Science and Social Studies- Mrs. Totty

This is week 2 (out of 4) of social studies for Quarter 1. This week we will read about the first Native American people who lived on the land that is now Tennessee.

Our 6 vocabulary terms this week are: Cherokee Nation, Chickasaws, Creek Indians, Shawnee, Tana-tsee and Yuchis

Homework on Monday evening-write the vocab definitions in the spiral social studies notebook. This is **due Tuesday at the beginning of class**. If not in the notebook 5 points will be deducted. If homework is not completed by Tuesday, then 10 points will be deducted for each day it is late.

We will have a quiz on Friday- it will cover the vocabulary words and their definitions.

*Students can make flash cards for each of the definitions, it will count for 5 bonus points on the test/quiz. There must be a separate card for each vocab word. Flash cards are to be brought on the day of the test or quiz. (*this is an **optional** opportunity for extra credit!)

Flash cards can be made every week that we have vocabulary terms, whether it is a science or social studies week. 😊

Want a fun way to study for the Vocab Quiz? Play my Blooket! Students can access Blooket using any computer following these steps:

1. Log into CLEVER
2. Find C. Magbee's Page
3. Find VOCAB BLOCKET
4. Name should be initials and number in any combination. EXAMPLE: CB29 or 29CB

If I see that you have played and scored 85% or higher, I can give you 2 extra points on the quiz!

Math Reminders/Procedures:

-Please review multiplication facts. We will take timed tests just like in 4th grade. 5-10 minutes nightly reviewing facts as well as factors vs. multiples would benefit all students. Fractions and base ten are the foundation for ALL math.

-Study Guides count as homework. They are expected to be completed and may not be turned in late. If your child is absent, it is due the next day. In the event there are 1-2 items that your child has a question about, encourage your student to attempt the problems and please note that we review the study guide in class on the day it is due. I also offer time from 8:15-8:30 daily for questions on HW. There should be no more than 2-3 problems not completed upon turning in the assignment to receive the credit.

-Please remind students to arrive at class on time with all necessary materials. Ask your student what may need to be replenished- dry erase markers, pencils (no mechanical pencils), cap erasers etc. **A conduct mark will be issued to students without supplies.**

This week:

Topic 2

Lesson 6: Using models to add and subtract decimals

Lesson 7: Strategies to add and subtract decimals
