

Summer 2025 Dual Enrollment Courses

Newport-Mesa
Unified School District

ORANGE
COAST
COLLEGE

- Earn BOTH high school and college credit.
- All courses are FREE & all necessary supplies and technology will be provided.
- Courses are only open to rising 9-12th grade NMUSD students.
- All courses will be held on OCC's campus.

Immersive Video Game Development 1 (FILM A223)

6/23-7/30, M & W, 9am-4pm

An introduction to Video Game Design and Development as it applies to Immersive Media Technologies, such as Virtual and Augmented Reality (VR/AR), as well as traditional computer games and animated films. Students will learn basic 3D modeling and Game Engine techniques using very powerful design software which is widely used by professionals in the industry.

Lunch break from 12-1pm.

College Credit: 3 units, CSU transferable; High School Credit: 5 credits, elective

Architecture: Introduction to Design Fabrication (ARCH A170)

6/24-7/31, T & Th, 9-11am

This is an introduction to computer-assisted design fabrication, including simple operations and shop safety. Students will have the opportunity to use laser cutters, CNC routers, robotics, a 3-D printer, etc.

College Credit: 1 unit, CSU transferable; High School Credit: 5 credits, elective
