

# FLOATING BOAT

Make a juice box boat!

## MATERIALS:

EMPTY JUICE BOX  
PAINT  
PAINTBRUSH  
ELECTRICAL TAPE  
WOODEN SKEWER  
RULER  
SCISSORS  
PAPER  
HOT GLUE GUN

- 1** Paint the empty juice box. Let it dry. Add a second coat if necessary.
- 2** Cover the straw hole with tape. Decorate the juice box with tape.
- 3** Cut the skewer to 9 inches (22.8 cm) long.
- 4** Cut a triangle out of paper for the sail. Make it 5 1/2 inches by 3 inches (14 cm by 7.6 cm). Tape the sail to the skewer.
- 5** Push the skewer through the front side of the juice box. Use the hot glue to hold the skewer in place.
