

School Community Council Meeting

Tuesday, February 18, 2025 4:00-5:00 pm
Library

Members Present

Attending: Mason Anderson, Kaitlyn Call, Maggie Perez, Jill Larsen, Kaylene Murray, Trudy Wilson, and Kathy Christiansen

Welcome:

Review and Approval of November Minutes

- Minutes were reviewed, a motion to approve minutes was made, seconded, and all voted in favor.

Review Mid-Year Data

- Trudy (handouts were provided with this information)

School Land Trust - Reading:

- As a school, by the end of the 24-25 school year, we will have 70% of our students reaching typical or above typical growth (pathways 3-5) on the Acadience Reading assessment from the beginning of year to the end of year assessment.
 - (This goal measures the individual growth of students. They can be below benchmark but still show average or above average growth based on their pathway "trajectory.")
- Mid-Year Progress
 - At mid-year, 69.9% of our students are on Typical + Pathways of Progress.
- Budgets

TSSA - Math:

- **Goal #1:** As a school, by the middle of the 2024-2025 school year, the median progress towards typical growth will be 50% (or higher) at the MOY iReady Diagnostic Assessment.
- **Goal #2:** Birch Creek Elementary will work to meet our students' behavioral/emotional needs by extending our half-time counselor position to full-time.

- **Goal #3:** We will provide additional support at a determined high-needs grade level as a school. We were allocated 25.5 FTEs (full-time educators) for the 2023-2024 school year. Funds will support the other half of a teacher's salary, allowing us 26 FTEs.
- **Goal #4:** As an Elementary Principal team, we will offer Professional Development to all teachers regarding effective PLCs.
 - Mid-Year Progress
 - We have met this goal because 56% of our students are progressing toward Annual Typical Growth.
 - Budgets
- All of the above goals have been met. Everyone is working very hard to accomplish this!

Begin Planning 2025-2026 Trustlands:

- Discussed setting a goal of 72-73% for Pathways growth based on the Acadience Reading tests. Our current goal is 70% and we have met that goal this year. Trudy will discuss options with the staff at a faculty meeting on Feb. 21st.

Other:

- Discussed some options for after-school pick-up traffic problems.
- Discussed funding changes possible for next year, based on state funding and Title One reapplication.
- Discussed Literacy Night and rotation schedules.

A motion was made to adjourn the meeting, seconded, and the committee was excused.

Next meeting: March 25, 2025
