Martin Luther King Jr., Abraham Lincoln, Joan of Arc, Rosa Parks, Anne Frank, and Thomas Edison-What do all these people have in common? Each of them left a legacy that has changed all of our lives. Without them, life as we know it would be changed dramatically. They all "defied the odds" and dared to be different. They dared to leave an impression that still reverberates through time to affect us today.

Like them, we dare to leave a footprint in the sands of time. We live in an age where information and knowledge are available at the tap of a finger. With that knowledge we learn, we grow, we inspire, we affect everyone around us.

Yesterday high school was just a dream. Now it is a reality that we live every day, and it is determining our future. Who we will become, what we will do, who we will help, and what we will change; it is all up to us. At this point in our lives we are coming to a crossroads where we are making the decisions that will ultimately lead to our destiny.

Now college is just around the corner, and we have the opportunity of a lifetime that many people around the world would die for, but do not have: an advanced education. They want a better life for themselves, and their children, but unlike us, they do not have the opportunity to take charge of their lives like we do.

As we learn and grow we will make a stitch in the tapestry of the world that, while not very big, is essential in,

completing the whole. Our job is to create the best thread that we can from the fibers of our choices. With everyone's help we will create the greatest tapestry, full of color and imagination, that the entire universe will be jealous of.

But to make those threads and weave a masterpiece, we must step up and do something. We need to do everything in our power to achieve our goals, as well as help others along the way. We need to keep trying, even if we fail over 2,000 times before succeeding like Thomas Edison. Nothing worthwhile ever came from giving up.

We must live by the Golden Rule, and make today better than yesterday. We must dare to "Defy the Odds."

Whether it be overcoming your fear of the high dive, or getting up the nerve to talk to that special someone, or as simple as getting an A in your most challenging class, we all have our own personal goals to achieve, and odds to defy.

So, dare to be different. Dare to make an impression. Dare to let your light shine so that the whole world can see it.

Don't be shy. Don't deprive the world of what you can offer. We are all a part of this world, and have a contribution to make to the tapestry of humanity. This year at Sky View High School we need to give it our all to "Defy the Odds," become our best selves, and make an impression that will never be forgotten.

Powderpuff

This year's Homecoming Week highlight was definitely the Powderpuff game. The Blue Team took another victory for the Senior class. The boys had fun, stepped up and performed some awesome cheers as substitutes for the real Cheerleaders. GO SKY VIEW!

Above left: Evelyn Jones makes a move with the end zone in mind. Above right: The Powderpuff Cheerleaders precariously attempt to form a perfect pyramid.

Below left to right: Riley Spencer, Jake Wilson, and Alex Eby show off their mad skills for the judges

This year we had eleven senior boys strut their stuff for us in order to win the honorary title of Mr. Sky View. D.J. Hinkson was the one that managed to blow the judge's away and be deemed worthy of such a high title. We had great contestants and they had some awesome talents!

Top Left: D.J. Hinkson and his escort for the night McKenzie Lundberg strut their stuff after answering some tough questions.
Bottom Left: Shawn Robbins entertains the crowd with his sultry voice and oragami skills. Right: Tyler Curtis sweet talks the judge's with promises of cookies if he can have their vote.

Left: Although our SV Hill was vandalized the night before the Homecoming game, we showed our Bobcat pride by painting it back to its true white color within just a few hours. A big thanks to BAGA for making this year's SV color & lights shine again for our Homecoming Week!

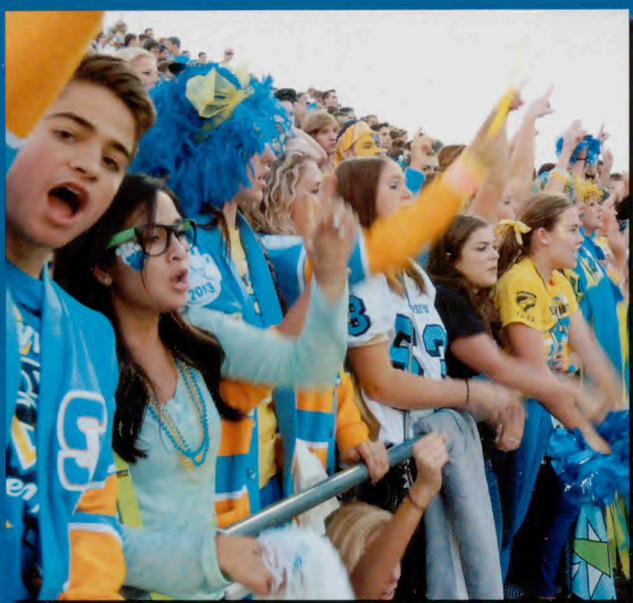

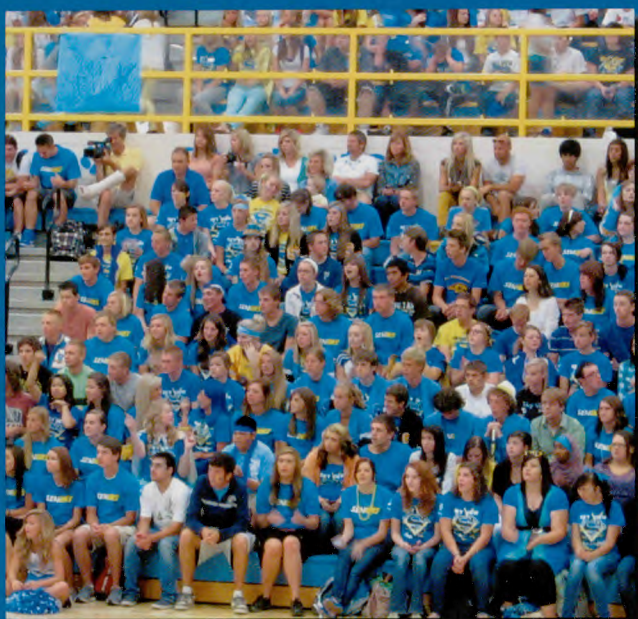

Left: Mr. Sky View, Daniel Hinkson, applauds with his mother as the 2012 Sky View Royalty is announced.

Above: Our Vistauns shimmied, spun, and glided on the field in glitzy outfits for the halftime show.

Sky View High School Ambassadors

The Sky View High School Ambassadors do many things that make a big school feel small. They provide tours to new students, families, and visiting distinguished guests. The group helps new students become acquainted with the school, be comfortable with student life, how to find their classes and other important locations and learn how to be involved in school activities. They provide a great service for Sky View and are truly Ambassadors in every way.

State Champs

"Sky View Bobcats just can't be beat"

With TWO State Championships under our belt, the Sky View High School Bobcats have shown just how good we really are.

We showed good sportsmanship both on the court, and in the stands.

From the thriller on the volleyball court in November to the stunner against Mountain Crest in March, we have shown Region 5, as well as the rest of the state, that we are the team to beat.

Fashion Trends

There were many different styles going around this year that really popped to our students and gave them cute, creative ideas. We've got Tyra rocking the parachute pants and heeled boots, Tyler sporting the bluish thigh shorts and long socks, and Whitnee stylizing the leggings with shorts. Sparkles were popular as shown by Alisha's crafty head band and sparkly top, and Danielle and Makalie's over the shoulder bag and big purse with vibrant colors was very popular. Ian and Mitch look sporting in their stylish suited jackets, and Rikelle and Maddy are perky in the tall boots and colorful scarves. It was a year of old classics brought back with a spin!

Songs carefully chosen and practiced, the vocalists sang their hearts out in order to win the hearts of the crowd, as well as the judges. They impressed everyone with their obvious musical talent, and emotion was evident as they sang to their classmates and friends. Sky View's Got Talent!

Above: Riley Whiting demonstrated his skill with a bow and arrow by shooting a target and then an apple placed on a teddy bear's head. Camille Sorensen got to enjoy the target apple once he was done.

1-Emily Morales and Melissa Olson performed a harmonious duet of "Save Me" by The Golden State. 2-Maddie Young accompanied herself while singing "Dream," by Priscilla Ahn.

3-Tiana Moser sang a self-composed song from her heart while playing the guitar.

4-Connor Idso and Brady Ulrich worked together to play "Cantina Band" from Star Wars and "In Dreams" from the Lord of the Rings. 5-AJ Durrant and Audrey Durrant performed "You Belong to Me" by Lifehouse. 6-Ara Yonk, Sadie Vail, and Madalyn McRae did a rhythmic routine of Irish Dance.

Above: Erin Chipman and Tirzah Earl amazed the crowd with their duet performance on the piano.

A- April Henderson put passion into her dance for the crowd as she spun and twirled.
 B- Augustine Larsen showed off her talent as she sang "Shake It Out" by Florence and the Machine.
 C- Kasey Crafts and McKayne Marshall did a combined act of jump roping, juggling, and even did it with glow-in-the-dark balls and jump rope!
 D- Molly Lutz sang "Blown Away" by Carrie Underwood beautifully. She was the opening act of the talent show this year.
 E- Cameron Neeley did a comedy act. He touched on the quirks of Australia, and the thistles in Scotland.

F- Tyler Hancey and Quinton Russell put a spin on their music and drummed away on their guitars.

Veteran's Day Assembly

Left: These five veterans that served in the Marines are full of smiles.

Right: The choir and ensemble performed many beautiful numbers, including, Because of the Brave and America the Beautiful.

Left: Laurie Masangkay and Hannah Walker concentrate on their music as they accompany the ensemble and choir in their performance in honor of our veterans.

Right: The twenty-one gun salute is the highest honor someone in service can receive, and Sky View was thrilled to present our veterans with it.

Left: Jonathan Allen, conducted the ceremonies on Veteran's Day.

Right: Smithfield City Council enact a motion to to take care of and mitigate the effects of families with service members.

The students of Sky View cover their hearts and keep their eyes on the flag in honor of the fallen, as the song "Taps" is played in honor of those we have lost.

Left to Right: These veterans held their chins high as the theme song for each service was played and they were honored with rounds of applause.

The gym was crowded with students as everybody, in best dress, crowded in for the opportunity to show their respect for our nation's protectors.

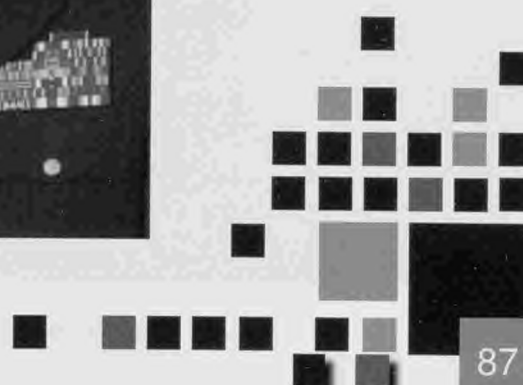

Left: We had many guest speakers at our school, including the Utah National Guard Major General Brian L. Tarbet.

The gym was quiet enough you could hear a pin drop multiple times through out this year's Veteran's Day assembly.

For many students this assembly was more than an excuse to dress up pretty, it was an opportunity to say thank you to our local veterans and appreciate the ones that gave their life so that we could honor those still standing.

All veterans gave some, but thousands gave all and Sky View is never going to be a place where that is forgotten or unappreciated.

The Show Choir

This year Encore gave us a year to remember as they shimmied, spun, and swing-danced their way on stage and into our hearts. There were long practices, lots of performances, and of course, lots of laughs! They performed at assemblies as well as a Christmas show, and at their floor show in March entitled "Life's A Happy Song." Here at Sky View we looked forward to their performances with anticipation and were not disappointed. After all, how could we not be amazed? All of that talent displayed for us on the stage complete with singing and a smile, they looked like they danced right out of West Side Story!

Latinos In Action

Latinos in Action is a class where students gain knowledge about their culture, improve leadership skills, and learn how important it is to help out their community. The class consists of three committees, Social, Service, and the Professional Committee. Each one of these committees does something different for the class. The class takes time to go to Elementary schools and tutor their younger peers in their school subjects. The class is not just a place to learn-- its also a place where people can have fun and enjoy each other like one big family. They organize family dinners and presentations to let people know more about the class, and also organize service projects that not only help the students of Sky View High School, but also the community that surrounds the school and the people of Cache Valley. This class does all they can to make everyone feel welcomed into their activities. Latinos in Action is a place where students learn skills they can use in the future to become successful in life. The LIA members all like one big family that has a bond that people will never break.

Teacher of the Year

Michael Hansen

"As a teacher I love helping students develop their brains and attitudes. There is such a difference between new Sophomores and graduating Seniors in the way that they think and behave. I especially love helping students that struggle in class, students that might be struggling in their home life, or students that might not be feeling accepted socially at school. It makes me feel great to know that I have hopefully helped students in some aspect of their lives!"

-Mr. Hansen

Visual Arts

"Being nominated for Sterling Scholar has pushed me to be more dedicated to my art. I have

enjoyed the experience because it let me be around other students who are also passionate about their fields. I'm glad that I have this opportunity to show and explain my artwork to others. It has given me the chance to explore what art means to me, and why I enjoy it."

Hanna Corcoran
Dance

"I didn't realize the amount of work that goes into being a Sterling Scholar. The process is time consuming and sometimes

difficult, but rewarding. I feel honored to represent Sky View along with my fellow Sterling Scholars. They are all such brilliant individuals with whom I've had the pleasure of becoming better acquainted."

**Jaron
Wallace**
Science

"My involvement in science has greatly influenced my life and will continue to influence it.

Completing the projects I have done, I have learned how to work on my own as well as with other people. I enjoy making new discoveries and hope to continue to make them for the rest of my life."

Brad Siler
Math

"Over the past four years, math has guided me through major decisions that have fundamentally set

a path and plan for my future. I was uncertain about where I wanted to go in life, what I should major in after high school, and most important what interests me. Math and its applications are my future."

**Jade
McKendrick**
**Skilled and
Technical Sci.
Ed.**

"It was an honor to be selected to represent Sky View as the Skilled and

Technical Sciences Education Sterling Scholar. Thus far, it has been a lot of hard work, but I wanted to be able to represent our school as best as I could. I knew through it all that I'd be representing the greatest high school. I wanted to show who we are through my work and integrity."

**Arthur
Wardle**
**Speech and
Drama**

"Humans are social beings, and thrive in social settings.

Communication is

a necessity for almost all human-intellectual collaboration, love, etc. While math, science, and language arts are all extremely important, speech is truly the one thing that we use almost every waking moment of every day."

**Bronte
Forsgren**
Social Science

"Social Sciences has greatly enriched my life by broadening my understanding of the greater world

and my place in it. The study of psychology has given me greater understanding of myself and those around me; sociology has taught me to look at the effects society had on individuals and the effects individuals have on society."

**Marielle
Larsen**
**Foreign
Language**

"Since I was a little girl I have wanted to work in the healthcare profession. Now

that I am training to become a CNA, I realize the importance of understanding your patients, not only their needs, but also their values. I have always had an interest in languages and different cultures. I believe that in being able to understand you can better help them."

Emily Turner
Music

"My experience in music has penetrated every aspect of my life. Music is in everything and musical ability is

To quote Albus Dumbledore I say "Another year gone." Well done Sky View! We have "defied the odds" and made it a year of smiles, laughter, and memories for years to come. Thank you!

This book was created by the Aurora Staff. There were three trimesters of yearbook staff, and I would like to thank all of them, especially those who went above and beyond: **Sydney Sandberg (Assistant Editor), Colleen Coyle, Emily Lyman, Ryan Egbert, Katie Griffin, Makensie Jones and McKenzie Mackley.** A huge thanks to our advisor **KC Jones** for all of his hard work, advice, proofreading, and the pizza parties. Without all of their help, this yearbook would not be the amazing book of memory you hold in your hands.

Another huge thanks to the Herff Jones staff who put up with us, especially our Herff Jones Representative **Todd Jones** and our Account Representative **Chris Speth.** **Clay Ross** of Bell Photography is to be recognized for providing the background and mug shots of everyone's smiling faces. Another big thanks goes out to **Trent Nielson** of the Salt Lake Tribune who provided stunning pictures of the Boys Basketball State Championship Game.

Finally, a big thanks goes out to our Administration for their help, support, and approval. The school would not be the wonderful place of learning it is now if it weren't for **Dave Swenson, Tim Smith, and Joel Allred.** Another thank you to the **Faculty and Staff** for their help and support. And last but not least, a huge thank you goes out to the **students of Sky View High School.** You are all amazing and show what it means to have Bobcat Pride! Without you, high school would not be the same, and the yearbook would be pointless.

"Defy the Odds"

Tools and Type:

The 2013 Aurora was printed by Herff Jones Publishing in Logan, Utah. "Defy the Odds," the theme for the yearbook, was created by Sky View's 2012-13 Executive Council. The cover was brainstormed by the Aurora Staff, and edited by the artists at Herff Jones.

This 204 page book has 32 pages in color, followed by 172 pages in black and white. A 28 page full color Spring Supplement is placed at the end of this book. This book was created by using the Herff Jones eDesign program, in addition to Photoshop on iMac computers. A number of fonts from the eDesign website were used throughout the book. 1,300 were sold.

Dedication:

To the staff: This yearbook is your creation, and all of your hard work has paid off! It was long, it was tough, and sometimes we wanted to scream, but we made it. I congratulate you, and you should be proud. Thanks for all of your help and your inspiration. I could not have created this book without all of you.

To Sky View: We made this for you, and we hope our creation is something you will look through in years to come and be filled with the fantastic memories you made this year. You all "defied the odds." Be proud of the legacy you have made.

Many thanks to all,
AnnaLisa Lyon -Editor

Spring Supplement

Spring break is always a wonderful time because you come back from a great vacation, and it's almost as if you bring the warm weather back with you. And, once the warm weather comes. . . We know that it is almost summer! It's time for tests, sports, and dances to come to an end. We have made our mark and we know that we have *DEFIED THE ODDS*.

Theme for 2012-2013: "Defy the Odds"

What does it mean to "Defy the Odds"? How do you celebrate when you "defy the odds"? As a Yearbook Staff we chose this picture to close this yearbook and to visually represent how some choose to celebrate after "defying the odds". Give yourself a pat on the back! Celebrate! We did it! The year 2012-2013 is displayed proudly on not just one, but two banners proclaiming that Girl's Volleyball and Boy's Basketball earned the title of State Champions this year. On top of that, we can't forget all those other Region and State Champions who also excelled this year. The Arts, all the Bands, Cross Country, Debate, Drama, FBLA, FFA, Golf, Gymnastics, Vocal Solos, Sterling Scholars, Swimming, and We the People. WOW! What a year we have had. With your great support, you have made this all possible. Those memorable games, in addition to your own personal memories of this year, are a "treasure more than gold". We, the Yearbook Staff, hope that this book gives some measure of justice and will help you remember the successes you have had. Go Bobcats!!!
