

ESL Program

The English as a Second Language Department seeks to provide educational opportunities specific to the needs of English Learners such that students may succeed academically in the following content areas: Social & Instructional, Language, Math, Science, and Social Studies, while meeting Title III & OCR compliance measures.

Central High School has over 100 students who are currently enrolled or have been enrolled in the ESL program at some time during their education. These students come from more than 15 countries and speak more than 15 native languages.

Central takes pride in serving our English Language Learners. Our ESL teachers work directly with traditional teachers to ensure that students are getting an equitable education. Our ESL teachers also attend some traditional classes with our English Language Learners to help modify assignments, re-teach and model lessons, and assist students with individual needs.
