1 **FC Memorials, Funerals, and Naming of District Facilities**

FC

2
3 Requests to use district buildings and/or facilities for displaying memorials, hosting fu-
4 neral or memorial services, or honoring a person with its name shall be considered in accordance
5 with the following provisions.
6

7 Memorials

8 As places designed primarily to support learning, school sites should not serve as the
9 main venue for memorials for students or staff. However, the board recognizes that the death of
10 students and staff members has an impact on the school community and that memorials can serve
11 as an important function in the grieving and healing process. Therefore, permanent memorials
12 for deceased students or staff shall be limited in form to perpetual awards or scholarships for dis-
13 trict students. The board recommends the establishment of a scholarship or an award through the
14 Salina Education Foundation or contributions to the Foundation to carry on its work of providing
15 educational opportunities for students. Any other proposed memorials will be subject to the pro-
16 visions of this policy and of KH.
17

18 Any permanent memorials in existence before the adoption of this policy can only be re-
19 moved by board action.
20

21 Funerals and Memorial Services in District Facilities

22 Use of school facilities for funerals or memorial services is discouraged. If requests are
23 made to hold funeral or memorial services at district facilities, such requests will only be consid-
24 ered if any services are scheduled after school has dismissed for the day or on weekends.
25

26 The superintendent shall handle requests for funeral and memorial services.
27

28 Naming of Facilities

29 The board will consider requests from school and community groups to name an athletic
30 or other school activity facility, building, or portion thereof for a person provided the proposed
31 name has special significance and/or the person has made an outstanding contribution to the
32 school or the school system. The superintendent shall establish and maintain procedures for eval-
33 uating naming requests prior to making a recommendation to the board. The board shall consider
34 naming requests after they are recommended by the superintendent.
35

36 Approved: October 11, 2022

37 Revised: April 8, 2025

FD Capital Outlay Long Range Planning

FD

The superintendent shall develop long-range plans and reliable methods to project capital outlay needs. The long-range planning process may include recommendations from patrons, consultants, architects, the board attorney, the district staff and representatives from local, state and federal governmental agencies.

The superintendent shall provide information on the district's capital outlay budget to the board during the spring budget discussions for the upcoming fiscal year(s).

FDB Long Range Needs Determination

FDB

The board and administration may periodically conduct district-wide assessments to evaluate facility use, to project future building needs, or to recommend that facilities be closed. A task force may be appointed to assist with the study.
