#### SCHOOL SONG

Here's three cheers for North Cache
We'll give you a hand
May your brilliant colors, on the hill top stand.
With a rock foundation, far shall go your fame --North-Cachians swell with pride
When e'er they hear your name.
Maroon and white, which stands for might --And to the band, best in the land
Fight! Fight!
Long we will love thee, here's to a toast
And may all your praises ring from coast to coast.
Boosting, yes boosting, we'll never stop.
And we'll always keep North Cache right at the top.

#### "To Each The Season Thereafter"

If we could give to the students of North Cache just one priceless gift, what would it be? What one thing could we hand them on the last day of school which would be of the greatest worth to them fifty years from now as well as in the present? If all these things were considered then we would give each something which actually costs nothing as far as monetary values go, and something which is not actually in our power to give. We would give the Season Thereafter with all its hopes and fears, disappointments and failures, joys and successes, because this Season Thereafter is the foundation we build so that we can climb to our ultimate dreams, no matter what they may be.

Along with this gift of the Season Thereafter we would wish, especially to the Seniors, profitable memories of The Season Past. As these Seniors go into the adult world they will not only become the doctors, teachers, housewives, and farmers of tomorrow, they will also face the grave responsibility of keeping our America the freedom loving land that she is now. They must then be able to look back at their high school days, The Season Past, and see that it was largely here where their character was created and molded. In the years to come they will look in this year-book, this book of seasons, and be able to re-live the games we played, the Senior Prom, and most of all the day they looked forward to for twelve

years, Graduation Day. How snort a season ago it will seem since the first day our mothers sent us off to school and we were reluctant to go because we feared what we did not and could not understand. And now the Seniors are reluctant again because they are giving up the security of their school days, they are parting from their friends, and they again are fearful because they do not know what is ahead of them. But, although our journeys may be far apart we know that a part of every Senior's heart will linger here in our beloved North Cache.

In the Season Thereafter we would wish those left behind the strength to shoulder the responsibility of building upon the foundation the Seniors have left them. They must be the builders in the Season Thereafter of the memories of tomorrow. It is their lot to keep boosting and never stopping when the going gets a little rocky, because only in this way can they keep North Cache at the top. We feel that those who stay will hold the future of North Cache in their hands, even as those who are leaving will some day hold the future of our country in theirs. So to you we say, take care of North Cache and keep her shining as only Polaris, the North Star, should.

Yes, to all the students of North Cache we give the most priceless, the gift of most worth: "THE SEASON THEREAFTER."

#### Administration

Since Biblical times powerful masses of people have been under the influence and guidance of great leaders. North Cache is an eminent school and has one of the lowest drop-out rates of any institution in the nation. This fact can be credited to the labors of our distinguished principal Robert Dahle and the capable assistance of the faculty. Adolescents in high school have a tendency to be irritated by the

constant urging of teachers and other elders to study. Because of this each year thousands of students throughout the country throw up their hands in despair and quit school. However, Mr. Dahle has a sincere understanding of mixed up teenagers and is striving always to encourage all of us to be better individuals. North Cache is proud of you.

# Cache County School Board

Making the decisions that govern the well-being of North Cache and other Cache schools are Superintendent Oral L. Ballam, and the members of the school board and superintendency. Bonds, school issues, and remodeling are only a few of the problems debated by these diligent workers in their regular meetings. Their many hours of effort are well rewarded by the pleasing smoothness with which the Cache County schools operate.

## Our Faculty

#### the happy look of knowledge

Norcachians have always been proud of the accomplishments of their faculty members; we can take even greater pride in our 1961-62 teaching staff. Each faculty member is dedicated to teaching "the younger generation" the valuable lessons they have learned through hard work and study. They want us to become better persons as well as better scholars. We are indebted to them for their patience and aid.

It has been said that some adults stay youthful and optimistic because they work with young people. However, we contend that our cooks, janitors, and bus drivers would not have the jobs that they do unless they were young-at-heart. It takes patience, understanding, and good humor to cook for, clean up after, and transport 500 lively teen-agers.

Our non-teaching personnel have earned the respect of both students and teachers because they are always willing to do what is best for North Cache and her students. For all of the work hours spent in our behalf we Norcachians thank them; we will remember them as important figures in our pleasant and profitable seasons at North Cache.

#### David Barlow President

Many responsibilities fall upon the shoulders of a Senior class president; his job is never an easy one. David has proven himself to be an outstanding leader during a year of memorable Senior achievements. Dependable and hard working, David is admired as a capable executive; Norcachians will long remember him as a fun-loving, friendly guy with a terrific sense of humor.

#### Maxine Rasmussen Vice President

"Personality Plus" is the first phrase that pops into the mind of any Norcachian trying to describe Maxine Rasmussen, vice president of the Senior class. She truly possesses "personality plus"—personality plus talent, originality, a sparkling smile and an energetic enthusiasm for her job. "Max" has been a dependable leader, well suited for the complex responsibilities of her office.

#### Suzanne Hendricks Secretary

As efficient as she is vivacious and attractive, Suzanne has been the kind of officer members of her class can be proud of. She has kept record of, as well as having a major part in bringing about the achievements of our graduating class. Fun and friendly, Suzanne is a gal everyone is proud to know. All the Senior officers have made great contributions to a successful year.

#### Cort Budge President

Very few classes are fortunate enough to have officers who possess leadership ability plus past experience in managing student affairs. This year the Junior class was one of the lucky ones. Our president, Cort Budge, has the tact, patience, and ability to organize that make a reliable executive. He also has gained valuable experience in other positions of responsibility. Three cheers for Cort!

#### Steven Jardine Vice President

"Service with a smile" could be both the motto and description of our amiable vice president. Steve has carried out the many duties of his office with cheerful enthusiasm, and admirable success. Always able to retain his sense of humor in the most trying situations, our "Veep" has been a great asset when it came to solving the perplexing problems of a busy Junior class.

#### Kaylene Cooley Secretary

Friendly, fun, sweet and sincere—that's our 1961-62 Junior class secretary. Kaylene, with a heart as warm as her smile, is a friend to everyone and everyone's friend. Not only is she brimming with exciting ideas, but Kaylene has the ability to carry them out. Petite and dainty though she may be, Miss Cooley has played no small part in making the Junior class and their officers memorable and admirable.

#### Kent Traveller President

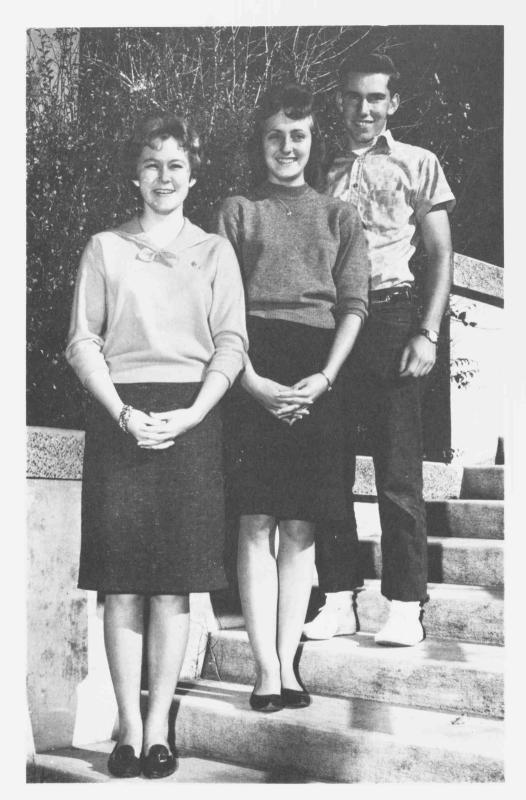

This year, Kent has had the notso-enviable job of leading the "scared Sophomores" through the maze of North Cache traditions to a successful school year and a position of respect in the student body. Kent has fulfilled his obligation admirably. The organization sense of a tycoon, the tact of a politician, the dependability of Gibraltar: Kent has all of these; he is a president to be proud of.

#### Aldene Comish Vice President

Aldene has been a first-rate vice president. Poised and efficient in a crisis, she has the ability to remain cool when everyone else "hits the panic button." Sophomore officers usually have a great many problems to solve, but Aldene has been able to do her part as a successful leader. Talent, personality, great ability: all are crammed into one dainty package — Aldene is quite a gal!

#### Christie Smith Secretary

"Sunny" would be a very apt nickname for our talented and charming Sophomore secretary. Cheerful and fun, Christie is always ready to aid anyone who needs sympathy, understanding and a helping hand. Loaded with ability, energy and enthusiasm, Christie Smith has been a definite asset to the capable and hard-working trio of Sophomore officers. A round of applause for a fine group!

# FALL

### the season of harvest.

The North Cache High School campus, beautiful any season of the year, is transformed by the magic of autumn—the season of harvest. Crackling leaves of red, orange, yellow, and brown dot the lawns where students gather during the lunch hour. The crisp tang of the cool fall air is complemented by the mellow smell of burning leaves. A mood of quiet peace reigns one moment, only to be replaced the next moment by a spirit of excitement and gaiety.

The return to school in the autumn brings reunion with familiar faces and acquaintance with new ones. Back to school means a challenge of new and unfamiliar subjects. And the return to school creates a "horn of plenty" of varied activities. School spirit is at a peak in the fall, with lively pep rallies, thrilling foorball games, and enjoyable dances. Events range from initiation and welcoming of the new Sophomore class, club meetings, and assemblies to the Fall Flip and Harvest Ball dances and the exciting league football games. Climaxing the entire series of extra-curricular events is Homecoming, with its many festivities. The Alumni Assembly, the big pep rally, lighting the NC letters on the hill, the allimportant football game, and the long-awaited Homecoming Dance are all parts of this most prominent of all autumn activities.

Thus fall, the season of harvest, sets the pace for an entire year of fun and festivity at North Cache High School.

To try to express to the students of North Cache my thanks and appreciation for the enthusiastic support given us as Student Body Officers would be impossible in this small space. What we would like to do is express our thanks to each one of you individually. The entire Studentbody has contributed to making this year the great one it has been. Only through the efforts and talents of a great many people have the assemblies, dances, operettas, and plays been successfully staged. I'm very grateful to you for the privilege and opportunity of serving as your Student Body President. It has been a wonderful experience; one that I will never forget. Special thanks I owe to Mr. Dahle, Mr. Bair and the faculty.

Things just wouldn't be complete if I didn't express my appreciation for Carma, Karla, and Dee Ann. Enough praise could never be given to these three young women. They're a great bunch! I shall never forget North Cache, and the fun that I've had here, and many memories will I take as I leave. Thank you again for making them possible.

May the best of everything come to each one of you.

# Studentbody Officers

Well, it looks like another year is over and for the seniors it is the end of their high school days. All the fun we have had here will probably remain in our memories for many years to come.

As a student body officer, I would like to thank the student body for all the cooperation they have given us in the things we have done. You are really some great kids and I hope that through some of the activities we have provided, you have had some fun. Garth, Karla, and Dee Ann are some of the greatest kids that you will ever find and it has been a privilege to work with them. Garth is probably glad that this school year is over because we girls always out-numbered him and gave him a pretty rough time.

Now as I leave this school I have one wish and that is that we will always keep N.C. at the top.

Carma Hansen

Carma Hansen Vice President

One more year has passed at North Cache, and another senior class moves on to reach for new goals. To all the students, I say thanks for your support to the student officers. Thanks for your sportsmanship and help in boosting our school to the top.

I feel it is an opportunity and a privilege to act as the Historian of the student body. I hope

that I have represented our school well.

1961 and '62 has been a successful year at North Cache. This is because of the desire of each student to accomplish something worth

while during the school year.

I have enjoyed all three years at North Cache, but my senior year has been outstanding. Working with Garth, Carma, and Karla has been the highlight; and it is an experience that I will never forget. I could find no finer friends anywhere, and I sincerely wish them luck in everything they do in the future. To you who will be here next year, I wish you luck and success in keeping our school always holding her standards high.

Down the empty halls the footsteps of four persons can be heard, these people are Garth, Carma, Dee Ann and me. Long after the school is silent, the excitement of our high school days, especially our senior year, will dwell in our hearts

Being a studentbody officer was a thrill and a blessing and for this opportunity I thank

you very much.

Throughout the year the work of several have made this year a success, members of the coordinating council, the officers of the different organizations and all of you have shown us.

To Garth, Carma, and Dee Ann I pay a special tribute for they are great leaders and

wonderful friends.

As long as this school stands there will be great kids to fill her halls and classrooms and to all of you I wish luck and success.

# Coordinating Council

We, at North Cache, are very proud of our Coordinating Council and the work it does. This group of representatives are chosen by each home room to act for the entire student-body. They discuss problems dealing with all types of school activities. If necessary, the more pertinent problems are taken to the home rooms to be discussed by all of the studentbody. The representatives, then, bring new ideas and

opinions back to the council. By this method the council can decide upon the best course of action.

The capable and efficient running of our Coordinating Council is made possible by the cooperation of each member of the studentbody. In order to keep up the good work done by our Coordinating Council, we must all give them our full support.

# Get Acquainted Dance Sophomore Assembly

After a hectic week of writing nonsense themes and performing other odd duties, the sophomores were finally privileged to show their wits as unrehearsed actors on the Sophomore Assembly. Running around blind-folded on stage, trying to kiss somebody that wasn't there might have proved embarrassing to the flustered new comers but the old timers certainly were entertained at this stunt. That evening, Sophomores, Seniors and Juniors alike scrambled back to North Cache to see Judy Rash and Dwight Pearce crowned Miss and Mr. "Hello" at the Get Acquainted Dance.

The dance was enjoyed by all who

Dare I kiss the one in front of me?

It seems as though the faculty members enjoy dancing with the students.

The theme, "Bewitched, Bothered and Bewildered," was sung by Judy Rash, Susan Lamb, and Doris Hansen. Several of our students enjoyed that late October evening in a delightful and clever autumn setting spiced up with a touch of Halloween atmosphere.

This takes great concentration.

## Cheerleaders

Adding enthusiasm and school spirit to our school activities this year, were our ambitious cheerleaders. They were always faithful and with lots of hard work and practice, they did their best to cheer the teams on to victory and to keep the "maroon and white" full of pep and energy. The "spirit of the fighting Bulldogs," was kept alive by these peppy five. A salute is given to Jed Morrison, Barry Bodily, Diane Elwood, Darlene Walker, and Tessie Bullen.

#### Harvest Ball

Everyone really got together and had a real swell time at the Harvest Ball. The dance was sponsored by and under the direction of the F.F.A. and the F.H.A. The dance was a barn dance, and both the dress of the couples and the decorations of the dance went along with this idea. The dress was casual, and a lot of the couples appeared in matching shirts. The decorations for the dance remind one of a barn, and the royalty was even seated on milk cans. To start off the floor show John Bright and Mark Bradey played the theme of the dance, "Let's Get Together." And not to be out done, a few of the teachers added their part to the dance when they favored the audience with a square dance. Another part of the floor show was the crowning of the F.F.A. Sweetheart. Sue Ann Godderidge was very pleased with the evening.

## Girls and Boys State

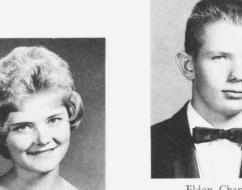

Our United States can be no stronger than her citizens. Therefore, it is vital to our nation's welfare, both today and tomorrow, that responsible citizens, as well as capable leaders, are fostered, nurtured, and educated. Utah Girls' and Boys' States, sponsored by the American Legion and the American Legion Auxiliary, give just such valuable training to dozens of Utah teenagers each summer. For one week, outstanding high school seniors learn how their government "operates" by actually participating in mock elections, political conventions, and legislative sessions. North Cache takes great pride in her high caliber "leading citizens"; we are especially proud of the large number of representatives to the sixtyone "states." These students had been, and have continued to be, outstanding leaders. We offer them congratulations and best wishes for their continued success.

# WINTER

#### the season of learning.

As the last brown withered leaves dropped off the trees and the first soft white flakes of snow began to fall, the students of North Cache settled down for a long winter of learning and acquiring new talents. All but gone were the memories of summer adventures because new adventures and new memories were in the making. The Northcachians seemed to realize that the carefree days of the past few months were over and now it was time to gain more of that of which futures are made, knowledge.

The Seniors seemed to realize that they were at a crossroad—for some their learning would travel with them to pre-med schools, law schools, and teacher training schools; with others their knowledge and learning would go into marriages, out of which would come the students of tomorrow, and into the service of our country, or perhaps on missions. But wherever this knowledge followed them these seniors knew that this was the important year and that there was so very much to learn.

But the knowledge that the students of North Cache were to obtain in these Winter months was not only important to their futures, but was important to their present. The learning which North Cache students gained helped them win high honors at speech and debate meets, helped them put over successful plays and operettas, and helped them toward the winning of scholarships.

Winter is the season of learning and North Cache students learned many things this past year. They learned not only the important lessons that are taught in classrooms out of books but also the important lessons to be learned from associating with our fellow students.

Joleen Myler, Polaris editor, is affectionately known to staff members as "the Boss." She is responsible for the planning, execution, and editing of each page. Patience, hard work and talent combined, Joleen is an oustanding editor.

Bill Budge, big-time financier, is our shrewd and able business manager. To help finance publication, "Salesman Bill" solicits ads from local business firms. Bookkeeper and trouble-shooter, Bill aided prompt publication immeasurably.

## The Polaris Staff

As we remember our year at North Cache, the 1962 Polaris will be doubly precious: re-creating school events in both words and pictures. The production and business staffs labor long and hard to produce a yearbook worthy of its title: Polaris, the North Star.

Polaris Staff includes, front row, left to right: Penny Plant, Darlene Sparks, Jan Pitcher, Sharon Lott, Karen Lott. Back row: Marianne Chambers, Loretta Richman, Tonda Harris, Luanna Hancey, Leneia

Many patient, willing workers have helped to bring this book into existence; they are to be congratulated for their efforts. Every Norcachian is grateful to them for the time and effort they have expended in planning and producing the '62 Polaris.

I'll cut up this Polaris if I want to!

Lela Jean Mouritsen, our capable editor of the school paper, Norcachian, has worked tirelessly with her various duties. Her leadership ability and her numerous talents have aided her in her position.

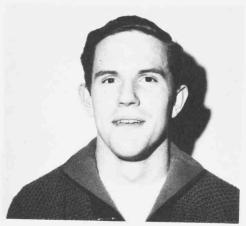

Alvin Lemon, the Norcachian Business Manager, has been a very efficient money man. Under his expert direction the business staff has done a wonderful job of financing the paper.

## The Norcachian Staff

Keeping the student of North Cache High School informed about school events and current issues is the ultimate goal on which the publishing of our outstanding school paper, the Norcachian, is based this year. The active staff of editors, business managers, columnists and reporters strive for authenticity in their information on sports, events, elections, assemblies, achievements of the school and students, and the ideas and impressions of the students on varied subjects. The success of the school paper depends upon the staff that runs it, and the school paper this year was a big success, a tribute to those whose efforts it displays.

Susan Tout and Graig Taylor assisting the publication of our informative Norcachian. As they aid in the editing of the pages and financing of the paper, they gain valuable experience which will help them in their duties next year. Our excellent paper is proof of the success of their many hours of work.

It really isn't as bad as you think!

Jimmy Gordon Photographer

Jimmy Gordon, our snap-shot happy photographer, has done a tremendous job of recruiting pictures for the newspaper. Advisor, Mr. Perkins, has been a great aid to the staff in preparing the paper.

### North Cache Debate Team

Resolved: That the North Cache Debate Team has more fun than anyone in the school. Quoting from debate instructor, Richard Bagley, "Even though my class is made up of boneheads, we licked Ogden in good style." (Of course the judges were from North Cache). As well as being an academic class, debate served to ignite many romances. To name a few: Garth and Lela, Greg and Janet, and Randy and DeAnn. The only ones who get to see Billy Budge's face as red as his hair are the debators, for he really colors up when he discovers that he can't drive his Pontiac but has to take the bus and leave the driving to Dallas. Freda works quite exuberantly with brother Bagley, for she is his secretary for no less than a business relationship between these two, just watch some fourth hour and see if they're not out drinking cokes in the hall! May we thank Mr. Dahle at this time for his understanding cooperation in letting the debators leave school so frequently. Thanks also to the school for supporting us this year.

Garth Mather, President; Mr. Bagley, Advisor; Freda Smith, Secretary.

KARLA V. RICHARDS, our vivacious and efficient secretary, richly deserves her place as a Top Senior. Gaiety, good humor, natural ability — Karla is truly a sweetheart — a friendly, wonderful gal.

## The Top Ten...

LELA JEAN MOURITSEN, Norcachian editor and life-saver miser, is well-known among her classmates for her zany sense of humor and sincere friendliness. Talented and efficient, Lela is a real asset to North Cache.

"Energetic" could well be JED MOR-RISON'S middle name. A devoted and enthusiastic cheerleader, he has helped boost school spirit. "Mr. Personality" has "just barely" enough time to be an honor student and a fine musician.

Poised and lovely, MAXINE RAS-MUSSEN is truly "tops" in personality, ability, and "likeability." She is active in both music and drama, as well as being an energetic Senior class vice president.

DAVID "Hot Lips" BARLOW is also famous as a fine athlete; he has played basketball for North Cache for three eventful years as well as being a tennis star. During his Senior year, David has served as class president.

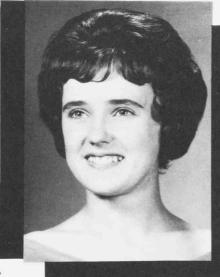

The Chosen Senior Personalities

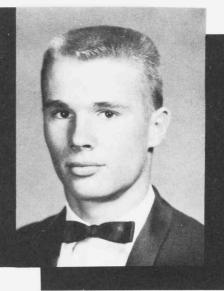

CARMA HANSEN, enthusiastically hailed as a Top Senior, is our dedicated and capable studentbody vice president. As friendly as she is talented, Carma's warm smile is as well known as her great ability.

GARTH MATHER, our capable, friendly "Chief Executive," won an undisputed place among the Top Ten. An outstanding scholar, student leader and athlete, Garth is respected and admired by all Norcachians.

Busy and beautiful FREDA SMITH is another Top Senior. Active in music, speech, and debate, Freda devotes her "spare" time to being a top student and N Ce' Aire. Friendly and fun, she is well known and liked.

Whether playing track star or musical king, DARREL GIBBONS always gives his best and does a fine job. Well known for his crazy sense of humor and ability to have fun, Darrel is a favorite with his classmates.

# SPRING the season of fulfillment."

And now, after a year of study and activity, the students of North Cache High School have entered into the Season of Fulfillment, Spring. This is the season when many of our hopes and dreams are close to being answered and when some of them have already come true. This is the Season of "romance" and "love," of graduation and promotion, of fresh new leaves and blossoms. In this Season the Seniors will receive their diplomas and their graduation keys that will open up a brand new wonderful future. A future that may part them from their friends and associates, and lead them on to paths untraveled and unknown.

For many this season will simply mean a time for freedom and enjoyment, of swimming, and canyon parties, and of sports and summer jobs. And then after the brief season of Spring they will return to the Halls of North Cache and continue the studies that will help them toward the ultimate goal of becoming useful citizens in our American Society.

So, no matter in what manner or for what reason, Spring is truly the Season of Fulfillment.

## Junior Prom

The "Eighth Wonder of the World" was our romantic and exciting Junior Prom, held March 24, 1962. Each of the "Seven Wonders of the World" were re-created in a fairyland of yellow, white, red and gold. Traveling "Around the World" on the strains of the haunting theme song, whirling couples spent an enchanting, memorable evening. Congratulations, Juniors! A fine job.

JUNIOR PROM COMMITTEE MEMBERS are, left to right: Clara Dahle, DeAnn Gittens, Arlene Falslev, Janet Spackman, Angie Recder, Peck Taylor, Joe Bergeson, and Graig Taylor. Absent: Eddie Cottle, Cort Budge, Leneia Ravsten, Marilyn Rasmussen, Steven Jardine and Penny Plant.

## Spring Hop

The Senior Trio introduce the Preferred Men after the Spring Hop assembly.

The Play presented at the Spring Hop assembly took many awards at speech meets.

The last dance of the year, the annual Spring Hop, was jointly sponsored by the Girls' League and the N Ce' Aires. Girls and their preferred men were transported to the Peppermint Lounge for an evening of dancing to the latest records. The Twist was, of course, the dance of the evening. Congratulations, gals. It was fun!

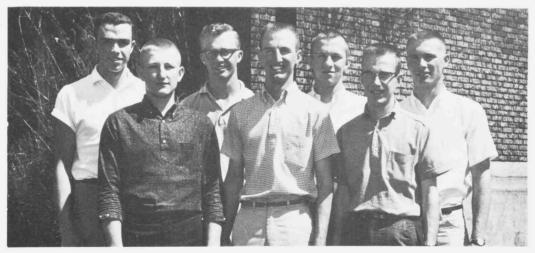

Seniors achieving Scholarship and Activity awards were: Lela Mouritsen, Carma Hansen, Karla Richards, Diane Elwood, and Freda Smith. Second row: Camma Larsen, Margene Griffin, Garth Mather, Maxine Rasmussen, and Ellen Rigby.

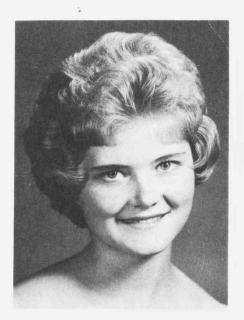

Seniors achieving Scholarship awards were: Susan Barnes, Vonda Preece, Carroll Hendricks, Marianne Chambers, and DeeAnn Allsop. Second row: Jed Morrison, Glenna Anderson, Ileen Loosle, Margaret Monson, Sharon Woodland, Sue Ann Godderidge, and David Dahle.

Seniors achieving Activity awards were: Lynn Payne, Terry Hodges, and Marvin Spackman. Second row: Ray Geddas, David Barlow, Bruce Jackson, and Darrel Gibbons. Absent: Ned Seamons.

KARLA RICHARDS was awarded the Smithfield Kiwanis Club's Citizenship Award. Her participation in school affairs and her scholarship record have won her this honor. Congratulations, Karla!

Citizenship Awards

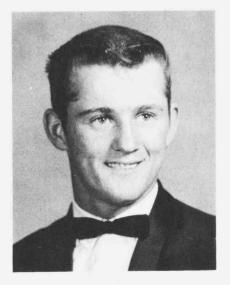

The outstanding achievements of our student-body president — exemplary citizenship, leadership and scholarship — won GARTH MATHER the Smithfield Kiwanis Club's Citizenship Award.

Man attains in the measure that he aspires. His longing to be is the gauge of what he can be. To fix the mind is to fore-ordain the achievement.

James Allen

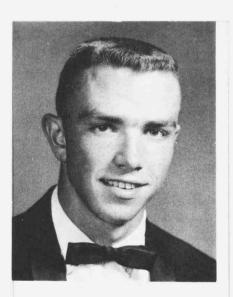

### Parson Award

In recognition of outstanding achievement in athletics, NED SEAMONS received the Parson Award. Participating in football, basketball and track, he has been an asset to North Cache teams.

### Plant Award

Recipient of the 1962 Plant Award for athletic achievement is the strong and silent RAY GEDDES. Tall man on the basketball team, he rates high in everyone's estimation.

Scholarship Award Betty Crocker Award

The Betty Crocker Homemaker of Tomorrow Award goes to LUANNA HANCEY. Scoring highest in a test given to North Cache Senior girls, Luanna displayed her knowledge of practical homemaking.

Student representatives at state were: K. Richards, S. Tout, F. Pitcher, D. Elwood, S. Barnes, V. Preece, J. Sorenson, and C. Hendricks. Second row: L. Mouritsen, S. Godderidge, A. Reeder, J. Eddie Seamons Football Letterman

Sophomore "Scoopers."

After so many years in a classroom I find it difficult to think of myself with no school responsibilities. I may be somewhat lost not to have to get to an early faculty meeting on Monday mornings, nor to have to read a batch of English themes, nor to prepare a new unit to teach my classes. I shall miss these duties which have become so much a part of my life. But I shall miss, most of all, my association with the fine young men and women, with the friendly faculty, and with the paper staff at North Cache. I may even miss the challenge that some of the "round-peg-in-square-hole" students throw out to teachers.

But I shall be happy for the freedom that dropping these responsibilities will bring. I hope to do many things that I have never had time to do. I plan to devote time to reading, writing, and painting. I hope to explore fields of endeavor that, because of teaching, I have never found time to do. These things I look forward to.

And as I leave my position here, I really have great confidence in our youth. I have seen many not-so-promising teenagers develop into responsible citizens. I believe that, for the most part, the youth of today will meet the challenges of tomorrow. I believe that our schools are doing a good job, although they leave much to be desired. To improve, they must provide more opportunities to develop the diverse talents of all students. There must be more achieving and less socializing; more emphasis on superiority and less satisfaction with mediocrity; more responsibility and self reliance among students and less pampering. The aim of the high school student must be shifted, somehow, from getting a graduation diploma to getting an education.

And finally, the high school diploma must be made again to mean what it says—satisfactory accomplishment on a high level.

### SCHOOL SONG

We'll give you a hand
May your brilliant colors, on the hill top stand.
With a rock foundation, far shall go your fame --North-Cachians swell with pride
When e'er they hear your name.
Maroon and white, which stands for might --And to the band, best in the land
Fight! Fight!
Long we will love thee, here's to a toast
And may all your praises ring from coast to coast.
Boosting, yes boosting, we'll never stop.
And we'll always keep North Cache right at the top.

A series of the series of the
