

A Scout is Trustworthy, Loyal, Helpful, Friendly, Courteous, Kind, Obedient, Cheerful, Thrifty, Brave, Clean & Reverent.

The mission of Scouting America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

Through Scouting, young men and women follow a journey of adventure, courage, and leadership. The programs of Scouting are built upon a foundation of learning, doing your best, and helping others. Activities completed in the advancement program teach responsibility, leadership, job skills, compassion, empathy, and problem solving. These values and skills help them become successful adults, with the confidence to be leaders in their communities and beyond! **You can e-mail Jason Splinter at Jason.Splinter@Scouting.org with any questions.**

CUB SCOUTS

AGES 5-10

A program designed for boys, girls, and their families with fun, challenging activities that promote education, character & physical development.
