Message from the School Improvement Council:

Our staff and students are "On the Prowl for Success" at Harold C. Johnson Elementary School! Our primary goal at HCJ is to prepare our students for college and career readiness by providing rigorous, meaningful academic experiences. We strive to instill in all of our students the joy of learning so that they become creative, critical thinkers. Our School Improvement Council was proud to receive the Dick and Tunky Riley Award for SIC Excellence in 2024. This year, we continued our work and focused on informing the community about the importance of school readiness skills. We hosted a school readiness night and created a kindergarten readiness video series. We are very thankful for our community partners, as well as the support of our students' families. We hope that this report provides information about the opportunities afforded to our students; as well as highlights the successes we have enjoyed this year! Let's celebrate our accomplishments and continue to work together so that our students continue "On the Prowl for Success!"
