Re: Distribution of Meals for Student Groups

Dear Parent and/or Guardians,

The USDA has approved all students to receive free meals until December 31, 2020. This would entitle all students to eat breakfast and lunch free of charge in all three ACS Buildings. Students in school attendance will receive their meals for the day according to building restrictions. Any student not in attendance can pick up their meals for that day at the Akron High School Flowerpot Entrance from the hours of 11:30am-1:30pm, Monday-Friday. No bus service will be provided due to the inclusion of all students in the District.

If you need further assistance or information, please call or email:

Any parent of a student that is not approved for free or reduced meals and plans to pick up meals can fill out the form found on the [ACS Food Service website](#). Please have forms submitted the Thursday prior to the week of service. We look forward to feeding your children and having a productive school year.

Sincerely,

Barbara Goodman
