Carol – key contextual information and a range of quotes.

Paper 2

- An Inspector Calls – key contextual information and a range of quotes [No extract given.]
- Power and Conflict Poetry – 1 named poem to be compared to one other from the anthology.
- Unseen Poetry – revision of poetic techniques and structuring the answer.

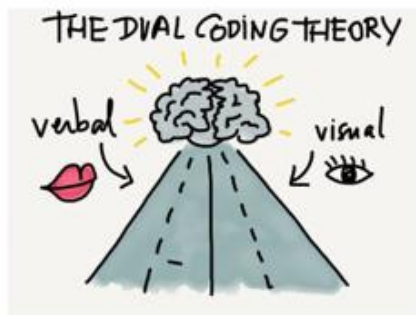

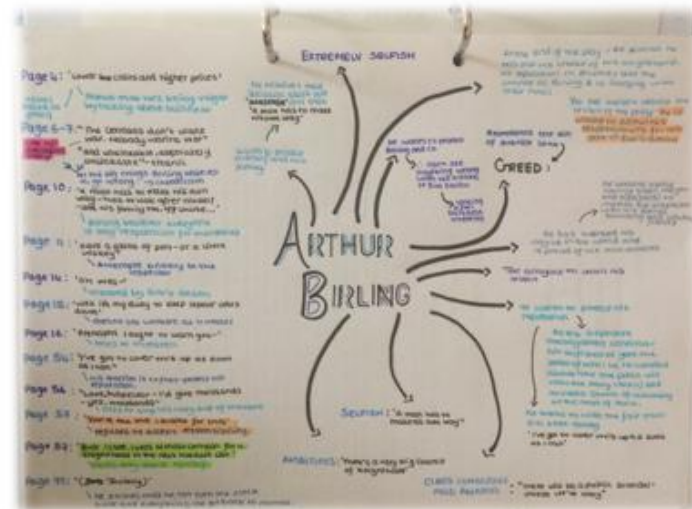

English Revision

Exercise your memory by mind mapping/listing as many quotations and ideas about each text as you can remember.

Create doodles and images for key words and quotations.

Create mind maps linked to characters in your literature texts; have your class notes/revision guides/texts and make clear, brief notes.

Create Cornell notes whilst reading materials or watching lectures (Mr Bruff, etc.)

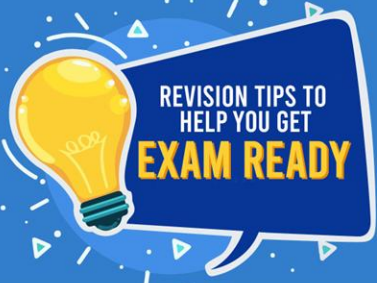

Write as much as you can about important quotations.

Annotate essay questions and extracts, creating analytical paragraphs, topic sentences, etc.

Students should be encouraged to find revision strategies to suit their own way of learning. These are just some suggestions for revising English Language and Literature.

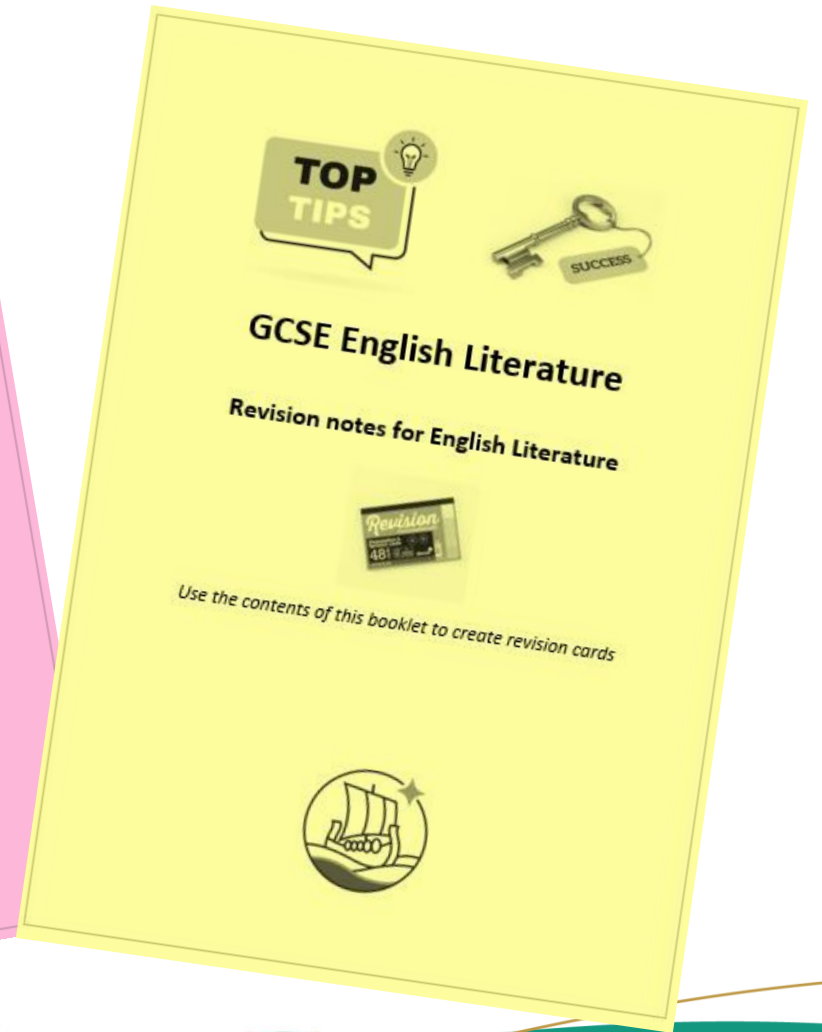

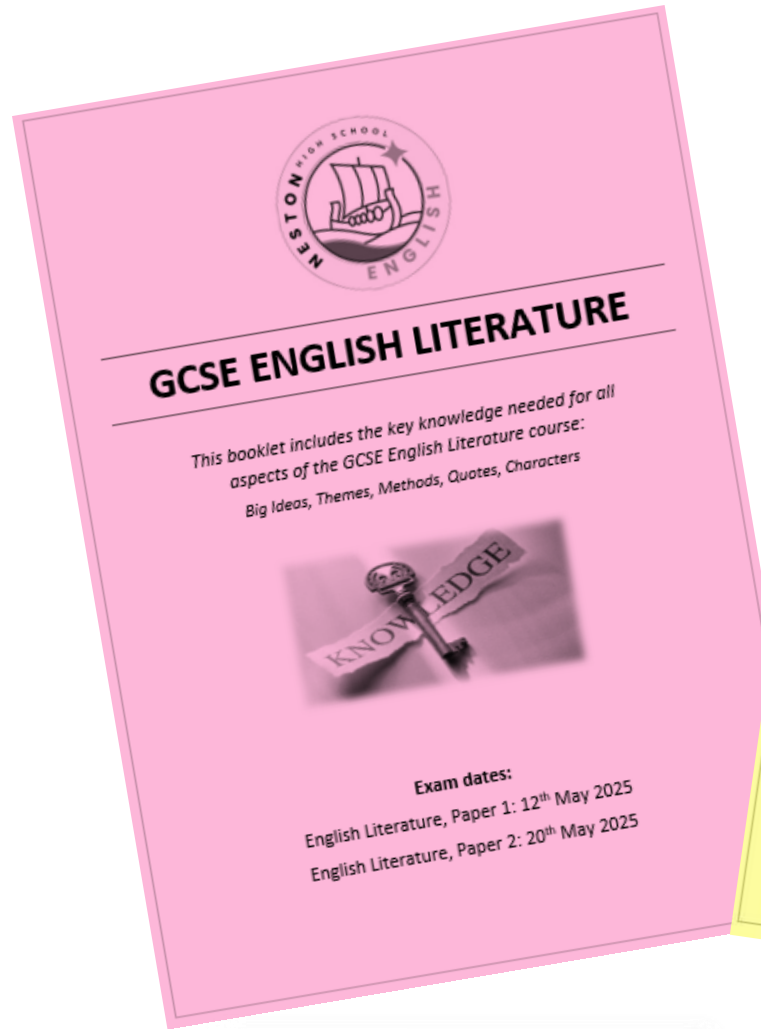

AQA Shakespeare Macbeth
Read the following extract from Act 1, scene 5 then answer the question that follows.
At this point in the play, Macbeth has just returned to his wife after being given the witches' predictions.

MACBETH
My dearest love,
Duncan comes here to-night.
LADY MACBETH
And when goes hence?
MACBETH
To-morrow, as he purposes.
LADY MACBETH
O, never
Shall sun that morrow see!
Your face, my thane, is as a book where men
May read strange matters. To beguile the time,
Look like the time; bear welcome in your eye.
Your hand, your tongue: look like the innocent flower,
But be the serpent under't. He that's coming
Must be provided for: and you shall put
This night's great business into my dispatch;
Which shall to all our nights and days to come
Give solely sovereignty sway and mastedom.
MACBETH
We will speak further.
LADY MACBETH
Only look up clear;
To alter favour ever is to fear:
Leave all the rest to me.

Starting with this conversation, explain how far you think Shakespeare presents Lady Macbeth.
Write about
• how Shakespeare presents Lady Macbeth in this extract;
• how Shakespeare presents Lady Macbeth in the play as a whole.
30 marks
+ 4 marks AO4

✓ All Year 11 students were given these two booklets to support their revision for English Literature.

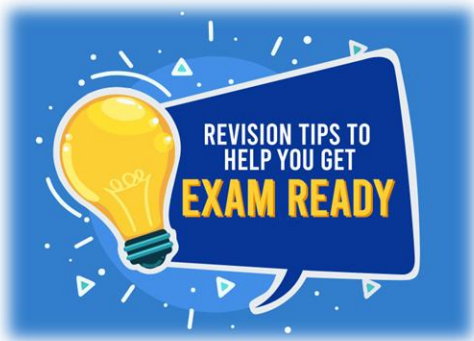

✓ Please ensure your child has these and uses them to create revision cards, mind maps and complete essay responses.

-Complete past papers from your teacher and the AQA website to develop technique.
-For the 90- word and 150-word (higher) questions, use three accurate time frames (past, present and future tenses) and two justified opinions (with 'because').
-Answer all bullet points, ideally in order.
-Write clearly, with connectives, impressive expressions and opinions.
-Make sure your writing is more accurate than inaccurate. Avoid lapses in communication.
-All of the above can be achieved by careful use of your KNOWLEDGE ORGANISER. Choose your favourite verbs in three tenses, connectives and opinion expressions
