Project: Campus Stage Curtain Replacement w/Flame Retardant Curtains

Project Description: Campuses to receive replacement of stage curtains:

- Bethke Elementary (CBE)
- Bryant Elementary (BES)
- Campbell Elementary (ACE)
- Davidson Elementary (KDE)
- Exley Elementary (JEE)
- Griffin Elementary (MGE)
- Holland Elementary (BHE)
- Jenks Elementary (MJE)
- Shafer Elementary (FPSE)
- Stanley Elementary (SSE)
- Wilson Elementary (TWE)
- Wolfe Elementary (WE)
- Wolman Elementary (RWJE)
- Seven Lakes Junior High (SLJH)
- Stockdick Junior High (SJH)
- Tays Junior High (TJH)
- West Memorial Junior High (WMJH)
- Wood Creek Junior High (WCJH)
- Cinco Ranch High (CRHS)
- Katy High School (KHS)
- Miller Career & Technology Center (MCTC)
- Paetow High school (PHS)
- Seven Lakes High School (SLHS)
- Taylor High School (THS)
- Tompkins High School (OTHS)

Background & Justification: The stage curtains are no longer in compliance with life safety code for fire resistance of the fabric materials. Curtains that are Coated Flame Retardant (CFR) are on a 10-year life cycle replacement. CFR curtains reaching the end of their life cycle will be replaced with Inherently Flame Retardant (IFR) curtains that never have to be replaced for fire resistance and meet the updated code. The district will replace the balance of curtains to be compliant by 2026-2027.
