Snowden School

Social Justice and Inclusion Club

Our mission is to create a safe place for all students as we seek to understand and champion issues of social justice in the LGBTQ+ and BIPOC communities. In this effort, we will partner with community organizations including Facing History and Ourselves. We are a social organization open to all students to discuss issues pertinent to their lives. We are students who share a vision of social equality. We will seek opportunities to participate in events in our surrounding community that promote tolerance and acceptance.

Meetings Every Wednesday

After School until 4:00 pm, Rm. 318

Kick-off Celebration August 17
