### Independent Auditor's Report

Board of Education Holland Patent Central School District

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Holland Patent Central School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Holland Patent Central School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Holland Patent Central School District, as of June 30, 2024, and the respective changes in financial position, for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financials audits contained in *Government Auditing Standards* issued by the Comptroller of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Holland Patent Central School District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

# Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Holland Patent Central School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Holland Patent Central School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Holland Patent Central School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Holland Patent Central School District's basic financial statements. The other supplementary information as listed in the table of contents is presented for purposes of additional analysis as required by the New York State Education Department and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the financial statements.

The Schedule of Expenditures of Federal Awards and other supplementary information are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2024, on our consideration of the Holland Patent Central School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Holland Patent Central School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Holland Patent Central School District's internal control over financial reporting and compliance.

October 9, 2024

D'arcangelo + Co., LLP

Rome, New York

For the Year Ended June 30, 2024

The Holland Patent Central School District's discussion and analysis of financial performance provides an overall review of the District's financial activities for the fiscal years ended June 30, 2024 and 2023. The intent of this discussion and analysis is to look at the District's financial performance as a whole. This should be read in conjunction with the financial statements, which immediately follow this section.

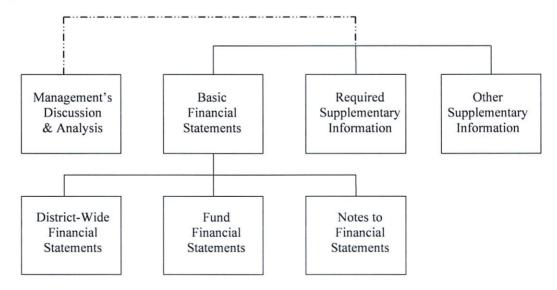

### 1. FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2024, are as follows:

- The District's total liabilities and deferred inflows exceeded its assets and deferred outflows at the close of the fiscal year by \$14,430,892 (total net position (deficit)). This represents an increase of \$65,831 from the prior year's net position.
- The District's expenses for the year, as reflected in the District-wide financial statements, totaled \$40,603,689. Of this amount, \$155,181 and \$3,694,621 was offset by program charges for services and operating grants. General revenues of \$36,819,718 amounts to 90.5% of total revenues.
- The General Fund's total fund balance, as reflected in the fund financial statements on pages 16 and 18, increased by \$255,110 to \$17,992,776. This was due to an excess of revenues over expenditures based on the modified accrual basis of accounting.
- State and federal revenue increased by \$476,757 to \$20,262,195. This is mainly due to increases in Basic State Aid during the current year.

#### 2. OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – Management's Discussion and Analysis (MD&A), the basic financial statements, required supplementary information, and other supplementary information. The basic financial statements consist of district-wide financial statements, fund financial statements, and notes to the financial statements. A graphic display of the relationship of these statements follows:

# HOLLAND PATENT CENTRAL SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended June 30, 2024

#### A. District-wide Financial Statements

The district-wide financial statements present the governmental activities of the School District and are organized to provide an understanding of the fiscal performance of the District as a whole in a manner similar to a private sector business. There are two District-wide financial statements - the Statement of Net Position and the Statement of Activities. These statements provide both an aggregate and long-term view of the District's finances.

These statements utilize the accrual basis of accounting. This basis of accounting recognizes the financial effects of events when they occur, without regard to the timing of cash flows related to the events.

#### The Statement of Net Position

The Statement of Net Position presents information on all of the School District's assets and deferred outflows, and liabilities and deferred inflows, with the difference between the two reported as net position. Increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating, respectively.

#### The Statement of Activities

The Statement of Activities presents information showing the change in net position during the fiscal year. All changes in net position are recorded at the time the underlying financial event occurs. Therefore, revenues and expenses are reported in the statement for some items that will result in cash flow in future fiscal periods.

#### B. Fund Financial Statements

The fund financial statements provide more detailed information about the School District's funds, not the School District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District also uses fund accounting to ensure compliance with finance-related legal requirements. The funds of the School District are reported in the governmental funds and the fiduciary funds.

These statements utilize the modified accrual basis of accounting. This basis of accounting recognizes revenues in the period that they become measurable and available. It recognizes expenditures in the period that they become measurable, funded through available resources and payable within a current period.

# Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the district-wide financial statements. However, the governmental fund financial statements focus on shorter term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year for spending in future years. Consequently, the governmental fund statements provide a detailed short-term view of the School District's operations and the services it provides.

Because the focus of governmental funds is narrower than that of district-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the district-wide financial statements. By doing so, you may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School District maintains six individual governmental funds, general fund, school lunch fund, special aid fund, miscellaneous special revenue, debt service fund, and capital projects fund, each of which is considered to be a major fund and is presented separately in the fund financial statements.

### Fiduciary Funds

Fiduciary funds are used to account for assets held by the District in its capacity as agent or trustee. The District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. The fiduciary activities have been excluded from the District-wide financial statements because the District cannot use these assets to finance its operations.

For the Year Ended June 30, 2024

# 3. FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

#### A. Net Position

The School District's total net position increased \$65,831 between fiscal year 2024 and 2023. A summary of the School District's Statement of Net Position at June 30, 2024 and 2023 is as follows:

	2024		2024		2024		2024			2023		Increase Decrease)	Percentage Change
Current and Other Assets	\$	22,498,504	\$	23,003,582	\$	(505,078)	(2.2%)						
Right to Use Leased Assets, Net		804,636		814,838		(10,202)	(1.3%)						
Capital Assets, Net	_	43,004,621		42,714,037		290,584	0.7%						
Total Assets	_	66,307,761	_	66,532,457		(224,696)	(0.3%)						
Deferred Outflows of Resources													
Refunding Bonds		17,843		26,765		(8,922)	(33.3%)						
OPEB		8,338,944		11,474,617		(3,135,673)	(27.3%)						
Pensions		5,910,452	_	7,623,066		(1,712,614)	(22.5%)						
Total Deferred Outflows of Resources	_	14,267,239	_	19,124,448		(4,857,209)	(25.4%)						
Current Liabilities		2,908,693		3,659,645		(750,952)	(20.5%)						
Long-term Liabilities		78,042,287		81,025,956		(2,983,669)	(3.7%)						
Total Liabilities		80,950,980	_	84,685,601		(3,734,621)	(4.4%)						
Deferred Inflows of Resources													
OPEB		12,859,355		14,651,853		(1,792,498)	(12.2%)						
Pensions		1,195,557		816,174		379,383	46.5%						
Total Deferred Inflows of Resources		14,054,912		15,468,027		(1,413,115)	(9.1%)						
Net Position													
Net Investment in Capital Assets		29,540,552		26,947,793		2,592,759	9.6%						
Restricted		16,795,703		15,948,899		846,804	5.3%						
Unrestricted (Deficit)	_	(60,767,147)		(57,393,415)	(3,373,732)		(5.9%)						
Total Net Position (Deficit)	\$	(14,430,892)	\$	(14,496,723)	<u>\$</u>	65,831	0.5%						

Current and other assets decreased by \$505,078, as compared to the prior year primarily due to the decrease in receivables due from Other Governments.

Right to use leased assets decreased by \$10,202 as compared to the prior year due to amortization expense exceeding the new lease additions in the current year. Note 7 to the Financial Statements provides additional information.

Capital assets increased by \$290,584 as compared to the prior year. This increase is primarily due to amounts expended for capital assets exceeding depreciation expense in the current year. Note 7 to the Financial Statements provides additional information.

Deferred Outflows of Resources decreased by \$4,857,209, as compared to the prior year, primarily due to changes in actuarial assumptions used in estimating the OPEB and the Retirement System liabilities.

Current liabilities decreased by \$750,952, as compared to the prior year. The primary reason for the decrease was the decrease in accrued liabilities of \$963,443 in the current year.

Long-term liabilities decreased by \$2,983,669, primarily due to the decrease in the District's proportionate share of the net pension liability of \$1,028,333, as reported by the retirement systems, as well as principal payments made on the energy performance contract and serial bonds in the current year of \$2,309,035.

For the Year Ended June 30, 2024

Deferred Inflows of Resources decreased by \$1,413,115, as compared to the prior year, as a result of changes in the assumptions used and the effect of differences between actual and expected experience when estimating the OPEB liability, as well as the net pension liability, as reported by the retirement systems.

The net investment in capital assets is calculated by subtracting the amount of outstanding debt used for construction from the total cost of all asset acquisitions and leases, net of accumulated depreciation and amortization. The total cost of these acquisitions includes expenditures to purchase land, construct and improve buildings, and purchase or lease vehicles, equipment and furniture to support District operations.

The restricted portion of net position at June 30, 2024, is comprised of amounts with constraints placed on the use either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. Note 1 to the Basic Financial Statements provides further descriptions and detailed balances.

The unrestricted (deficit) portion of net position in the amount of \$60,767,147 at June 30, 2024, represents the amount by which the School District's liabilities and deferred inflows exceeded its assets and deferred outflows (excluding capital assets net of related debt and restricted assets).

#### Changes in Net Position

The results of this year's operations as a whole are reported in the Statement of Activities in a programmatic format in the accompanying financial statements. In the accompanying financial statements STAR (school tax relief) revenue is included in the other real property tax items line. However, in this MD&A, STAR revenue has been combined with property taxes. A summary of this statement for the years ended June 30, 2024 and 2023 is as follows:

			Increase	Percentage
Revenues	2024	2023	(Decrease)	Change
Program Revenues				
Charges for Services	\$ 155,181	\$ 280,429	\$ (125,248)	(44.7%)
Operating Grants	3,694,621	2,968,233	726,388	24.5%
General Revenues				
Property Taxes and STAR	14,223,604	13,889,022	334,582	2.4%
State and Federal Sources	20,262,195	19,785,438	476,757	2.4%
Other	2,333,919	1,651,346	682,573	41.3%
Total Revenues	40,669,520	38,574,468	2,095,052	5.4%
Expenses				
General Support	6,118,393	6,256,804	(138,411)	(2.2%)
Instruction	30,185,177	28,517,910	1,667,267	5.8%
Pupil Transportation	2,895,958	2,925,477	(29,519)	(1.0%)
Debt Service-Unallocated Interest	372,339	430,400	(58,061)	(13.5%)
Food Service Program	1,031,822	880,347	151,475	17.2%
Total Expenses	40,603,689	39,010,938	1,592,751	4.1%
Total Change in Net Position (Deficit)	\$ 65,831	\$ (436,470)	<u>\$ 502,301</u>	

The School District's revenues increased by 5.4% in 2024 or a net amount of \$2,095,052. The major components that contributed to the net increase were:

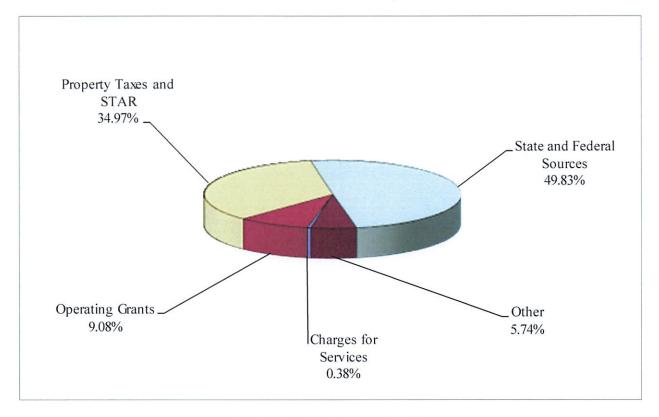

- State and federal sources increased by \$476,757, due to an increase in basic state aid.
- Other revenue increased by \$682,574, due to an increase in interest and earnings of \$652,597.
- Operating Grants increased \$726,388, mainly due to an increase in state UPK and lunch aid.
- Property taxes and STAR increased by \$334,582 due to the budgeted increase in the tax levy for the 2023-2024 year.

The School District's expenses for the year increased by \$1,592,751 or 4.1%. The overall increase was primarily due to the increase in pension expense, as discussed in Note 11 of the financial statements.

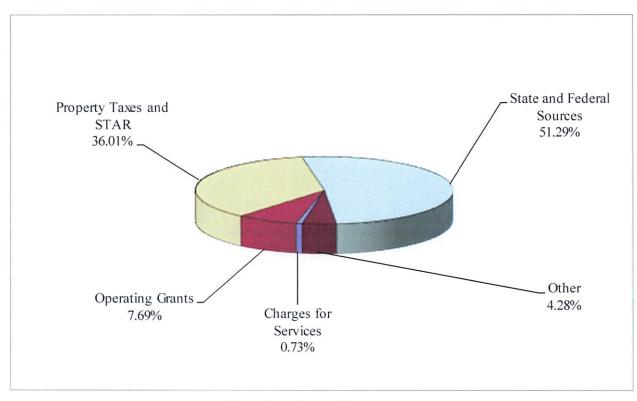

For the Year Ended June 30, 2024

A graphic display of the distribution of revenues for the two years follows:

For the Year Ended June 30, 2024

# HOLLAND PATENT CENTRAL SCHOOL DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended June 30, 2024

# 4. FINANCIAL ANALYSIS OF THE DISTRICT'S FUND BALANCES

At June 30, 2024, the School District's governmental funds reported a combined fund balance of \$19,612,827, which is an increase of \$242,824 from the prior year's combined fund balance of \$19,370,003. A summary of the change in fund balance by fund is as follows:

General Fund	2024	2023	Increase (Decrease)
Restricted			(======)
Workers' Compensation	\$ 509,796	\$ 483,872	\$ 25,924
Unemployment Insurance	136,079	129,159	6,920

Total Fund Balance - All Funds	<u>\$ 19,612,827</u>	\$ 19,370,003	\$ 242,824

For the Year Ended June 30, 2024

### 5. GENERAL FUND BUDGETARY HIGHLIGHTS

# A. 2023-2024 Budget

The School District's general fund adopted budget for the year ended June 30, 2024, was \$39,270,823. This is an increase of \$1,279,960 over the prior year's adopted budget. The budget was funded through a combination of revenues and assigned fund balance. The majority of this funding source was \$14,191,097 in estimated property taxes and STAR, and State and Federal Aid in the amount of \$20,314,081.

### B. Change in General Fund's Unassigned Fund Balance (Budget to Actual)

The general fund's unassigned fund balance is the component of total fund balance that is the residual of prior years' excess revenues over expenditures, net of transfers to reserves and designations to fund the subsequent year's budget. It is this balance that is commonly referred to as the "fund balance". The change in this balance demonstrated through a comparison of the actual revenues and expenditures for the year compared to budget follows:

Opening, Unassigned Fund Balance	\$	2,326,998
Revenues under Budget, including Transfers		(592,243)
Expenditures and Encumbrances under Budget		2,951,213
Net Increase to Restricted Funds		(802,703)
Appropriated Fund Balance included in the June 30, 2025 Budget	( <u>-</u>	(2,306,774)
Closing, Unassigned Fund Balance	\$	1,576,491

# Opening, Unassigned Fund Balance

The \$2,326,998 opening unassigned fund balance is the portion of the District's June 30, 2023, fund balance that was retained as unassigned. This was 5.93% of the School District's 2023-2024 approved operating budget.

# Revenues Under Budget, including Transfers

The 2023-2024 final budget for revenues including transfers was \$37,270,823. The actual revenues and other financing sources received for the year were \$36,678,580. The actual revenue and transfers under the budgeted revenue and transfers was \$592,243. This variance contributes directly to the change to the unassigned portion of the general fund balance from June 30, 2023 to June 30, 2024.

# Expenditures and Encumbrances Under Budget

The 2023-2024 final budget for expenditures was \$39,395,853. The actual expenditures and encumbrances were \$36,444,640. The final budget was under expended by \$2,951,213. This under expenditure contributes to the change of the unassigned portion of the general fund balance from June 30, 2023 to June 30, 2024.

#### Net Increase to Restricted Funds

The School District increased restricted funds by \$802,703 as detailed in Note 13 of the financial statements.

# Appropriated Fund Balance Included in the June 30, 2025 Budget

The 2024-2025 final budget included appropriated fund balance of \$2,306,774 to partially fund its operations.

# Closing, Unassigned Fund Balance

Based upon the summary changes shown in the above table, the School District will begin the 2024-2025 fiscal year with an unassigned fund balance of \$1,576,491. This is a decrease of \$750,507 from the unassigned balance as of June 30, 2023. This is 3.90% of the School District's 2024-2025 approved operating budget.

For the Year Ended June 30, 2024

### 6. CAPITAL AND RIGHT TO USE LEASED ASSETS

At June 30, 2024, the District had invested in a broad range of capital assets, including land, land improvements, buildings and improvements, and vehicles, furniture, and equipment. The net increase in capital assets is due to capital additions less depreciation recorded for the year ended June 30, 2024. A summary of the District's capital assets, net of depreciation at June 30, 2024 and 2023, is as follows:

					1	ncrease
	2		2023	(Decrease)		
Land	\$	110,000	\$	110,000	\$	
Construction in Progress	10	0,153,621		9,042,943		1,110,678
Buildings and Improvements	30	0,512,929		31,313,475		(800,546)
Vehicles, Furniture, and Equipment		2,228,071	1	2,247,619		(19,548)
Capital Assets, Net	\$ 4.	3,004,621	\$	42,714,037	\$	290,584

At June 30, 2024, the District had recorded a right to use leased asset equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, net of accumulated amortization. A summary of the District's right to use leased assets, net of amortization at June 30, 2024 and 2023, is as follows:

Inamaga

			merease
	2024	2023	(Decrease)
Right to Use Leased Assets -Equipment, Net	\$ 804,636	\$ 814,838	\$ (10,202)

# 7. DEBT ADMINISTRATION

At June 30, 2024, the District had total bonds payable and energy performance contracts of \$13,090,335. A summary of outstanding bonds and energy performance contracts payable at June 30, 2024 and 2023, is as follows:

Issue Date	Interest Rate	2024	 2023	(]	Decrease)
10/31/2015	3.09%	\$ 1,165,335	\$ 1,356,866	\$	(191,531)
6/08/2017	3.00%-5.00%	2,510,000	2,780,000		(270,000)
6/17/2019	2.68%	1,055,000	1,140,000		(85,000)
3/20/2020	1.5-5.0%	560,000	1,285,000		(725,000)
6/16/2021	2.00%	 7,800,000	 8,690,000		(890,000)
		\$ 13,090,335	\$ 15,251,866	\$	(2,161,531)

### 8. ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District passed a budget in May 2024 that reflects a 2.90% tax levy increase, which is at the allowed levy limit. The District has continued to analyze the use of resources in order to support teaching and learning, as well as facilities management. The District is in the beginning stages of an approved \$18.85 million capital project as of June 30, 2024. This balanced project is primarily focused on updating facilities. The District has had a long-standing record of sound fiscal planning and maintaining excellent programming for children. Continued fiscal planning to mitigate future variables is necessary as the District strives to continue our positive impact on the children of this District, and as the District continues to investigate additional programming to meet the needs of our students.

For the Year Ended June 30, 2024

# 9. CONTACTING THE DISTRICT

This financial report is designed to provide the School District's citizens, taxpayers, customers, investors, and creditors with a general overview of the School District's finances and to demonstrate the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, at:

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Holland Patent Central School District (the School District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as they apply to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Significant accounting principles and policies utilized by the School District are described below:

#### Reporting Entity

The School District is governed by the laws of New York State. The School District is an independent entity governed by an elected Board of Education consisting of five members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls, all activities related to public school education within the School District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the School District is based upon criteria set forth by GASB. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying basic financial statements present the activities of the School District. The School District is not a component unit of another reporting entity. The decision to include a potential component unit in the School District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief description of certain entities included in the School District's reporting entity.

# (a) Extraclassroom Activity Funds

The Extraclassroom Activity Funds of the School District represent funds of the students of the School District. The Board of Education exercises general oversight of these funds. The Extraclassroom Activity Funds are independent of the School District with respect to its financial transactions and the designation of student management. The School District accounts for assets held as an agent for various student organizations in a Fiduciary Custodial Fund. Separate audited financial statements (cash basis) of the Extraclassroom Activity Funds can be found at the School District's administrative offices.

### Joint Venture

The School District is a component district in the Oneida-Herkimer-Madison Board of Cooperative Educational Services (BOCES). BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

BOCES are organized under Section 1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of Section 1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (Section 1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under Section 119-n(a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program, and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, Section 1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

For the Year Ended June 30, 2024

### **Basis of Presentation**

#### (a) District-Wide Statements

The Statement of Net Position and the Statement of Activities present financial information about the School District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, State aid, intergovernmental revenues, and other exchange and nonexchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the School District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, such as employee benefits are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

### (b) Fund Financial Statements

The fund statements provide information about the School District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All funds of the School District are displayed as major funds. The School District reports the following governmental funds:

General Fund: This is the School District's primary operating fund used to account for and report all financial resources not accounted for in another fund.

# Special Revenue Funds:

<u>Special Aid Fund</u>: This fund accounts for and reports the proceeds of specific revenue sources, such as Federal and State grants, that are legally restricted to expenditures for specified purposes.

<u>School Lunch Fund</u>: This fund is used to account for and report transactions of the School District's lunch and breakfast programs.

Miscellaneous Special Revenue Fund: This fund is used to account for and report transactions of the School District's scholarship funds. The District has both custody and administrative control over the various scholarships. Established criteria govern the use of the funds and members of the School District or representatives of the donors may serve on committees to determine who benefits.

**Debt Service Fund:** This fund accounts for and reports financial resources that are restricted to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated.

Capital Projects Fund: This fund is used to account for and report financial resources that are restricted or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

### (c) Fiduciary Funds

This fund is used to account for and report fiduciary activities. Fiduciary activities are those in which the School District acts as trustee or agent for resources that belong to others. These activities are not included in the District-Wide financial statements, because their resources do not belong to the School District and are not available to be used. There is one class of fiduciary funds:

Custodial Funds: These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the School District as agent for various student groups and tax collections for the independent library within the District.

For the Year Ended June 30, 2024

### Measurement Focus and Basis of Accounting

The District-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the School District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The School District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, other postemployment benefit obligations, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, other postemployment benefit obligations, compensated absences, potential contingent liabilities, and useful lives of long-lived assets.

# Cash and Cash Equivalents

The School District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. New York State law governs the School District's investment policies. Resources must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and Districts.

# Property Taxes

Real property taxes are levied annually by the Board of Education and become a lien on September 1. Taxes are collected during the period September 1 to October 31. The County of Oneida subsequently enforces uncollected real property taxes. The County pays an amount representing uncollected real property taxes transmitted to the County for enforcement to the School District no later than the following April 1.

#### Receivables

Receivables are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

#### Investments

Investments held by the School District are stated at fair value. Changes in the fair value of the investments and interest are reported as investment income, displayed in use of money and property revenue.

## **Interfund Transactions**

The operations of the School District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The School District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services.

For the Year Ended June 30, 2024

The amounts reported on the Statement of Net Position for due to and due from other funds represents amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for amounts due to and due from within the same fund type. A detailed description of the interfund transactions for governmental funds throughout the year is shown in Note 8 to the financial statements.

### Inventories and Prepaid Items

Inventories of food in the school lunch fund are recorded at cost on a first-in, first-out basis or in the case of surplus food donated by the U.S. Department of Agriculture, at the Government's assigned value, which approximates market. A reserve for inventory has been recognized to indicate that this does not constitute available spendable resources.

Purchases of inventory items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the district-wide and fund financial statements. These items are reported as assets on the Statement of Net Position or Balance Sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

### Capital Assets

Capital assets are reported at actual cost for acquisitions subsequent to July 2, 2002. For assets acquired prior to July 2, 2002, estimated historical costs, based on appraisals conducted by independent third-party professionals were used. Donated assets are reported at estimated fair market value at the time received. The School District uses capitalization thresholds of \$1,000 for machinery, equipment, vehicles, land, and building improvements. Depreciation methods and estimated useful lives of capital assets reported in the district-wide statements are as follows:

	Lives	Method
Furniture, Equipment, and Vehicles	5-15 Years	Straight Line
Buildings and Improvements	50 Years	Straight Line
Land Improvements	20 Years	Straight Line

### Right to Use Leased Assets

The School District has recorded right to use lease assets as a result of implementing GASB No. 87, *Leases*. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term. The right to use assets are amortized on a straight-line basis over the life of the related lease, which range from 3-5 years.

# Unearned Revenue

Unearned revenues are reported when potential revenues do not meet both the measurable and available criteria for recognition in the current period. Unearned revenues also arise when resources are received by the School District before it has legal claim to them, as when grant monies are received prior to the incidence of qualifying expenditures. In subsequent periods, when both recognition criteria are met, or when the School District has legal claim to the resources, the liability for unearned revenues is removed and revenues are recorded.

### **Deferred Outflow of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in this category. First is the deferred charge on refunding of debt reported in the District-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions reported in the District-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportion share of total contributions not included in pension expense. The third item relates to OPEB reporting in the district wide Statement of Net Position. This represents the effect of the net change in the actual and expected experience and changes in assumptions during the year.

For the Year Ended June 30, 2024

#### Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualifies for reporting in this category. The first item is related to pensions reported in the District-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset and liability and difference during the measurement periods between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. The second item is related to other postemployment benefits (OPEB) reported on the District-wide Statement of Net Position and represents the effect of differences between expected and actual experience and changes in assumptions during the year. These amounts are deferred and will be recognized in OPEB expense over the next several years.

# Vested Employee Benefits - Compensated Absences

The School District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Sick leave eligibility and accumulation is specified in negotiated labor contracts and in individual employment contracts. Upon retirement, resignation, or death, employees may receive a payment based on unused accumulated sick leave, based on contractual provisions.

Consistent with GASB, an accrual for accumulated sick leave is included in the compensated absences liability at year end. The compensated absences liability is calculated based on the pay rates in effect at year end.

In the fund statements, only the amount of matured liabilities is accrued within the General Fund based upon expendable and available financial resources.

# Other Benefits

Eligible School District employees participate in the New York State Teachers' Retirement System or the New York State Employees' Retirement System.

In addition to providing pension benefits, the District provides post-employment health insurance coverage and survivor benefits for retired employees and their survivors. Collective bargaining agreements determine if District employees are eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing postemployment benefits is shared between the District and the retired employee. Other postemployment benefit costs are measured and disclosed using the accrual basis of accounting.

#### Short-Term Debt

The School District may issue bond anticipation notes (BAN), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the fund that will actually receive the proceeds from the issuance of bonds. State law requires that BAN's issued for capital purposes be converted to long-term financing within five years after the original issue date.

### Accrued Liabilities and Long-Term Obligations

Payables, accrued liabilities, and long-term obligations are reported in the district-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments and compensated absences that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

For the Year Ended June 30, 2024

#### Restricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the School District's policy concerning which to apply first varies with the intended use and associated legal requirements.

### Equity Classifications

#### (a) District-wide Financial Statements

In the District-wide statements there are three classes of net position:

Net investment in capital assets – consists of net capital and right-to-use assets (cost less accumulated depreciation and amortization) reduced by outstanding balances of related debt obligations from the acquisition, construction, or improvements of those assets.

Restricted net position – reports a restricted portion of net position when constraints placed on the assets or deferred outflows of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position – reports the balance of net position that does not meet the definition of the above classifications and are deemed to be available for general use by the District.

# (b) Fund Statements

The following classifications describe the relative strength of the spending constraints:

### Non-spendable

This category includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. This category consists of the inventories in the school lunch fund.

#### Restricted Resources

This category includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. Generally, the District's policy is to use restricted resources only when appropriated by the Board of Education. When an expenditure is incurred for purposes for which both restricted and unrestricted net assets are available, the School District's policy concerning which to apply first varies with the intended use, and with associated legal requirements.

The School District has established the following restricted fund balances:

Reserve for Workers' Compensation - This reserve is used to accumulate funds for the purpose of paying for
compensation benefits and other expenditures authorized under Article 2 of the New York State Workers'
Compensation Law, and for payment of expenditures of administering this self-insurance program. Within 60 days
after the end of any fiscal year, excess reserve amounts may be either transferred to another reserve or applied to the
appropriations of the next succeeding fiscal year's budget. The reserve is accounted for in the general fund.

For the Year Ended June 30, 2024

- Unemployment Insurance Reserve According to General Municipal Law §6-m, must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the School District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the general fund.
- Reserve for Employee Benefits Accrued Liability According to General Municipal Law §6-p, must be used for the
  payment of accrued employee benefit due an employee upon termination of the employee's service. This reserve may
  be established by a majority vote of the Board and is funded by budgetary appropriations and such other reserves and
  funds that may be legally appropriated. This reserve is accounted for in the general fund.
- Retirement Contribution Reserve The Retirement Contribution Reserve (GML §6-r) (Chapter 260 of the NYS Laws of 2004) is used to reserve funds for the payment of retirement contributions to the New York State and Local Employees' Retirement System. This reserve was established by a Board resolution and is funded by budgetary appropriation and such other reserves and funds that may be legally appropriated. The reserve is accounted for in the General Fund. Effective April 1, 2019, a Board may adopt a resolution establishing a sub-fund for contributions to New York State Teachers' Retirement System. During a fiscal year, a Board may authorize payment into the sub-fund of up to 2% of the total covered salaries paid during the preceding fiscal year, not to exceed a total of 10%. The sub-fund is separately administered, but must comply with all the existing provisions of General Municipal Law 6-r.
- Insurance Reserve Insurance reserve (GML §6-n) is used to pay liability, casualty, and other types of losses, except losses incurred for which the following types of insurance may be purchased: life, accident, health, annuities, fidelity and surety, credit, title residual value, and mortgage guarantee. In addition, this reserve may not be used of any purpose for which a special reserve may be established pursuant to law (for example, for unemployment compensation insurance). The reserve may be established by Board action, and funded by budgetary appropriations, or such other funds as may be legally appropriated. There is no limit on the amount that may be accumulated in the insurance reserve; however, the annual contribution to this reserve may not exceed the greater of \$33,000 or 5% of the budget. Settled or compromised claims up to \$25,000 may be paid from the reserve without judicial approval. The reserve is accounted for in the general fund.
- Reserve for Tax Certiorari Tax Certiorari Reserve (Education Law §3651.1-a) is used to establish a reserve fund for tax certiorari and to expend from the fund without voter approval. The monies held in the reserve shall not exceed that amount, which might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceedings in the year such monies are deposited must be returned to the General Fund on or before the first day of the fourth fiscal year deposit of these monies. The reserve is accounted for in the General Fund.
- Reserve for Repairs This reserve is used to accumulate funds through voter approval to finance future costs of major repairs to capital improvements or equipment. Expenditures from this reserve may be made only after a public hearing has been held. In an emergency, expenditures may be made from the reserve fund without a public hearing with approval of two-thirds of the Board of Education. The emergency expenditure must be repaid within the next two succeeding fiscal years. The reserve is accounted for in the general fund.
- Capital Reserve The Capital Reserve is used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the people at any special or annual meeting. Such authorization is further required for payments from the capital reserve. The form of the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in Section 3651 of Education Law. This reserve is accounted for in the General Fund.
  - In May 2020, the Board and voters established a capital reserve fund to reserve up to \$9,839,000 for the purpose of capital improvements. The reserve was established with a probable term of ten years. The fund can be used to offset the local share of future capital project work. This proposition only establishes the capital reserve fund and does not obligate the district to fund it at any specific level at any time. The district will determine the level at which it is funded based on current and future financial conditions. As of June 30, 2024, the District has funded \$5,697,229 into this reserve.

For the Year Ended June 30, 2024

- Reserve for Endowments and Scholarships This reserve is used to account for various endowment and scholarship
  awards. This reserve is accounted for in the Miscellaneous Special Revenue Fund.
- Debt Service Used to account for the accumulation of resources and that are restricted to pay debt service. The fund
  includes all unused debt proceeds and interest and earnings on temporary investment of debt proceeds. This reserve is
  accounted for in the debt service fund.
- Capital Projects Fund This fund is used to account for and report the financial resources that are restricted for acquisition, construction or major repair of capital facilities.

#### **Unrestricted Resources**

When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the School District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the School District has provided otherwise in its commitment or assignment actions.

- Committed Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal
  action of the school districts highest level of decision making authority, i.e., the Board of Education. The School District
  has no committed fund balances as of June 30, 2024.
- Assigned Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the Board of Education or (b) the designated official such as the District's purchasing agent to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. All encumbrances, other than the capital projects fund, are classified as assigned fund balance. The amount appropriated for the subsequent year's budget of the general fund is also classified as assigned fund balance in the general fund.
- Unassigned Includes all other fund net assets that do not meet the definition of the above classifications and are
  deemed to be available for general use by the School District. In other governmental funds, if expenditures incurred for
  specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it may be necessary to
  report a negative unassigned fund balance in the respective fund.

#### (c) Restricted for Extraclassroom Activities

This reserve is used to account for various student groups or extraclassroom activities. This reserve is accounted for in the Custodial Fund.

#### (d) Order of Use of Fund Balance

In circumstances where an expenditure is incurred for the purpose for which amounts are available in multiple fund balance classifications, (e.g. expenditures related to reserves) the Board will assess the current financial condition of the School District and then determine the order of application of expenditures to which the fund balance classification will be charged.

### Future Changes in Accounting Standards

GASB Statement No. 101, Compensated Absences, effective for the year ending June 30, 2025.

GASB Statement No. 102, Certain Risk Disclosures, effective for the year ending June 30, 2025.

GASB Statement No. 103, Financial Reporting Model Improvements, effective for the year ending June 30, 2026.

The District will evaluate the impact these pronouncement may have on its financial statements and will implement them as applicable and when material.

For the Year Ended June 30, 2024

# 2. EXPLANATION OF DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND DISTRICT-WIDE STATEMENTS

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the District-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic resource management focus of the Statement of Activities, compared with the current financial resource management focus of the governmental funds.

# Total Fund Balances of Governmental Funds Compared To Net Position of Governmental Activities

Total fund balances of the School District's governmental funds differs from "net position" of governmental activities reported in the Statement of Net Position. This difference primarily results from the additional long-term economic focus of the Statement of Net Position versus the solely current financial resources focus of the governmental fund Balance Sheet.

### Statement of Revenues, Expenditures, and Changes In Fund Balance Compared To Statement of Activities

Differences between the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balance and the Statement of Activities fall into one of six broad categories.

### (a) Long-Term Revenue Differences

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available," whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

# (b) Capital Related Differences

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase or lease of capital items in the governmental fund statements and depreciation and amortization expense on those items as recorded in the Statement of Activities.

### (c) Long-Term Debt Transaction Differences

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental fund statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Position.

### (d) Employee Benefit Allocation

Expenditures for employee benefits are not allocated to a specific function on the Statement of Revenues, Expenditures, and Changes in Fund Balance based on the requirements of New York State. These costs have been allocated based on total salary for each function in the Statement of Activities.

# (e) Pension Differences

Pension differences occur as a result of changes in the District's proportion of the collective net pension asset/liability and differences between the District's contributions and its proportionate share of the total contributions to the pension systems.

### (f) OPEB Differences

OPEB differences occur as a result of changes in the District's total OPEB liability and differences between the District's contributions and OPEB expense.

### 3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

### **Budgetary Procedures and Budgetary Accounting**

The School District administration prepares a proposed budget for approval by the Board of Education for the General Fund for which legal (appropriated) budgets are adopted.

The voters of the School District approved the proposed appropriation budget for the General Fund.

For the Year Ended June 30, 2024

Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year are increased by the planned use of specific reserves and budget amendments approved by the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law). These supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.

Budgets are established and used for individual capital project funds expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over the subsequent fiscal years until the completion of the projects.

#### Encumbrances

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts, and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year-end are presented as reservations of fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

# NYS Real Property Tax Cap

Chapter 97 of the Laws of 2011 established a property tax levy limit (generally referred to as the tax cap) that restricts the amount of property taxes local governments including school districts can levy. The tax levy for the 2023-2024 school year was in compliance with the NYS Tax Cap Limit.

### General Fund - Statutory Unassigned Fund Balance Limit

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a school district can retain to no more than 4% of the School District's budget for the General Fund for the ensuing fiscal year. Non-spendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances are also excluded from the 4% limitation. At June 30, 2024, the School District's unassigned fund balance was 3.90% of the 2024-2025 budget.

### 4. CUSTODIAL AND CONCENTRATION OF CREDIT RISK

Custodial credit risk is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. While the School District does not have a specific policy for custodial credit risk, New York State statutes govern the School District's investment policies, as discussed previously in these notes. GASB directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either:

- A. Uncollateralized;
- B. Collateralized by securities held by the pledging financial institution, or
- C. Collateralized by securities held by the pledging financial institution's trust department or agent but not in the District's name.

As of June 30, 2024, with the School District's bank balances totaling \$20,372,166 were fully collateralized by securities held by an agent of the pledging financial institution in the School District's name, FDIC insurance, and NCUA insurance; and were not exposed to custodial credit risk.

For the Year Ended June 30, 2024

## 5. <u>INVESTMENTS</u>

The District participates in the New York Liquid Asset Fund (NYLAF), a multi-municipal cooperative investment pool agreement pursuant to New York State General Municipal Law Article 5-G, §119-O, whereby it holds a portion of the investments in cooperation with other participants. At June 30, 2024, the District held \$1,897,702 in these investments consisting of various investments in securities issued by the United States and its agencies. The following valuation inputs are included as investments:

Total investments of the cooperative as of year-end are \$1,493,175,455, which consisted of \$328,498,600 in repurchase agreements, \$642,065,446 in U. S. Treasury Securities and \$522,611,409 in U.S. Government Guaranteed Securities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the District believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instructions could result in a different fair value measurement at the reporting date.

<u>Level 2</u>	Level 3	<u>Total</u>
	vel 1 Level 2	<u>Level 2</u> <u>Level 3</u>

General Fund \$ 1,897,702 \$ \$ 1,897,702

The above amounts represent the fair value of the investment pool shares the District invested in. For the year ended June 30, 2024, the portfolio did not have significant unobservable inputs (Level 3) used in determining fair value. Thus, a reconciliation of assets in which significant unobservable inputs (Level 3) which were used in determining fair value is not applicable.

There were no transfers between Level 1 and Level 2 of the fair value hierarchy during the period. The portfolio recognizes transfers between the levels as of the beginning of the fiscal year.

### Risks and Uncertainties with Investments

The District invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect the amounts reported in the statement of net position.

### 6. RESTRICTED CASH AND CASH EQUIVALENTS

Restricted cash and investments of \$14,088,341 in the General Fund represents the following:

Description	Amount		
Workers' Compensation	\$ 509,7		
Unemployment Insurance		136,079	
Employee Benefit Accrued Liability		1,482,151	
Retirement Contribution - ERS		4,719,425	
Retirement Contribution - TRS		957,000	
Insurance		112,071	
Captal Reserve		5,010,428	
Tax Certiorari		1,158,558	
Repairs		2,833	
Total	\$	14,088,341	

Restricted cash of \$199,076 in the Miscellaneous Special Revenue Fund represents funds gifted to the school district for scholarships and awards.

Restricted cash of \$1,567,721 in the Debt Service Fund represents cash restricted towards future debt service expenditures.

Restricted cash of \$1,055,593 in the Capital Fund represents cash restricted towards the District's capital projects.

Restricted cash of \$79,789 in the Fiduciary Custodial Fund represents the student activity cash balances at June 30, 2024.

For the Year Ended June 30, 2024

# 7. CAPITAL AND RIGHT TO USE LEASED ASSETS

Capital asset activity for the year ended June 30, 2024, is as follows:

	Beginnning					Ending	
	Balance		Increases		Decreases	Balance	
Capital Assets Not Being Depreciated							
Land	\$ 110,0	000	\$		\$	\$	110,000
Construction in Progress	9,042,9	943		1,110,678			10,153,621
Total	9,152,9	943		1,110,678			10,263,621
Capital Assets Being Depreciated							
Buildings and Improvements	46,190,0	)74		11,138			46,201,212
Land Improvements	1,475,3	328					1,475,328
Furniture, Equipment and Vehicles	6,017,3	<u> 354</u>		446,916	564,369		5,899,901
Total	53,682,7	756	_	458,054	564,369		53,576,441
Accumulated Depreciation							
Buildings and Improvements	14,890,4	179		800,184			15,690,663
Land Improvements	1,461,4	148		11,500			1,472,948
Furniture, Equipment and Vehicles	3,769,7	735		466,464	564,369	_	3,671,830
Total	20,121,6	662		1,278,148	564,369	_	20,835,441
Net Capital Assets Being Depreciated	33,561,0	)94		(820,094)		_	32,741,000
Net Capital Assets	\$ 42,714,0	)37	\$	290,584	\$	\$	43,004,621

Depreciation expense is allocated to the following functions/programs:

Function/Program	
General Support	\$ 252,855
Instruction	925,054
Transportation	100,239
Total Depreciation	\$ 1,278,148

Right to use leased asset activity for the year ended June 30, 2024, is as follows:

	Beginnning Balance	Additions	Deletions	Ending Balance	
Right to Use Leased Assets Leased Equipment	\$ 2,352,789	\$ 420,070	\$ 621,498	\$ 2,151,361	
Accumulated Amortization Leased Equipment	1,537,951	430,272	621,498	1,346,725	
Net Right to Use Leased Assets	<u>\$ 814,838</u>	\$ (10,202)	\$	\$ 804,636	

Amortization expense of \$430,272 is charged to instruction.

For the Year Ended June 30, 2024

# 8. INTERFUND TRANSACTIONS – GOVERNMENTAL FUNDS

	Interfund					Interfund			
Fund	Receivables		Receivables Paya		Revenues		es Expenditu		
General	\$	1,053,363	\$	101,050	\$	6,629	\$	944,115	
School Lunch				61,685					
Special Aid				991,672		23,047			
Debt Service		2,106							
Capital Projects		100,000		1,062		921,068		6,629	
Total Government Activities	\$	1,155,469	\$	1,155,469	\$	950,744	\$	950,744	

- The District made a transfer of \$23,047 from the General Fund to the Special Aid Fund, which represents the local share of tuition and transportation of the Summer School Program.
- The District transferred \$6,629 from the Capital Fund to the General Fund of unspent funds on completed projects. In addition, the District transferred \$921,068 from the General Fund to the Capital Projects Fund for the appropriation of the 2024 Capital Outlay project, 2024 Emergency Pool Project and the ongoing 2023 Capital Project.
- Interfund receivables and payables are typically liquidated within 1 year.

# 9. SHORT-TERM DEBT

The changes in short-term debt during the year are as follows:

	Maturity	Interest	Beginning				Ending
Description	Date	Rate	Balance	Issued	Deletions	Redeemed	Balance
BAN	8/30/2024	4.50%	\$	\$ 1,085,528	\$	\$	\$ 1,085,528
BAN	9/3/2023	2.85%	1,085,426		1,085,426		
			\$ 1,085,426	\$ 1,085,528	\$ 1,085,426	\$	\$ 1,085,528

Interest on short term debt was as follows:

Interest Paid	\$	30,849
Less: Interest Accrued in the Prior Year		(25,580)
Plus: Interest Accrued in the Current Year	<u> </u>	40,550
Total Interest Expense on Short-Term Debt	<u>s</u>	45,819

For the Year Ended June 30, 2024

#### 10. LONG-TERM LIABILITIES

Long-term liability balances and activity are as follows:

								F	Amounts
	I	Beginning					Ending	D	ue Within
Description		Balance	 Additions	Deductions		Balance		One Year	
Bonds Payable									
Serial Bonds	\$	13,895,000	\$	\$	1,970,000	\$	11,925,000	\$	1,765,000
Unamortized Bond Premium		1,053,113			147,504		905,609		147,504
Energy Performance Contract		1,356,866			191,531		1,165,335		197,505
Lease Liability		74,105			74,105				
Other Liabilities									
Other Postemployment Benefits		60,837,855	490,270				61,328,125		
Net Pension Liability		3,015,851			1,028,333		1,987,518		
Compensated Absences		793,166			62,466		730,700		
Total Long Term Liabilities	\$	81,025,956	\$ 490,270	\$	3,473,939	\$	78,042,287	\$	2,110,009

The School District borrows funds on a long-term basis for the purpose of financing acquisitions of land and equipment and construction of buildings and improvements. This policy enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. These long-term liabilities for governmental funds are maintained separately and represent a reconciling item between the fund and District-wide statements. Interest associated with long-term debt is recorded as an expenditure when such amounts are due.

In the event of a default in the payment of the principal of and/or interest on the Bonds, the State Comptroller is required to withhold, under certain circumstances prescribed by Section 99-b of the State Finance Law, state aid and assistance to the District and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State with the holders from time to time of the Bonds.

Details relating to general obligation (serial) bonds and energy performance contract of the School District outstanding at June 30, 2024, are summarized as follows:

	Original			Final	Interest	Οι	ıtstanding
Payable From/Description	Issue	e Amount		<u>Maturity</u>	Rate (%)		Amount
General Fund							
Serial Bond	06/08/17	\$	4,215,000	10/01/32	3.0-5.0	\$	2,510,000
Serial Bond	06/17/19	\$	1,940,000	06/15/34	2.68		1,055,000
Serial Bond-Refunding	03/20/20	\$	3,280,000	06/15/26	1.5-5.0		560,000
Serial Bond	06/16/21	\$	10,349,000	06/15/37	2.00		7,800,000
Energy Performance Contract	10/31/15	\$	2,767,828	10/15/29	3.09	_	1,165,335
Total						\$	13,090,335

For the Year Ended June 30, 2024

Principal and interest payments due on serial bonds is as follows:

Fiscal Year Ending

June 30,	Principal		Interest		Total		
2025	\$	1,765,000	\$	354,450	\$	2,119,450	
2026		1,030,000		293,500		1,323,500	
2027		990,000		261,750		1,251,750	
2028		1,020,000		229,650		1,249,650	
2029		1,050,000		196,350		1,246,350	
2030-2034		4,675,000		485,600		5,160,600	
2035-3037		1,395,000		47,400		1,442,400	
Total	\$	11,925,000	\$	1,868,700	\$	13,793,700	

Principal and interest payments due on the Energy Performance Contract are as follows:

For the Year Ending	Energy Performance Contract					
June 30,	Principal		Iı	nterest		Total
2025	\$	197,505	\$	34,551	\$	232,056
2026		203,665		28,391		232,056
2027		210,017		22,038		232,055
2028		216,567		15,488		232,055
2029		223,322		8,733		232,055
2030		114,259		1,768	_	116,027
Total	\$	1,165,335	\$	110,969	\$	1,276,304

#### Lease Liability

The District has entered into agreements with the BOCES to lease certain equipment such as copiers and other technology equipment. The lease agreements qualify as other than short-term leases under GASB 87. For some agreements, the District has made lump sum payments at the beginning of the lease term and thus, there are right to use assets with a net book value of \$742,303 at June 30, 2024 with no corresponding lease liability. These agreements were executed on various dates ranging from July 1, 2018 to June 30, 2024 and are for a term ranging 4-5 years.

For other lease agreements, lease payments are made annually as stated in the agreement, and therefore, a lease liability has been recorded at the present value of the future minimum lease payments as of the date of the inception of the agreements. The details of these lease agreements are as follows:

	Lease Inception	Term					
Description	<u>Date</u>	(Years)	Interest Rate	Annua	al Payment	Lease	Liability
Administrative Computer Equipment	8/15/2020	4	2.374%	\$	75,484	\$	0

As a result of these leases, the District has recorded a right to use asset with a net book value of \$62,333 at June 30, 2024. This Right to Use Asset is being amortized over the life of the equipment which is 5 years.

For the Year Ended June 30, 2024

#### Serial Bond Unamortized Premium

The original issue premium on bonds has been deferred and recorded as an addition to long-term liabilities on the District-wide financial statements. The premium is being amortized using the straight-line method over the life of the bond. The current year amortization is \$147,504 and is included as a reduction to interest expense on the Statement of Activities.

Unamortized Premium, 6/30/2023	\$ 1,053,113
Less: Amount Recognized in Current Year	 (147,504)
Unamortized Premium, 6/30/2024	\$ 905,609

#### Deferred Charge on Refunding Debt

During 2020, the District issued \$3,280,000 in general obligation bonds to advance refund \$3,535,000 of outstanding 2010 serial bonds. The refunding resulted in a deferred loss of \$53,531, which is classified as a deferred outflow of resources in accordance with GASB 63 and GASB 65. The deferred amount on the advance refunding of serial bonds is amortized on the District-wide financial statements using the straight-line method over the remaining time to maturity of the refunded bonds. The current year amortization is \$8,922, and is included as interest expense on the District-wide financial statements.

Deferred Amounts from Refunding Debt, 6/30/2023		\$	26,765	
Less: Amount Amortized in Current Year			(8,922)	
Deferred Amounts from Refunding Debt, 6/30/2024		\$	17,843	
Interest on long-term debt for the year was comprised of:				
Interest Paid	\$	468,152	2	
Less: Interest Accrued in the Prior Year		(26,066	5)	
Plus: Amortization of Advance Refunding Charges		8,922		
Less: Amortization of Bond Premium		(147,504	1)	
Plus: Interest Accrued in the Current Year		23,016	5	
Total Interest Expense on Long-Term Debt	\$	326,520	)	

#### Debt Limit

Pursuant to the Local Finance Law, the School District has the power to contract indebtedness for any school district purpose authorized by the legislature of the State of New York provided the aggregate principal amount thereof shall not exceed ten per centum of the full valuation of the taxable real estate of the School District and subject to certain enumerated deductions such as State aid for building purposes. The Constitutional and statutory method for determining full valuation consist of taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ratio is determined by the State Board of Real Property Services. The Legislature also is required to prescribe the manner by which such ratio shall be determined by such authority. At June 30, 2024, the School District was in compliance with its statutory debt limit.

For the Year Ended June 30, 2024

#### 11. PENSION PLANS

#### A. New York State and Local Employees' Retirement System (ERS)

#### (a) Plan Description

The School District participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing multiple-employer public employee retirement system. The system provides retirement benefits as well as death and disability benefits.

The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November, 2022, he was elected for a new term commencing January 1, 2023. System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The School District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System maintains records and accounts, and prepares financial statements using the accrual basis of accounting.

Contributions are recognized when due. Benefit payments are recognized when due and payable. Investments are recognized at fair value. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

#### (b) Contributions

The System is noncontributory for employees who joined prior to July 28, 1976. For employees who joined after July 27, 1976, and prior to January 1, 2010, employees contribute 3% of their salary for the first ten years of membership. Employees who joined on or after January 1, 2010, but prior to April 1, 2012, are required to contribute 3% of their annual salary for their entire working career. Employees who joined on or after April 1, 2012 must contribute at a specific percentage of earnings (between 3% and 6%) for their entire career. Under the authority of the RSSL, the Comptroller certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending March 31. All required contributions for the NYSERS fiscal year ended March 31, 2024, were paid.

The required contributions for the current year and two preceding years were:

	Amount				
2022	\$	520,339			
2023	\$	371,878			
2024	\$	411,632			

### (c) Pension Assets/Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the School District reported a liability of \$1,291,156 for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At June 30, 2024 and 2023, the School District's proportion was .0087690 percent and .0086416 percent, respectively.

For the Year Ended June 30, 2024

For the year ended June 30, 2024, the School District recognized a pension expense of \$666,231. At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows		Deferre	ed Inflows
	of F	Resources	of Re	sources
Differences between expected and actual experience	\$	415,880	\$	35,206
Change of assumptions		488,157		
Net difference between projected and actual earnings on				
Pensions plan investments				630,723
Changes in proportion and differences between contributions				
and proportionate share of contributions		204,172		1,371
Contributions subsequent to the measurement date	7	122,428		
Total	\$	1,230,637	\$	667,300

Amounts reported as deferred outflows/inflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension asset/liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2025	\$ (152,231)
2026	\$ 309,726
2027	\$ 406,458
2028	\$ (123,044)

#### (d) Actuarial Assumptions

The total pension liability at March 31, 2024 was determined by using an actuarial valuation as of April 1, 2023, with update procedures used to roll forward the total pension liability to March 31, 2024.

Significant actuarial assumptions used in the April 1, 2023 valuation was as follows:

Investment rate of return

(net of investment expense,
including inflation)

Salary scale

Decrement tables

April 1, 2015 - March 31, 2020
System's Experience

Inflation rate

2.90%

Annuitant mortality rates are based on April 1, 2015 - March 31, 2020 System's experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2021.

The actuarial assumptions used in the April 1, 2023 valuation are based on the results of an actuarial experience study for the period April 1, 2015 - March 31, 2020.

#### HOLLAND PATENT CENTRAL SCHOOL DISTRICT NOTES TO BASIC FINANCIAL STATEMENTS For the Year Ended June 30, 2024

The long term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2024 are summarized below.

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Domestic equity	32.00%	4.00%
International equity	15.00%	6.65%
Private equity	10.00%	7.25%
Real estate	9.00%	4.60%
Opportunistic/ARS portfolio	3.00%	5.25%
Credit	4.00%	5.40%
Real assets	3.00%	5.79%
Fixed Income	23.00%	1.50%
Cash	1.00%	0.25%
_	100.00%	_

The real rate of return is net of the long-term inflation assumption of 2.90%.

#### (e) Discount Rate

The discount rate used to calculate the total pension asset/liability was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset/liability.

#### (f) Sensitivity of the Proportionate Share of the Net Pension (Asset) Liability to the Discount Rate Assumption

The following presents the School District's proportionate share of the net pension (asset) liability calculated using the discount rate of 5.9 percent, as well as what the School District's proportionate share of the net pension (asset) liability would be if it were calculated using a discount rate that is 1-percentage point lower (4.9 percent) or 1-percentage-point higher (6.9 percent) than the current rate:

	Decrease (4.9%)		Assumption (5.9%)		Increase (6.9%)
Proportionate share of the net pension (asset) liability	\$	4,059,527	\$	1,291,156	\$ (1,021,008)

#### (g) Pension Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued ERS financial report.

#### (h) Payables to the Pension Plan

The School District has recorded an amount due to ERS in amount of \$122,428 at June 30, 2024. This amount represents the three months of the School District's fiscal year that will be covered in the ERS 2024-2025 billing cycle and has been accrued as an expenditure in the current year.

For the Year Ended June 30, 2024

#### B. New York State Teachers' Retirement System (TRS)

#### (a) Plan Description

The School District participates in the New York Teachers' Retirement System (TRS). This is a cost-sharing multiple-employer public employee retirement system. The system provides retirement benefits as well as death and disability benefits.

The TRS was created and exists pursuant to Article 11 of the New York State Education Law. TRS is administered by the system and governed by a ten-member board to provide these benefits to teachers employed by participating employers in the State of New York, excluding New York City. The System provides benefits to plan members and beneficiaries as authorized by the New York State Law and may be amended only by the Legislature with the Governor's approval. Benefit provisions vary depending on date of membership and membership class (6 tiers). The System's financial statements are prepared using the accrual basis of accounting. Contributions are recognized when due. Benefit payments are recognized when due and payable. Investments are recognized at fair value. For additional plan information, please refer to the NYSTRS Comprehensive Annual Financial Report which can be found on the TRS website located at www.nystrs.org.

#### (b) Contributions

Pursuant to Article 11 of the New York State Education Law, employers are required to contribute at an actuarially determined rate adopted annually by the Retirement Board. Tier 3 and Tier 4 members who have less than 10 years of service or membership are required by law to contribute 3% of salary to the System. Tier 5 members are required by law to contribute 3.5% of salary throughout their active membership. Tier 6 members are required by law to contribute between 3% and 6% of salary throughout their active membership in accordance with a schedule based upon salary earned. Pursuant to Article 14 and Article 15 of the Retirement and Social Security Law, those member contributions are used to help fund the benefits provided by the System.

However, if a member dies or leaves covered employment with less than 5 years of credited service for Tiers 3 and 4, or 10 years of credited service for Tiers 5 and 6, the member contributions with interest calculated at 5% per annum are refunded to the employee or designated beneficiary. Eligible Tier 1 and Tier 2 members may make member contributions under certain conditions pursuant to the provisions of Article 11 of the Education Law and Article 11 of the Retirement and Social Security Law. Upon termination of membership, such accumulated member contributions are refunded. At retirement, such accumulated member contributions can be withdrawn or are paid as a life annuity.

The required employer contributions for the current year and two preceding years were:

	Amount			
2022	\$	1,051,978		
2023	\$	1,157,281		
2024	\$	1,109,275		

### (c) Pension Assets/Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the School District reported a liability of \$696,362 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022. The School District's proportion of the net pension liability was based on a projection of the School District's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At June 30, 2023, the School District's proportion was .060893 percent, which was an increase of .000299 percent from its proportion measured as of June 30, 2022 of .060594 percent.

For the year ended June 30, 2024, the School District recognized a pension expense of \$1,937,203. At June 30, 2024, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

For the Year Ended June 30, 2024

	Deferred Outflows Deferred Inflo			red Inflows
	of Resources		of Resources	
Differences between expected and actual experience	\$	1,688,493	\$	4,173
Changes of assumptions		1,499,247		326,753
Net difference between projected and actual earnings on				
pensions plan investments		355,966		
Changes in proportion and differences between contributions				
and proportionate share of contributions		26,835		197,331
Contributions subsequent to the measurement date		1,109,275		
Total	\$	4,679,816	\$	528,257

Amounts reported as deferred outflows/inflows of resources related to pensions resulting from School District contributions subsequent to the measurement date, if any, will be recognized as a reduction of the net pension asset/liability. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2024	\$ 243,370
2025	\$ (413,394)
2026	\$ 2,772,257
2027	\$ 187,825
2028	\$ 149,862
Thereafter	\$ 102,364

Camina

2.40%

#### (d) Actuarial Assumptions

Inflation rate

The total pension liability at June 30, 2023 measurement date was determined by using an actuarial valuation as of June 30, 2022, with update procedures used to roll forward the total pension liability to June 30, 2023.

Significant actuarial assumptions used in the June 30, 2022 valuation were as follows:

Investment Rate of Return 6.95% compound Salary scale Rates of increase

6.95% compounded annually, net of pension plan investment expense, including inflation.

Rates of increase differ based on service.

They have been calculated based upon recent NYSTRS member experience.

	Service	Rate
	5	5.18%
	15	3.64%
	25	2.50%
	35	1.95%
Projected COLAs	1.3% compound	led annually.

Annuitant mortality rates are based on plan member experience, with adjustments for mortality improvements based on Society of Actuaries Scale MP 2021, applied on a generational basis for June 30, 2023. Active member mortality rates are based on plan member experience, with adjustments for mortality improvements base on Scale MP 2021.

The actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2015 to June 30, 2020.

#### HOLLAND PATENT CENTRAL SCHOOL DISTRICT NOTES TO BASIC FINANCIAL STATEMENTS For the Year Ended June 30, 2024

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class as well as historical investment data and plan performance.

Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of the valuation date of June 30, 2023 are summarized in the following table:

	Target	Long-Term Expected
Asset Class	Allocation	Real Rate of Return*
Domestic equity	33.0%	6.8%
International equity	15.0%	7.6%
Global equity	4.0%	7.2%
Real estate equity	11.0%	6.3%
Private equity	9.0%	10.1%
Domestic fixed income securities	16.0%	2.2%
Global bonds	2.0%	1.6%
Private debt	2.0%	6.0%
Real estate debt	6.0%	3.2%
High-yield fixed income securities	1.0%	4.4%
Cash equivalents	1.0%	0.3%
	100.0%	

<sup>\*</sup> Real rates of return are net of the long-term inflation assumption of 2.4% for 2023.

#### (e) Discount Rate

The discount rate used to measure the pension liability (asset) was 6.95 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from school districts will be made at statutorily required rates, actuarially determined. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset.

#### (f) Sensitivity of the Proportionate Share of the Net Pension (Asset) Liability to the Discount Rate Assumption

The following presents School District's proportionate share of the net pension (asset) liability calculated using the discount rate of 6.95 percent, as well as what the School District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.95 percent) or 1-percentage-point higher (7.95 percent) than the current rate:

		1%	(	Current	1%
	]	Decrease	As	ssumption	Increase
		(5.95%)		(6.95%)	(7.95%)
Proportionate share of					
the net pension liability (asset)	\$	10,605,946	\$	696,362	\$ (7,638,027)

#### (g) Pension Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued TRS financial report.

For the Year Ended June 30, 2024

#### (h) Payables to the Pension Plan

The School District has recorded an amount due to TRS in amount of \$1,109,275 (excluding employees' share) in the General Fund at June 30, 2024. This amount represents contribution for the 2023-2024 fiscal year that will be made in 2024-2025 and has been accrued as an expenditure in the current year.

#### 12. OTHER POSTEMPLOYMENT BENEFITS

#### (a) Plan Descriptions

The School District provides medical, dental, and life insurance to retirees and their covered dependents. The School District pays a portion of the cost for eligible retirees, covered spouses, and dependents. Currently, there are approximately 453 current and former employees participating in the School District's Other Postemployment Benefits (OPEB) plan. The benefits provided to employees upon retirement are based upon provisions in various contracts that the District has in place with different classifications of employees. All active employees who retire or are disabled directly from the School District and meet eligibility criteria can participate.

The Plan does not issue a stand-alone publicly available report since there are no assets legally segregated for the sole purpose of paying benefits under the Plan.

#### (b) Benefits Provided

The benefits provided to active employees at retirement and eligibility requirements are summarized below:

	Description of			
Employee Group	Benefits	Contributions	Required Service	Required Age
Superintendent	Mecial, Medicare Part B, Dental, Vision	Individual- 5% Family- 18% Surviving Spouse- 50%	None	55
All Active Employees hired prior to 3/1/2010	Mecial, Medicare Part B, Dental, Vision	Individual- 50% Family- 65% Surviving Spouse- 50%	None	55
All Active Employees hired prior on or after 3/1/2010	Mecial, Medicare Part B, Dental, Vision	Individual- 50% Family- 65% Surviving Spouse- 50%	8 years	55
Current Retirees	Mecial, Medicare Part B, Dental	Individual- 50% Family- 65% Surviving Spouse- 50%		

#### (c) Employees Covered by Benefit Terms

	Total
Inactive plan members or beneficiaries currently receiving benefits	223
Active plan members	230
Total	453

For the Year Ended June 30, 2024

#### (d) Total OPEB Liability

The District's total OPEB liability of \$61,328,125 was measured as of June 30, 2024 and was determined by an actuarial valuation as of July 1, 2022.

#### (e) Changes in the Net OPEB Liability

Changes in the District's total OPEB liability were as follows:

	T	Total OPEB	
		Liability	
Balances, June 30, 2023	\$	60,837,855	
Changes recognized for the year:			
Service cost		2,643,169	
Interest		2,287,302	
Effect of assumption changes or inputs		(2,795,063)	
Benefit payments		(1,645,138)	
Net changes	-	490,270	
Balances, June 30, 2024	\$	61,328,125	

#### (f) Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.93 percent) or 1 percentage point higher (4.93 percent) than the current discount rate:

		1%		Current		1%	
	Decrease		Assumption			Increase	
	0	2.93% 3.93		3.93%		4.93%	
Total OPEB liability as of June 30, 2024	\$	72,197,936	\$	61,328,125	\$	52,662,980	

#### (g) Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rate:

	1%		Current		1%		
		Decrease		Assumption		Increase	
Total OPEB liability as of June 30, 2024	\$	50,759,989	\$	61,328,125	\$	75,142,547	

Sensitivity analysis for healthcare cost inflation (trend) rate is illustrated as of end of year.

For the Year Ended June 30, 2024

#### (h) OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2024, the District recognized OPEB expense of \$1,833,445. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows		Deferred Inflows	
	of Resources		of Resources	
Differences between expected and actual experience	\$	6,404	\$	2,801,494
Changes of assumptions		8,332,540	-	10,057,861
Total	\$	8,338,944	\$	12,859,355

Contributions subsequent to the measurement date will be recognized in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	 Amount
2025	\$ (1,339,953)
2026	(1,389,145)
2027	(1,881,894)
2028	(218,185)
2029	437,062
Thereafter	(128,296)

#### (i) Actuarial Methods and Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2022, with a June 30, 2024 measurement date. The following actuarial assumptions applied to all periods in the measurement, unless otherwise specified:

Valuation Date	July 1, 2022
Measurement Date	June 30, 2024
Reporting Date	June 30, 2024
Actuarial Cost Method	Entry Age Normal - Level Percent of Salary
Inflation rate	2.40%
Discount Rate	3.93%
Mortality	PubT-2010 Headcount-Weighted Mortality Table
	for Teaching Positions and PubG-2010 Headcount-
	Weighted Mortality Table for Non-Teaching
	positions, both generationally projected using the
	MP-2021 Ultimate Scale, with employee rates before
	commencement and healthy annuitant rates after
	benefit commencement. This assumption includes
	a margin for future improvements in longevity.

The discount rate changed from 3.65% to 3.93%, which is a prescribed discount rate under GASB 75, and is based on the Bond Buyer General Obligation 20-Bond Municipal Index.

For the Year Ended June 30, 2024

#### 13. FUND BALANCE

(a) The following is the disaggregation of the fund balance that is reported in summary on the governmental fund's Balance Sheet:

For the Year Ended June 30, 2024

#### 14. CONTINGENCIES

#### Risk Financing and Related Insurance

#### (a) General Information

The Holland Patent Central School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; errors and omissions, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

#### (b) Potential Grantor Liability

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal and State governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the School District expects such amounts, if any, to be immaterial.

The School District is involved in lawsuits arising from the normal conduct of its affairs. Some of these lawsuits seek damages which may be in excess of the District's insurance coverage. However, it is not possible to determine the District's potential exposure, if any, at this time.

#### (c) Potential Tax Certiorari Liability

Several tax certiorari actions are pending against the District for reductions in the assessment value of various properties. Management believes that the likelihood of a reduction is probable. The District plans on funding any settlements from the Tax Certiorari Reserve, and/or future appropriations.

#### 15. NET POSITION DEFICIT - DISTRICT WIDE

The District-wide net position had an unrestricted net position deficit at June 30, 2024 of \$60,767,147 and a total net position deficit of \$14,430,892. The deficit is primarily the result of GASB Statement 75, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, which requires the recognition of an unfunded liability of \$61,328,125 at June 30, 2024. Since New York State Laws provide no mechanism for funding the liability, the subsequent accruals are expected to increase the deficit in subsequent years.

#### 16. CAPITAL FUND DEFICIT

At June 30, 2024, the District reported a deficit fund balance of \$173,823 in the Capital Fund. The deficit will be eliminated in the future once permanent financing is obtained.

#### 17. TAX ABATEMENTS

The District is subject to tax abatements that are granted by the Oneida County Industrial Development Agency (OCIDA) and the Town of Trenton.

Article 18-A of the New York State Municipal Law, "New York Industrial Development Agency Act" was enacted to provide for the creation of Industrial Development Agencies (IDA's) to facilitate economic development in specific localities, and delineate their powers and status as public benefit corporation. The legislation established the power of New York IDA's, including the authority to grant tax abatements and enter into agreements to require payment in lieu of taxes. Each IDA must adopt and follow a tax exemption policy with input from the effected taxing jurisdictions, however once created the IDA can independently grant abatements in conformity with their policy.

The OCIDA and the Town enter into agreements to abate property tax for the purpose of increasing or retaining employment in the County. Property abatements may be partially offset by an agreement that requires payments in lieu of taxes. These agreements specify the annual amount to be remitted by the property owner and are allocated to the effected jurisdiction based on the proportion of taxes abated. The District has chosen to disclose information about its tax abatement by purpose.

Abatement agreements resulted in an approximate revenue impact to the District for the year ended June 30, 2024 as follows:

	<u>C</u>	ross Tax	Pay	ments in	Net l	Revenue
<u>Purpose</u>	<u> </u>	Mounts	Lieu	ofTaxes	Rec	duction
Economic Development and Job Creation	\$	79.208	\$	69,712	\$	9,496

#### Note to Required Supplementary Information:

The School District administration prepares a proposed budget for approval by the Board of Education for the General Fund, the only fund with a legally adopted budget.

The budget is adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year.

<sup>\* 10</sup> years of historical information will not be available upon implementation. An additional year of historical information will be added each year subsequent to the year of implementation until 10 years of historical data is available.

#### Notes to Required Supplementary Information:

The District does not currently maintain assets in an OPEB trust.

#### Actuarial Assumptions

The actuarial methods and assumptions used to calculate the total OPEB liability are described in Note 12 to the financial statements.

#### Changes to Assumptions

The discount rate changed from 3.65% to 3.93%, which is a prescribed discount rate under GASB 75, and is based on the Bond Buyer General Obligation 20-Bond Municipal Index.

Salary increases incluing inflation was 2.40% for both 2023 and 2024.

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Board of Education Holland Patent Central School District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Holland Patent Central School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Holland Patent Central School District's basic financial statements, and have issued our report thereon dated October 9, 2024.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Holland Patent Central School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Holland Patent Central School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Holland Patent Central School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the school district's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Holland Patent Central School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the school district's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the school district's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Rome, New York

200 E. Garden St., P.O.Box 4300, Rome, N.Y. 13442-4300 315-336-9220 Fax: 315-336-0836

## Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

Board of Education Holland Patent Central School District, New York

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited Holland Patent Central School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Holland Patent Central School District's major federal programs for the year ended June 30, 2024. Holland Patent Central School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Holland Patent Central School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Holland Patent Central School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Holland Patent Central School District's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Holland Patent Central School District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Holland Patent Central School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Holland Patent Central School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit
  procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Holland Patent
  Central School District's compliance with the compliance requirements referred to above and performing such other
  procedures as we considered necessary in the circumstances.
- Obtain an understanding of Holland Patent Central School District's internal control over compliance relevant to the audit in
  order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over
  compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness
  of Holland Patent Central School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit

#### Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### HOLLAND PATENT CENTRAL SCHOOL DISTRICT NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the Year Ended June 30, 2024

#### 1. SIGNIFICANT ACCOUNTING POLICIES

#### **Organization**

The accompanying Schedule of Expenditures of Federal Awards represents all Federal awards administered by the Holland Patent Central School District. The School District's organization is defined in Note 1 to the School District's basic financial statements.

#### Basis of Accounting

The expenditures in the accompanying schedule are presented on an accrual basis of accounting. The information in this schedule is presented in accordance with the of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements

#### Cluster Programs

The following programs are identified by "OMB Compliance Supplement" to be part of a cluster of programs:

#### U.S. Department of Education

Special Education Cluster

ALN 84.027 Special Education - Grants to States (IDEA, Part B)
ALN 84.173 Special Education - Preschool Grants (IDEA Preschool)

#### U.S. Department of Agriculture

Child Nutrition Cluster

ALN 10.553 National School Breakfast Program
ALN 10.555 National School Lunch Program
ALN 10.555 Non-cash Assistance (Food Distribution)

#### **Indirect Cost Rate**

The School District has not elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

#### Food Donation

Nonmonetary assistance is reported in the schedule at fair market value of the food commodities received. At June 30, 2024, the School District has food commodities in inventory of \$9,219.

## HOLLAND PATENT CENTRAL SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS - FEDERAL COMPLIANCE REQUIREMENTS For the Year Ended June 30, 2024

#### Summary of Auditor's Results

(d)(1)(i)	Type of Financial Statement Opinion	Unmodified
(d)(1)(ii)	Were there any material control weakness conditions reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any other significant deficiencies reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	No
(d)(1)(iv)	Were there any material internal control weakness conditions reported for major Federal programs?	No
(d)(1)(iv)	Were there any other significant deficiencies reported for major Federal programs?	No
