

# CHIMPANZEES

## SHARING

Chimpanzees use tools. Four chimpanzees need to share three tools.

They have an anvil, a rock, and a stick. Help them decide who gets to use what and when!

**NOTE:** A chimpanzee cannot use a stick with any other tools at the same time.

**Chimpanzee A:** Needs the **rock** for **4 minutes**.

**Chimpanzee B:** Needs the **stick** for **3 minutes** and the **rock** for **7 minutes**.

**Chimpanzee C:** Needs both the **rock** and the **anvil** for **4 minutes at the same time**.

**Chimpanzee D:** Needs the **stick** for **8 minutes** and the **anvil** for **6 minutes**.
