

WARRIOR HOOPS CAMP

We are excited again to offer our 2025 Warrior Hoops Camp. Each summer this has had a tremendous turnout and provided a positive basketball experience for our youth basketball players. Warrior Hoops Camp is led by Head Coach Nate Lemmens, along with assistant coaches and players from the Wausau West program. The goal of Warrior Hoops Camp is to provide our youth players with fundamental skills that will grow their understanding of the game of basketball along with their skills and give them the tools to improve on their own. Our main focus is to grow the love of the game in all of our campers and inspire them to want to put time into the game of basketball. We will work on individual skills, along with teaching the rules of the game and having competitive games throughout the camp. Go Warriors.
